County Courthouse Book Elizabeth Petty Bentley,2009 The County Courthouse Book is a concise guide to county courthouses and courthouse records It is an important book because the genealogical researcher needs a reliable guide to American county courthouses the main repositories of county records To proceed in his investigations the researcher needs current addresses and phone numbers information about the coverage and availability of key courthouse records such as probate land naturalization and vital records and timely advice on the whole range of services available at the courthouse Where available he will also need listings of current websites and e mail addresses Publisher website *The American Bookseller* ,1887 res vera, res ficta: Fictionality in Ancient Epistolography Janja Soldo,Claire Rachel Jackson,2023-09-18 Letters are famously easy to recognise notoriously hard to define Both real and fictitious letters can look identical to the point that there are no formal criteria which can distinguish one from the other This has long been a point of anxiety in scholarship which has considered the value of an ancient letter to be determined by its authenticity necessitating a strict binary opposition of genuine as opposed to fake letters This volume challenges this dichotomy directly Rather than defining epistolary fiction as a literary genre in opposition to genuine letters or reducing it down to fixed rhetorical features it argues that fiction is an inherent and fluid property of letters which ancient writers recognised and exploited This volume contributes to wider scholarship on ancient fiction by demonstrating through the multiplicity of genres contexts and time periods discussed how complex and multifaceted ancient awareness of fictionality was As such this volume shows that letters are uniquely well placed to unsettle disciplinary boundaries of fact and fiction authentic and spurious and that this allows for a deeper understanding of how ancient writers conceptualised and manipulated the fictional potential of letters **North Carolina's Southern Coast and Wilmington** Linda Grattafiori,Gwynne Moore,Saule Gretchen,2004-07 The annually updated Insiders Guide to North Carolina s Southern Coast and Wilmington is this area s most complete source of travel and newcomer information **British Books** ,1908 Scientific American ,1884 *As Waters Gone By* Cynthia
