SERGEANT LAMB'S AMERICA

*An Historical Novel of the
American War of Independence*

ROBERT GRAVES

INTRODUCTION BY MADISON SMARTT BELL

The War Of American Independence Paperback

Gordon S. Wood

The War Of American Independence Paperback:

Winning Independence John Ferling, 2021-05-11 Co Winner of the 2022 Harry M Ward Book Prize From celebrated historian John Ferling the underexplored history of the second half of the Revolutionary War when after years of fighting American independence often seemed beyond reach It was 1778 and the recent American victory at Saratoga had netted the U S a powerful ally in France Many including General George Washington presumed France s entrance into the war meant independence was just around the corner Meanwhile having lost an entire army at Saratoga Great Britain pivoted to a southern strategy The army would henceforth seek to regain its southern colonies Virginia North Carolina South Carolina and Georgia a highly profitable segment of its pre war American empire Deep into 1780 Britain s new approach seemed headed for success as the U S economy collapsed and morale on the home front waned By early 1781 Washington and others feared that France would drop out of the war if the Allies failed to score a decisive victory that year Sir Henry Clinton commander of Britain s army thought the rebellion is near its end Washington who had been so optimistic in 1778 despaired I have almost ceased to hope *Winning Independence* is the dramatic story of how and why Great Britain so close to regaining several southern colonies and rendering the postwar United States a fatally weak nation ultimately failed to win the war The book explores the choices and decisions made by Clinton and Washington and others that ultimately led the French and American allies to clinch the pivotal victory at Yorktown that at long last secured American independence *The War Before Independence* Derek W. Beck, 2017-05 *The War Before Independence* transports readers into the violent years of 1775 and 1776 with the infamous Battle of Bunker Hill a turning point in the Revolution and the snowy wind swept march to the frozen ground at the Battle of Quebec ending with the exciting conclusion of the Boston Campaign Meticulous research and new material drawn from letters diaries and investigative research throws open the doors not only to familiar figures and faces but also little known triumphs and tribulations of America s greatest military leaders including George Washington Book jacket **Whirlwind** John Ferling, 2015-05-05 Amid a great collection of scholarship and narrative history on the Revolutionary War and the American struggle for independence there is a gaping hole one that John Ferling s latest book *Whirlwind* will fill Books chronicling the Revolution have largely ranged from multivolume tomes that appeal to scholars and the most serious general readers to microhistories that necessarily gloss over swaths of Independence era history with only cursory treatment Written in Ferling s engaging and narrative driven style that made books like *Independence* and *The Ascent of George Washington* critical and commercial successes *Whirlwind* is a fast paced and scrupulously told one volume history of this epochal time Balancing social and political concerns of the period and perspectives of the average American revolutionary with a careful examination of the war itself Ferling has crafted the ideal book for armchair military history buffs a book about the causes of the American Revolution the war that won it and the meaning of the Revolution overall Combining careful scholarship arresting detail and illustrative storytelling *Whirlwind* is a unique and compelling addition to

any collection of books on the American Revolution **Independence Lost** Kathleen DuVal, 2016-04-12 A Pulitzer Prize winning historian offers a significant new global perspective on the Revolutionary War with the story of the conflict as seen through the eyes of the outsiders of colonial society Winner of the Journal of the American Revolution Book of the Year Award Winner of the Society of the Cincinnati in the State of New Jersey History Prize Finalist for the George Washington Book Prize Over the last decade award winning historian Kathleen DuVal has revitalized the study of early America's marginalized voices Now in *Independence Lost* she recounts an untold story as rich and significant as that of the Founding Fathers the history of the Revolutionary Era as experienced by slaves American Indians women and British loyalists living on Florida's Gulf Coast While citizens of the thirteen rebelling colonies came to blows with the British Empire over tariffs and parliamentary representation the situation on the rest of the continent was even more fraught In the Gulf of Mexico Spanish forces clashed with Britain's strained army to carve up the Gulf Coast as both sides competed for allegiances with the powerful Chickasaw Choctaw and Creek nations who inhabited the region Meanwhile African American slaves had little control over their own lives but some individuals found opportunities to expand their freedoms during the war *Independence Lost* reveals that individual motives counted as much as the ideals of liberty and freedom the Founders espoused *Independence* had a personal as well as national meaning and the choices made by people living outside the colonies were of critical importance to the war's outcome DuVal introduces us to the Mobile slave Petit Jean who organized militias to fight the British at sea the Chickasaw diplomat Payamataha who worked to keep his people out of war New Orleans merchant Oliver Pollock and his wife Margaret O'Brien Pollock who risked their own wealth to organize funds and garner Spanish support for the American Revolution the half Scottish Creek leader Alexander McGillivray who fought to protect indigenous interests from European imperial encroachment the Cajun refugee Amand Broussard who spent a lifetime in conflict with the British and Scottish loyalists James and Isabella Bruce whose work on behalf of the British Empire placed them in grave danger Their lives illuminate the fateful events that took place along the Gulf of Mexico and in the process changed the history of North America itself Adding new depth and moral complexity Kathleen DuVal reinvigorates the story of the American Revolution *Independence Lost* is a bold work that fully establishes the reputation of a historian who is already regarded as one of her generation's best Praise for *Independence Lost* An astonishing story *Independence Lost* will knock your socks off To read this book is to see that the task of recovering the entire American Revolution has barely begun The New York Times Book Review A richly documented and compelling account The Wall Street Journal A remarkable necessary and entirely new book about the American Revolution The Daily Beast A completely new take on the American Revolution rife with pathos double dealing and intrigue Elizabeth A Fenn Pulitzer Prize winning author of *Encounters at the Heart of the World* *The War for American Independence, 1775-1783* The War for American Independence, 1775-1783 JEREMY. BLACK, 2021-08-02 The bitter and often bloody fight which accompanied the emergence of the United States of America as

an independent force on the world stage has always been a subject of immense interest as well as of much debate and controversy By reference to a wide range of source material *The War for American Independence* conveys vividly the immediacy of events such as the battles of Bunker Hill and Saratoga and the sieges of Charleston and Yorktown as well as less famous incidents while also offering an original and thorough assessment of the campaign in its American colonial and European contexts Combining a chronological survey of the war with a thematic examination of the major issues and accompanied by over seventy illustrations and fifteen maps Jeremy Black brings together a comprehensive account of a remarkable campaign which also challenges many traditional assumptions

The War for American Independence Mark Edward Lender, 2016-08-22 An indispensable resource for investigating America's War for Independence this book provides a comprehensive yet concise narrative that combines the author's original perspectives with the latest scholarship on the subject Without the War for Independence and its successful outcome for the patriots the course of American development our institutions culture politics and economics would have run in radically different directions From any perspective the War for Independence was one of the seminal events of national history This book offers a clear easy to read and complete overview of the origins of the imperial crisis the course of the war and the ultimate success of the movement for independence It also emphasizes the human cost of the struggle the ferocity of the fighting that stemmed from the belief among participants on all sides that defeat was tantamount to cultural political and even physical extinction The narrative encompasses the author's original insights and takes advantage of the newest scholarship on the American Revolution The book includes primary documents and biographical sketches representative of the various participants in the revolutionary struggle for example private soldiers senior officers loyalists women blacks and Indians as well as famous speeches and important American and British official documents The edited documents offer readers a sense of the actual voices of the revolutionary struggle and a deeper understanding of how primary documents serve historians' narration and interpretation of long ago events The result is a new synthesis that brings a deeper understanding of America's defining struggle to an informed public readership as well as college and high school students

The War of Independence John Fiske, 1889

The American Revolution Colin Bonwick, 1991 This book traces the development of the United States from the 1760s to consolidation of the federal government during the 1790s Its prime focus is on those internal processes that gave the American republic its distinctive character though the Revolutionary War is also discussed The book opens with a description of colonial America and continues by examining the winning of independence It then discusses two interwoven central themes One is the establishment of republican governments and social developments within individual states The second is the growth of national union from before the war to implementation of the federal constitution

The War of American Independence Don Higginbotham, 1971 This book is an attempt to trace the military history of the American people during the era of the American Revolution 1763-1789 It is more an effort to examine military policy and attitudes toward war than it

is an exercise in battles and campaigns By enlarging upon the traditional dates of the War of Independence 1775 1783 I have sought additionally to examine the causes and the consequences of the Revolution as they relate to things military Preface

Scars of Independence Holger Hock,2017-05-09 A NEW YORK TIMES BOOK REVIEW EDITORS CHOICE A magisterial new work that rewrites the story of America s founding The American Revolution is often portrayed as an orderly restrained rebellion with brave patriots defending their noble ideals against an oppressive empire It s a stirring narrative and one the founders did their best to encourage after the war But as historian Holger Hock shows in this deeply researched and elegantly written account of America s founding the Revolution was not only a high minded battle over principles but also a profoundly violent civil war one that shaped the nation and the British Empire in ways we have only begun to understand In Scars of Independence Hock writes the violence back into the story of the Revolution American Patriots persecuted and tortured Loyalists British troops massacred enemy soldiers and raped colonial women Prisoners were starved on disease ridden ships and in subterranean cells African Americans fighting for or against independence suffered disproportionately and Washington s army waged a genocidal campaign against the Iroquois In vivid authoritative prose Hock s new reckoning also examines the moral dilemmas posed by this all pervasive violence as the British found themselves torn between unlimited war and restraint toward fellow subjects while the Patriots documented war crimes in an ingenious effort to unify the fledgling nation For two centuries we have whitewashed this history of the Revolution Scars of Independence forces a more honest appraisal revealing the inherent tensions between moral purpose and violent tendencies in America s past In so doing it offers a new origins story that is both relevant and necessary an important reminder that forging a nation is rarely bloodless The War of American Independence, 1775-1783 John Malcom Forbes Ludlow,1876 **War Of American**

Independence Don Higginbotham,1983-01-01 *War For America* Jeremy Black,2004-04-01 In this volume prof Jeremy Black draws upon a wide range of previously unpublished source material to vividly convey the immediacy of events in the American War of Independence such as the battles of Bunker Hill Saratoga the sieges of Charleston Yorktown as well as less famous incidents It also offers an original thorough assessment of the campaign in its American colonial European contexts Black combines a chronological survey of the war with a thematic examination of the major issues to provide a comprehensive account of a remarkable campaign which also challenges many traditional assumptions The book contains valuable detail a wealth of perceptive judgments on military decisions *Road to Independence* Dinobibi Publishing,2019-11-13 Explore the Captivating History of the American Revolution In an era where political discourse is becoming increasingly polarized it is worth reflecting on the circumstances of America s foundation When the British colonists in America got tired of Great Britain s rule they rebelled against it This difficult period was the American Revolution The colonists fought against their country of origin England and demanded their independence in the Revolutionary War Once these colonies gained freedom they came together to form the independent country of the United States Because of

these strong men and women the United States was formed as a democracy a place where people were able to believe whatever religion they chose and a place allowing for prosperity of all Founding Fathers and their brilliance created the United States and gave it the foundation it still sits on History shapes the present and young learners must know about these important periods that formed the land in which they freely live in today Let Dinobibi guide you through a discovery of this fascinating period of the road to independence documented through the American Revolution and the rise of the American Republic So if you want to learn more about the American Revolution scroll up and click the add to cart button

The American Revolution Gordon S. Wood, 2003-08-19 NEW YORK TIMES BESTSELLER An elegant synthesis done by the leading scholar in the field which nicely integrates the work on the American Revolution over the last three decades but never loses contact with the older classic questions that we have been arguing about for over two hundred years Joseph J Ellis author of *Founding Brothers* A magnificent account of the revolution in arms and consciousness that gave birth to the American republic When Abraham Lincoln sought to define the significance of the United States he naturally looked back to the American Revolution He knew that the Revolution not only had legally created the United States but also had produced all of the great hopes and values of the American people Our noblest ideals and aspirations our commitments to freedom constitutionalism the well being of ordinary people and equality came out of the Revolutionary era Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty The Revolution in short gave birth to whatever sense of nationhood and national purpose Americans have had No doubt the story is a dramatic one Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens But the history of the American Revolution like the history of the nation as a whole ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn It is a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned How did this great revolution come about What was its character What were its consequences These are the questions this short history seeks to answer That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood s mastery of his subject and of the historian s craft

The War of the American Revolution Frederick Wallace Pyne, 2013-09-01 Wars don t unfold event by event or even battle by battle They unfold day by day Activities are underway simultaneously across the theater of operations some significant and some minor but their sum shows how the war progresses Pyne s book *The War of the American Revolution Day by Day* portrays that reality for the American Revolutionary War progress in time as the participants would have experienced it Dave R Palmer Lieutenant General USA Ret author television presenter former superintendent of the United States Military Academy USMA *The War of the American Revolution Day by Day* compiled by Frederick W Pyne will make a substantial contribution to the literature on the War of Independence It will be of use to scholars but it should find an especially receptive audience among

general readers with an interest in the Revolutionary War Readers will have a veritable encyclopedia of the war in their hands They can consult this treasure trove of information to discover what occurred on any given day between the outbreak of the war at Lexington Concord in April 1775 and General Washington s retirement to Mount Vernon near the end of 1783 Readers will also be able to see the ebb and flow of the war As with no other book readers will be aware of just how long this war must have seemed to contemporaries Finally readers will grasp that this was an extremely difficult war and that victory was elusive until literally the last moment John Ferling professor author of *Almost a Miracle The American Victory in the War of Independence* Numerous illustrations maps a glossary a bibliography appendices and an index to full names places and subjects enhance this exceptional work **The War of Independence** John Fiske,2015-11-27 John Fiske was a 19th century American historian who wrote several acclaimed books about the Revolutionary War and the colonial era including this one

Brothers at Arms Larrie D. Ferreiro,2017-10-03 Pulitzer Prize Finalist in History Winner of the Journal of the American Revolution 2016 Book of the Year Award At the time the first shots were fired at Lexington and Concord the American colonists had little chance if any of militarily defeating the British The nascent American nation had no navy little in the way of artillery and a militia bereft even of gunpowder In his detailed accounts Larrie Ferreiro shows that without the extensive military and financial support of the French and Spanish the American cause would never have succeeded Ferreiro adds to the historical records the names of French and Spanish diplomats merchants soldiers and sailors whose contribution is at last given recognition Instead of viewing the American Revolution in isolation *Brothers at Arms* reveals the birth of the American nation as the centerpiece of an international coalition fighting against a common enemy *The War of American Independence, 1775-1783* Richard Middleton,2012 Wars rarely turn out as expected This book shows how Britain entered a conflict that it believed could not be lost The American Patriots were similarly optimistic about their martial prospects Although they eventually secured independence it was only with the assistance of France and indirectly Spain who diverted British resources from the conflict in America allowing France eventually to deliver a knockout blow at Yorktown This extensive yet accessible exploration into the War of American Independence provides a clear analysis of why this complex conflict occurred and why it ended as it did revealing the fragile nature of the American Patriot cause An essential guide for any history student including those specializing in war peace studies and the study of international relations as well the general reader with an interest in the study of war Beaumarchais and the War of American Independence Elizabeth Sarah Kite,1918

The War Of American Independence Paperback Introduction

In the digital age, access to information has become easier than ever before. The ability to download The War Of American Independence Paperback has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The War Of American Independence Paperback has opened up a world of possibilities. Downloading The War Of American Independence Paperback provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The War Of American Independence Paperback has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The War Of American Independence Paperback. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The War Of American Independence Paperback. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The War Of American Independence Paperback, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of

the websites they are downloading from. In conclusion, the ability to download The War Of American Independence Paperback has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The War Of American Independence Paperback Books

1. Where can I buy The War Of American Independence Paperback books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
