Frankl, 2020-08-08 Buku ini merupakan hasil dari serangkaian kuliah tamu yang saya berikan sepanjang musim panas di Sekolah Teologi Perkins Perkins School of Theology di Universitas Metodis Bagian Selatan Southern Methodist University di Dallas Texas Saya mendapatkan tugas khusus ini untuk menjelaskan logoterapi serta keseluruhan sistemnya Beberapa penulis menyebutkan bahwa logoterapi berbeda dengan pemikiran psikiatri eksistensial lainnya telah berhasil mengembangkan teknik psikoterapis yang layak Namun tak banyak dari para penulis tersebut yang menyadari bahwa logoterapi merupakan aliran psikoterapi terkini yang disusun dalam konseptualisasi yang sistematis PSYCOLOGI PEMBELAJARAN ILMU GENERAL NAOURA NOURA BOOK *The Doctor and the Soul* Dr. Viktor E Frankl, 2019-08-06 Newly reissued in trade paperback from the author of the bestselling *Man's Search for Meaning* the classic book in which he first laid out his revolutionary theory of logotherapy Dr Viktor E Frankl is celebrated as the founder of logotherapy a revolutionary mode of psychotherapy based on the essential human need to search for meaning in life Even while suffering the degradation and misery of Nazi concentration camps an experience he described in his bestselling memoir *Man's Search for Meaning* Frankl retained his belief that the most important freedom is the ability to determine one's spiritual well being After his liberation he published *The Doctor and the Soul* the first book in which he explained his method and his conviction that the fundamental human motivation is neither sex as in Freud nor the need to be appreciated by society as in Adler but the desire to live a purposeful life Frankl's work represented a major contribution to the field of psychotherapy and *The Doctor and the Soul* is essential to understanding it *The Will to meaning* Viktor E. Frankl, 1970 **Viktor Frankl's Contribution to Spirituality and Aging** Melvin A. Kimble, 2014-02-04 Use Frankl's insights and techniques to improve life for your aging clients or parishioners Viktor Frankl a holocaust survivor who experienced firsthand the horrors of Auschwitz saw man as a being who continuously decides what he is a being who equally harbors the potential to descend to the level of an animal or to ascend to the life of a saint Man is that being who after all invented the gas chambers but at the same time he is that being who entered into those same gas chambers with his head held high and with the Our Father or the Jewish prayer of the dying on his lips Dr Frankl's insights led him to found the therapeutic system of logotherapy which views man as a spiritual being rather than simply as a biological construct

Logotherapy has come to be called the Third Viennese School of Psychotherapy after Freud's psychoanalysis and Adler's individual psychology. He left a rich legacy of theory and insights especially relevant to the search for meaning in later life. The tenets of logotherapy provide many clues and approaches to what an ever increasing body of evidence suggests regarding the crisis of aging as a crisis of meaning. Frankl's insightful work increased man's understanding of the spiritual dimension of humanity and the dignity and worth of every person in the face of what he called the tragic triad of human existence: pain, guilt, and death. Viktor Frankl's *Contribution to Spirituality and Aging* presents an essential overview of logotherapy and explores the search for and the will to meaning in later life, the connection between logotherapy and pastoral counseling, bringing psychology and theology together to effectively counsel the aging, the role of logotherapy in the treatment of adult major depression, aspects of meaning and personhood in dementia, the search for meaning in long term care settings. Viktor Frankl's *Contribution to Spirituality and Aging* represents varying professional perspectives on the application of Frankl's logotherapy for ministry with older adults. The chapter authors represent diverse professional backgrounds in medicine, pastoral theology, the behavioral sciences, and pastoral ministry. They address issues such as death and dying, dementia and depression, and the spiritual meaning of aging, as well as Frankl's conception of the nature of humanity. Everyone interested in the connection between theology and psychology in the context of the aging will want to own this book.

Sartre and Psychoanalysis Betty Cannon, 1991 Betty Cannon is the first to explore the implications of Sartrean philosophy for the Freudian psychoanalytic tradition Drawing upon Sartre's work as well as her own experiences as a practicing therapist she shows that Sartre was a fellow traveler who appreciated Freud's psychoanalytic achievements but rebelled against the determinism of his metatheory The mind Sartre argued cannot be reduced to a collection of drives and structures nor is it enslaved to its past as Freud's work suggested Sartre advocated an existentialist psychoanalysis based on human freedom and the self's ability to reshape its own meaning and value Through the Sartrean approach Cannon offers a resolution to the crisis in psychoanalytic metatheory created by the current emphasis on relational needs By comparing Sartre with Freud and influential post Freudians like Melanie Klein Otto Kernber Margaret Mahler D W Winnicott Heinz Kohut Harry Stack Sullivan and Jacques Lacan she demonstrates why the Sartrean model transcends the limitations of traditional Freudian metatheory In the process she adds a new dimension to our understanding of Sartre and his place in twentieth century philosophy
