Time To Get Tough Making America 1 Again:

Time to Get Tough Donald J. Trump, 2011-12-06 A New York Times bestseller For the first time in his own words President elect Donald J Trump explains his plan to make America great again He wants to put America s interests first and that means doing what s right for our economy our national security and our public safety Throughout the 2016 campaign Trump conjured images of American strength and culture when small towns boomed with industry mom and pop shops bustled and people said Merry Christmas The media scoffed at Trump s vision and the people who supported him they were blinded by the Clinton machine But their eyes were opened after Trump won 62 million votes and the Oval Office Even Republican House Speaker Paul Ryan said Donald Trump heard a voice in this country that no one else heard As Trump says in *Time to Get Tough* I ve built businesses across the globe I ve dealt with foreign leaders I ve created tens of thousands of American jobs My whole life has been about executing deals and making real money massive money That s what I do for a living make big things happen Trump is about to make the biggest deals of his life and he s going to make them for America From reversing lax immigration policies to eliminating regulations that restrict small businesses Donald Trump understands that America doesn t need cowardice it needs courage President Elect Trump is about to Make America Great Again and *Time to Get Tough* is his blueprint *Summary: Time to Get Tough* BusinessNews Publishing, 2017-01-30 The must read summary of Donald J Trump s book *Time to Get Tough Make America Great Again* This complete summary of *Time to Get Tough* by Donald Trump notorious businessman and president elect reveals the business leader s plan to restore America to greatness According to him the Democrats have turned America into an unprecedented mess In his book Trump explains the action that needs to be taken to restore American prosperity including controversial and conservative policies on immigration and free trade Added value of this summary Save time Understand Trump s policies and political opinions heading into the 2016 election Expand your knowledge of American politics To learn more read *Time to Get Tough* and discover what America s next president believes we need to do to put America back on top [The Conservative Case for Trump](#) Phyllis Schlafly, Ed Martin, Brett M. Decker, 2016-09-06 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country [Dollarocracy](#) John Nichols, Robert W. McChesney, 2013-06-11 Fresh from the first 10 billion election campaign two award winning authors show how unbridled campaign spending defines our politics and failing a dramatic intervention signals the end of our democracy Blending vivid reporting from the 2012 campaign trail and deep perspective from decades covering American and international media and politics political journalist John Nichols and media critic Robert W McChesney explain how US elections are becoming controlled predictable enterprises that are managed by a new class of consultants who wield millions of dollars and define our politics as never before As the money gets bigger especially after the Citizens United ruling and journalism a core check and balance on the government declines American citizens are in danger of becoming less informed and more open to manipulation With groundbreaking behind the scenes

reporting and staggering new research on the money power Dollarocracy shows that this new power does not just endanger electoral politics it is a challenge to the DNA of American democracy itself Trump Unhinged Greg Sterlace,2017-11-13 I hardly used to care about politics What was it to me what those fat cats down in Washington were doing How did it affect my life Then along comes Trump the fattest cat of them all Suddenly I am a political junkie I care deeply about social issues I go from having no feelings about Hilary Clinton to being her biggest fan This book is a collection of what I ve read and who I ve become in the crazy days of Trump Beyond These Walls Tony Platt,2019-01-08 You should definitely read this book What really struck me in reading Beyond These Walls was that Tony Platt had very seriously and carefully considered the contributions of social movements feminist queer disability and labor Angela Davis Beyond These Walls is an ambitious and far ranging exploration that tracks the legacy of crime and imprisonment in the United States from the historical roots of the American criminal justice system to our modern state of over incarceration and offers a bold vision for a new future Author Tony Platt a recognized authority in the field of criminal justice challenges the way we think about how and why millions of people are tracked arrested incarcerated catalogued and regulated in the United States Beyond These Walls traces the disturbing history of punishment and social control revealing how the criminal justice system attempts to enforce and justify inequalities associated with class race gender and sexuality Prisons and police departments are central to this process but other institutions from immigration and welfare to educational and public health agencies are equally complicit Platt argues that international and national politics shape perceptions of danger and determine the policies of local criminal justice agencies while private policing and global corporations are deeply and undemocratically involved in the business of homeland security Finally Beyond These Walls demonstrates why efforts to reform criminal justice agencies have often expanded rather than contracted the net of social control Drawing upon a long tradition of popular resistance Platt concludes with a strategic vision of what it will take to achieve justice for all in this era of authoritarian disorder Medicare Meltdown Rosemary Gibson,Janardan Prasad Singh,2013-04-16 Medicare affects everyone If you are a boomer you are counting on Medicare to protect you from the cost of health care when you retire If you have turned 65 you already depend on Medicare If you are a Gen X or Gen Y you are contributing to Medicare from your paycheck Will Medicare continue to exist as we have known it Will it be there when you need it How much will it cost As the future of Medicare is debated in Washington Rosemary Gibson and Janardan Prasad Singh shine a light on a rarely seen side of this storied program the business of Medicare Medicare is known as an entitlement for the nation s seniors It is also the largest entitlement based program for any business sector in the US economy Its beneficiaries include hospitals doctors drug companies device manufacturers Wall Street investment banks private equity firms hedge funds and others that rely on the 600 billion that Medicare spends a year The ties that bind Wall Street and Washington in the healthcare industry are strong and they will play an outsized role in determining Medicare s future Gibson and Singh reveal how the industry s interests are often at odds

with those of seniors and boomers While some politicians point to the culture of dependence of the public on Medicare the authors suggest that policymakers turn their attention to the culture of dependence of the healthcare industry on Medicare which is the predominant force pushing the program toward a fiscal cliff The amount of waste in the Medicare program is equivalent to the entire economy of New Zealand For Medicare to be sustained this culture of dependence and the habits it breeds namely waste excessive pricing and overuse of unnecessary services should be the first priority for the chopping block By parings back the excess the authors argue Medicare can be sustained for future generations This is essential reading for anyone interested in how Medicare works how it could work better and where it will go if reforms are not made Devil's Bargain Joshua Green,2017-07-18 The instant 1 New York Times bestseller From the reporter who was there at the very beginning comes the revealing inside story of the partnership between Steve Bannon and Donald Trump the key to understanding the rise of the alt right the fall of Hillary Clinton and the hidden forces that drove the greatest upset in American political history Based on dozens of interviews conducted over six years Green spins the master narrative of the 2016 campaign from its origins in the far fringes of right wing politics and reality television to its culmination inside Trump s penthouse on election night The shocking elevation of Bannon to head Trump s flagging presidential campaign on August 17 2016 hit political Washington like a thunderclap and seemed to signal the meltdown of the Republican Party Bannon was a bomb throwing pugilist who d never run a campaign and was despised by Democrats and Republicans alike Yet Bannon s hard edged ethno nationalism and his elaborate years long plot to destroy Hillary Clinton paved the way for Trump s unlikely victory Trump became the avatar of a dark but powerful worldview that dominated the airwaves and spoke to voters whom others couldn t see Trump s campaign was the final phase of a populist insurgency that had been building up in America for years and Bannon its inscrutable mastermind believed it was the culmination of a hard right global uprising that would change the world Any study of Trump s rise to the presidency is unavoidably a study of Bannon Devil s Bargain is a tour de force telling of the remarkable confluence of circumstances that decided the election many of them orchestrated by Bannon and his allies who really did plot a vast right wing conspiracy to stop Clinton To understand Trump s extraordinary rise and Clinton s fall you have to weave Trump s story together with Bannon s or else it doesn t make sense *Trump Talk* George Beahm,2016-02-04 An unbiased collection of Trump s greatest quotes Brash outspoken and successful Donald Trump is an American phenomenon Always a controversial business leader he s now become a major political figure and he continues to make headlines around the globe Even if you don t follow politics it s hard to ignore his outrageous quotes and clips Trump Talk is the unofficial guide to the mind of Donald Trump featuring excerpts from speeches interviews and more Whether he s denouncing immigration policies giving advice on the art of the deal or insulting other public figures there s one thing you can t deny about Trump he speaks his mind and the results are fascinating *Economism* James Kwak,2018-03-20 Here is a bracing deconstruction of the framework for understanding the world that is learned as gospel in Economics 101 regardless

of its imaginary assumptions and misleading half truths Economism an ideology that distorts the valid principles and tools of introductory college economics propagated by self styled experts zealous lobbyists clueless politicians and ignorant pundits In order to illuminate the fallacies of economism James Kwak first offers a primer on supply and demand market equilibrium and social welfare the underpinnings of most popular economic arguments Then he provides a historical account of how economism became a prevalent mode of thought in the United States focusing on the people who packaged Econ 101 into sound bites that were then repeated until they took on the aura of truth He shows us how issues of moment in contemporary American society labor markets taxes finance health care and international trade among others are shaped by economism demonstrating in each case with clarity and lan how because of its failure to reflect the complexities of our world economism has had a deleterious influence on policies that affect hundreds of millions of Americans
