Torts A Contemporary Approach 2d Interactive Casebook Series:

Torts Meredith J. Duncan, Ronald Turner, 2010 This casebook is a user friendly text organized to facilitate the study of tort law in the first year of law school The text begins with an overview of the subject being sure to point out distinctions between tort law and other types of law It then covers intentional torts negligence actions and strict liability The book includes classic cases as well as cases that are modern interesting and relevant to today s students Sections from the Second and Third Restatement of Torts are interspersed throughout The text is rich in the competing policy issues that drive and shape current tort law The book also contains many problems and hypotheticals As part of the Interactive Casebook Series the text is available to students in both a hardbound and an electronic format The electronic version is full of hot links that will take students wanting more to items of interest **TORTS MEREDITH J.. TURNER DUNCAN (RONALD. BAHADUR, RORY D.), 2024** [□□□□□□□□](#), 1970 [The Modern Law of Torts \(Paperback\)](#) Douglas Donoho, 2020 This is the 2025 paperback printing of the casebook published in 2020 To see the hardcover version please click [here](#) Unlike many textbooks The Modern Law of Tortstakes a very different approach to the role of cases Each chapter starts with and includes throughout significant narrative explanations laced with illustrations and guidance rather than simply relying on a set of edited cases Learning goals and outcomes are expressed for each chapter followed by a clear pattern of assignments and problems that track those goals Cases almost all of which are recent are included as illustrations of application to expose dilemmas or problematic aspects of the doctrine and as the means for problem solving Students are expected to use the cases to problem solve not simply read them to learn the rules The book also takes a more practice orientated approach than most presenting frequent practical information and periodic practice oriented exercises A wealth of problems and formative assessment tools both simple and complex appear throughout each chapter Finally the book is designed around the idea that effective learning especially in law school involves a progression Developing higher level thinking skills while simultaneously learning and understanding an intricate web of substantive rules is best accomplished by starting with what is basic and clear before progressing to the more complex and nuanced **Torts** ALEX B.
