Using Time Not Doing Time Using Time Not Doing Time:

Doing Time on the Outside Donald Braman, 2007-08-06 A compelling account of the unintended social financial and personal consequences of incarceration on the families of prisoners **Doing Time** United States. Congress. House. Committee on Oversight and Government Reform. Subcommittee on Federal Workforce, Postal Service, and the District of Columbia, 2009 *Doing Time on the Outside* Madonna Rose Maidment, 2006-01-01 *Doing Time on the Outside* fills a gap in the research by focusing on the experiences of women on conditional release and attempting to understand how some criminalized women avoid going back into custody given the many challenges they face *Long-Term Imprisonment* Timothy J. Flanagan, 1995-04-06 With recent sentencing law changes at the state and national level the United States will continue to use long term confinement more than any other nation in the world In this authoritative yet accessible volume scholars correctional authorities researchers and prisoners examine the use of long term incarceration as a response to crime the effects of long term incarceration and the strategies used by long term inmates to adjust to confinement *Long Term Imprisonment* explores the prison experience of both male and female inmates and discusses the correctional management challenges posed by long term incarceration The core of this collection edited by Timothy Flanagan is a set of articles first published in *The Prison Journal* the official journal of the Pennsylvania Prison Society and the oldest journal in the field of corrections These articles are complemented with research reports on the effects of long term confinement a comprehensive analysis of long term inmates currently confined in American and Canadian prisons and essays written by long term prisoners If you are interested in the use and operation of prisons and in the impact of these institutions on the people confined within them this book is for you In addition to students studying imprisonment the book informs correctional administrators and policymakers about the nature of long term inmate population and the impact of long term imprisonment Timothy Flanagan began studying the effects of long term incarceration over two decades ago when he conducted one of the first major studies of prisoners serving long sentences Since then many changes have occurred in corrections and sentences practices that have greatly increased sentence lengths and the number of prisoners serving long sentences The collection of the essays contained in *Long Term Imprisonment* represents the most comprehensive up to date and definitive review of literature regarding the effects of long term incarceration on prisoners Flanagan provides readers with a variety of perspectives of long term imprisonment by including articles written by prison researchers corrections officials and long term prisoners This book is must reading for anyone interested in life in prisons and the unique world of the long term prisoner Kevin N Wright Binghamton University *Doing Time for Peace* Rosalie G. Riegle, 2013-01-07 In this compelling collection of oral histories more than seventy five peacemakers describe how they say no to war making in the strongest way possible by engaging in civil disobedience and paying the consequences in jail or prison These courageous resisters leave family and community and life on the outside in their efforts to direct U S policy away from its militarism Many are Catholic Workers devoting their lives

to the works of mercy instead of the works of war They are homemakers and carpenters and social workers and teachers who are often called faith based activists They speak from the left of the political perspective providing a counterpoint to the faith based activism of the fundamentalist Right In their own words the narrators describe their motivations and their preparations for acts of resistance the actions themselves and their trials and subsequent jail time We hear from those who do their time by caring for their families and managing communities while their partners are imprisoned Spouses and children talk frankly of the strains on family ties that a life of working for peace in the world can cause The voices range from a World War II conscientious objector to those protesting the recent war in Iraq The book includes sections on resister families the Berrigans and Jonah House the Plowshares Communities the Syracuse Peace Council and Catholic Worker houses and communities The introduction by Dan McKanan situates these activists in the long tradition of resistance to war and witness to peace

Augustine John M. Rist, 1994 This major work constitutes a significant attempt to provide a detailed and accurate account of the character and effects of Augustine's thought as a whole It describes the transformation of Greco Roman philosophy into the version that was to become the most influential in the history of Western thought Augustine weighed some of the major themes of classical philosophy and ancient culture against the truth he found in the Bible and Catholic tradition and reformulated these in Christian dress

DeRosia, 1998-12-09 Are advantaged offenders defenseless against the harshness of prison life Based upon a qualitative study of the prison adjustment of advantaged offenders those who prior to prison possessed college degrees and held high status occupations with commensurately high incomes this book challenges the special sensitivity hypothesis and concludes that these offenders adjust well to incarceration The author compared a group of advantaged offenders to a similar group of nonadvantaged offenders both drawn from New York State prisons and discovered that the advantaged offenders exhibited little if any engagement in institutional misconduct They also adopted effective coping strategies DeRosia presents a thematic analysis of in depth focused interviews with both subsamples as well as vignettes based upon those interviews Her findings reveal that advantaged offenders hold a perspective on doing time including prescriptions for avoiding trouble and make conscious efforts to avoid trouble by using time beneficially This study contains the most current statistics available on

corrections in the U S including its organization the overcrowding crisis and prisoner profiles The nature of life in prison and prior research on adjustment are also examined
