Volition And Personality:

Volition and Personality Julius Kuhl, Jürgen Beckmann, 1994 This is an impressive book which presents a profoundly new approach to analyzing human behavior The fundamental concept is to focus on how people link motivation with action and why they do or do not stick with their original intentions The fascinating studies reported here attempt to separate people into two groups 1 State oriented individuals who focus under stress on past present or future states rather than on options available for action versus 2 Action oriented individuals who focus under stress on action alternatives This book will be of great interest to both behavioral and cognitive psychologists psychophysicologists and specialists in sport as well as aviation psychology *Why People Do the Things They Do* Nicola Baumann, Miguel Kazén, Markus Quirin, Sander L.
