

'We ought to get to  
understand the value  
of intelligent work,  
the work of men's  
hands guided by  
their brains, and to  
take that, though  
it be rough, rather  
than the unintelligent  
work of machines'

*That Option No Longer Exists* John Medhurst, 2014-08-29 It is time to look afresh at the 1970s It was not a grey decade of decline defeat and power blackouts Bursting with cultural experimentation sexual liberation and industrial militancy the 1970s saw the ruling elites of Britain challenged at every level most especially by a Labour left led by Tony Benn which aimed to effect a fundamental and irreversible shift in the balance of wealth and power in favour of working people That Option No Longer Exists reveals a hidden history how Benn and the left tried to reform British industry to introduce democracy in the workplace and overturn the power of Finance and how Whitehall the security services and the City fought back paving the way for Thatcher to re-establish the rule of money and the markets Britain almost took a different path in 1974 76 to that of massive wealth inequality the dominance of the City and the slow death of the welfare state This is the story of a struggle within government almost forgotten and of a tragic turning point in British history

Useful Work Versus Useless Toil William Morris, 1891 **Bank Job** Hilary Powell, Daniel Edelstyn, 2020-09-17 These art avengers took on toxic debt culture and won The Guardian They want to blow up the whole financial system The New York Times Art hacks life when two filmmakers launch a project to cancel more than 1m of high interest debt from their local community Bank Job is a white knuckle ride into the dark heart of our financial system in which filmmaker and artist duo

Hilary Powell and Dan Edelstyn risk their sanity to buy up and abolish debt by printing their own money in a disused bank in Walthamstow London Tired of struggling in an economic system that leaves creative people on the fringes the duo weave a different story both risky and empowering of self education and mutual action Behind the opaque language and defunct diagrams they find a system flawed by design but ripe for hacking This is the inspiring story of how they listen and act upon the widespread desire to change the system to meet the needs of many and not just the few And for those among us brave enough they show how we can do this too in our own communities one bank job at a time **Great Ideas Useful Work V Useless Toil** William Morris,2008-09-23 Visionary English Socialist and pioneer of the Arts and Crafts movement William Morris argued that all work should be a source of pride and satisfaction and that everyone should be entitled to beautiful surroundings no matter what their class Throughout history some books have changed the world They have transformed the way we see ourselves and each other They have inspired debate dissent war and revolution They have enlightened outraged provoked and comforted They have enriched lives and destroyed them Now Penguin brings you the works of the great thinkers pioneers radicals and visionaries whose ideas shook civilization and helped make us who we are **The Playful Entrepreneur** Mark Dodgson,David M.
