Books Promiscuously Read Heather Cass White, 2025-09-23 The critic and scholar Heather Cass White offers an exploration of the nature of reading Heather Cass White s *Books Promiscuously Read* is about the pleasures of reading and its power in shaping our internal lives It advocates for a life of constant disorderly time consuming reading and encourages readers to trust in the value of the exhilaration and fascination such reading entails Rather than arguing for the moral value of reading or the preeminence of literature as an aesthetic form *Books Promiscuously Read* illustrates the irreplaceable experience of the self that reading provides for those inclined to do it Through three sections *Play Transgression* and *Insight* which focus on three ways of thinking about reading *Books Promiscuously Read* moves among and considers many poems novels stories and works of nonfiction The prose is shot through with quotations reflecting the way readers think through the words of others *Books Promiscuously Read* is a tribute to the whole lives readers live in their books and aims to recommit people to those lives As

White writes What matters is staying attuned to an ordinary unflashy mutely persistent miracle that all the books to be read and all the selves to be because we have read them are still there still waiting still undiminished in their power It is an astonishing joy

The Changeling Joy Williams, 2018-04-10 With a new introduction by Karen Russell the 40th anniversary edition of *The Changeling* is a visionary fairy tale and a work of mythic genius by one of our best writers Forty years later *The Changeling* is no less haunting and no less visionary than the day it was published but it has only become clearer that Joy Williams is a virtuosic stylist and a singular thinker a genius in every sense of the word When we first meet Pearl young in years but advanced in her drinking she s on the lam sitting at a hotel bar in Florida throwing back gin and tonics with her infant son cradled in the crook of her arm But her escape is brief and the relief she feels at having fled her abusive husband and the Northeastern island his family calls home doesn t last for long Soon she s being shepherded back The island for Pearl is a place of madness and pain and her round the clock drinking spurs on the former even if it dulls the latter And through this lens Pearl s fragile consciousness readers encounter the horror and triumph of both childhood and motherhood in a new light With language that flits between exuberance and elegy the plainspoken and the poetic Joy Williams has blended as Rick Moody writes the arresting improbabilities of magic realism with the surrealism of the folkloric revival and with the modernist foreboding of *Under the Volcano* and created something entirely original and entirely consuming

newspapers largely in the United States and Great Britain For much of the nineteenth century tales were written for the press and the form s history is marked by engagement with popular fiction From the later nineteenth century the short story earned a reputation for its skillful use of plot design and character study distinct from the novel After the First World War it found outlets in high brow publications and single author collections as well as anthologies were regularly published Exploring the form s techniques and themes Andrew Kahn considers the continuity and variation in key structures and techniques such as the beginning the creation of voice the ironic turn or plot twist and how writers manage endings Throughout he draws on examples from an international and flourishing corpus of work with close analysis of classic and lesser known stories by American Canadian Irish Australian Russian and French masters such as James Baldwin Grace Paley Alice Munro Elizabeth Taylor William Trevor Helen Garner Chekhov and Guy de Maupassant Very Short Introductions Brilliant Sharp Inspiring ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **You're the Only One I Can Tell** Deborah Tannen,2017 A professor of linguistics at Georgetown University decodes the conversational styles of female friends and explains how language contributes to this unique cherished and crucial connection **Joyce without Borders** James Ramey,Norman Cheadle,2022-10-11 This book addresses James Joyce s borderlessness and the ways his work crosses or unsettles boundaries of all kinds The essays in this volume position borderlessness as a major key to understanding Joycean poesis opening new doors and new engagements with his work Contributors begin by exploring the circulation of Joyce s writing in Latin America via a transcontinental network of writers and translators including Jos Lezama Lima Jos Salas Subirat Leopoldo Marechal Edmundo Desno s Guillermo Cabrera Infante and Augusto Monterroso Essays then consider Joyce through the lens of the sciences presenting theoretical interventions on posthumanist parasitology in Ulysses on Giordano Bruno s coincidence of opposites in Finnegans Wake and on algorithmic agency in the Wake Cutting edge cognitive narratology is applied to the Penelope episode Next the volume features innovative essays on Joyce in relation to early animated film and comics engaging with animated film in the Circe episode Joyce s points of contact with George Herriman s cartoon strip Krazy Kat and structural affinities between open world gaming and Finnegans Wake The final essays focus on abiding human concerns offering new research on Joyce s creative use of spicy books a Lacanian consideration of The Dead alongside Katherine Mansfield s The Stranger and Haruki Murakami s Kino and a meditation on Joyce s uncertainties about the boundary between life and death For Joyce borders are problems but ones that provided precious fodder for his art And as this volume demonstrates they encourage brilliant reflections on his work from new scholars to leading luminaries in the field A volume in the Florida James Joyce Series edited by Sebastian D G Knowles **Reading the Seasons** Germaine Leece,Sonya Tsakalakis,2021-03-30 It s an old clich that

books transport you but as any avid reader will tell you there's far more to them than that. Alongside comfort and retreat, books offer insight into ourselves and others; they tell us how the world is, was, or might be. They are windows into other worlds whose meanings resonate through the ages. It's this multiplicity that is at the heart of bibliotherapy, the ancient practice of reading for therapeutic effect. *Reading the Seasons* charts the evolution of a friendship through candid letters between bibliotherapists Germaine Leece and Sonya Tsakalakis. Ignited by a shared love of reading and finding a book for every occasion, every emotion, both for themselves and for their clients, their conversations soon confront life's ups and downs. The authors they reach for range from Stephen King to Javier Marias, Helen Garner to Maggie O'Farrell, as they reflect upon loss, change, parenting, careers, simple pleasures, travel, successes, fears, and uncertainty. *Reading the Seasons* not only offers an entryway to new titles but affirms the power of books to console, heal, and hold us together as friends and as individuals.

The Sonoran Desert Eric Magrane, Christopher Cokinos, 2016-05-05. A land of austerity and bounty, the Sonoran Desert is a place that captures imaginations and hearts. It is a place where barbs snag, thorns prick, and claws scratch. A place where lizards scramble and pause, hawks hunt like wolves, and bobcats skulk in creosote. Both literary anthology and hands-on field guide, *The Sonoran Desert* is a groundbreaking book that melds art and science. It captures the stunning biodiversity of the world's most verdant desert through words and images. More than fifty poets and writers, including Christopher Cokinos, Alison Hawthorne Deming, Ken Lamberton, Eric Magrane, Jane Miller, Gary Paul Nabhan, Alberto R. Os, Ofelia Zepeda, and many others, have composed responses to key species of this striking desert. Each creative contribution is joined by an illustration by award-winning artist Paul Mirocha and scientific information about the creature or plant authored by the book's editors. From the saguaro to the mountain lion, from the black-tailed jackrabbit to the mesquite, the species represented here have evoked compelling and creative responses from each contributor. Just as writers such as Edward Abbey and Ellen Meloy have memorialized the desert, this collection is sure to become a new classic, offering up the next generation of voices of this special and beautiful place, the Sonoran Desert.

Experiencing American Houses Elizabeth Collins Cromley, 2023-09-29. A well-illustrated, holistic overview of how American domestic spaces have changed over four hundred years, *Experiencing American Houses* encourages readers to think creatively about houses in terms of their function as opposed to their appearance. This captivating volume helps the reader step into the lived experience of the evolving American house, understanding, for example, why a nineteenth-century dining room might include a bed or why the kitchen, as we know it, did not evolve until the turn of the twentieth century. By carrying her study from the colonial period to the present, Elizabeth Collins Cromley makes the domestic spaces of the past feel like vital precursors to today's experience. Beginning with cooking spaces, Cromley examines how multi-use areas consolidated into dedicated rooms for cooking, from fires on an earthen floor to sleek modern spaces with twenty-first-century appliances. Next, the author looks at ways social class, income, and local custom framed which kinds of spaces became suitable for socializing and entertaining and what they should be called, sitting

room drawing room hall living room family room or parlor Distinct from cooking spaces Cromley discusses eating spaces which morphed from multi use areas to separate dining rooms and back again The author covers spaces for sleeping health and privacy as well as circulation the ways that we move through a house analyzing the functions of such little studied features as hallways back doors and staircases Finally Cromley takes on the evolution of storage which began mainly because of the need to store and preserve food Clothing closets grew from oddly shaped afterthoughts to generous walk ins while increases in material wealth led to the need for storage outbuildings This accessible volume informed by up to date scholarship in vernacular architecture and disciplines far beyond it provides students and readers necessary context to understand the development of the historic and contemporary houses they encounter *Tin House Magazine: Faith: Vol. 17, No. 3 (Tin House Magazine)* Holly MacArthur, Rob Spillman, 2016-02-18 Tin House's Faith Issue brings you all the things you've come to expect from the acclaimed literary journal Packed with faithful fiction introspective essays and artful poetry this issue is perfect company for an afternoon in the shade Showcasing fiction poems essays and interviews dealing not only with religious faith but also faith in knowledge math science people animals places institutions food color anything that could possibly be a receptacle for one's faith questioned or unquestioned held or lost **The Structure of Complex Images** Robert B. Ray, 2020-05-09 After over a century of existence the cinema still has its mysteries Why for example is the job we call movie stardom unlike any other in the world How do films provide so much unconcealed information that we fail to notice What makes it hard to define what counts as acting How do movies like *Casablanca* and *Breathless* store the film and world histories of their generations How can we reconcile auteurism's celebration of the movie director's authority with the camera's automatism Why have the last four decades of film criticism so often neglected such questions After beginning with an overview of film studies this book proposes a shift from predictable theoretical approaches to models that acknowledge the perplexities and mysteries of the movies Deriving methods from cinephilia Wittgenstein Richard Rorty Stanley Cavell Eleanor Duckworth V F Perkins and James Naremore Robert B Ray offers close readings that call attention to what we have missed in such classic films as *La R g le du Jeu* *It Happened One Night* *It's a Wonderful Life* *Vertigo* *Holiday* *The Philadelphia Story* *Casablanca* *Breathless* and *Tickets* **Portrait of a Lady** Singh Khushwant, 2009 Spanning over half a century this volume contains all the short stories Khushwant Singh has ever written including the delightful tongue in cheek *The Maharani of Chootiapuram* written in 2008 Back cover
