Transcendence Philosophy Literature And Theology Approach The Beyond:

Transcendence Regina Schwartz, 2007-11-13 First published in 2004 Routledge is an imprint of Taylor Francis an informa company Debating Otherness with Richard Kearney: Perspectives from South Africa Daniël P. Veldsman, Yolande Steenkamp, 2018-12-31 Richard Kearney is one of the leading global thinkers in both Continental philosophy and post metaphysical philosophy of religion as well as an esteemed Irish professor in philosophy currently teaching at Boston College Massachusetts USA Professor Kearney first visited South Africa in May as joint visiting academic of the Universities of Stellenbosch Pretoria and North West The visit prompted the publication of this scholarly collected work authored by South African and international scholars These specialists in philosophy and religious studies analysed Kearney's influential work and brought his scholarly perspectives into dialogue with other leading thinkers in the field both from Africa and abroad This publication will be the first collective attempt to engage his work from the perspective of the African continent This collected work contributes significantly in an interdisciplinary way to Ricoeurian studies The target audience of the book is peers and specialists in the field of Continental philosophy and philosophy of religion Czesław Miłosz's Faith in the Flesh Stanley Bill, 2021 A study of the writings of Polish laureate Czesław Miłosz's that focuses on the poet's attempts to recover perspectives on transcendence and religious belief in a secular age through creative engagement with sensual or material experience The Vanguard Messiah Sami Sjöberg, 2015-08-17 In recent years the role of religion in the avant garde has begun to attract scholarly interest The present volume focuses on the work of the Romanian Jewish poet and visual artist Isidore Isou 1925 2007 who founded the lettrist movement in the 1940s The Jewish tradition played a critical part in the Western avant garde as represented by lettrism The links between lettrism and Judaism are substantial yet they have been largely unexplored until now The study investigates the works of a movement that explicitly emphasises its vanguard position while relying on a medieval religious tradition as a source of radical textual techniques It accounts for lettrism's renunciation of mainstream traditions in favour of a subversive tradition in this case Jewish mysticism The religious inclination of lettrism also affects the notion of the avant garde The elements of the Jewish tradition in Isou's theories and artistic production evoke a broader framework where religion and experimental art supplement each other **Religion beyond its Private Role in Modern Society** Wim Hofstee, A. van der Kooij, 2013-09-12 The volume Religion beyond its Private Role in Modern Society aims at contributing to the debate on the distinction between public and private spheres with regard to the role of religion in modern societies This issue which is inherent to many conceptions regarding social order modernity freedom of conscience and the changing role and function of religion is discussed not only from a social scientific but also from a historical and philosophical point of view The articles dwell on several aspects of the role of religion in different societies in modern times and the overall theme is explored from the perspective of various religious traditions and groups both institutional and non institutional It turns out that the distinction made is difficult to maintain Contributors include Bart Labuschagne Linda

Woodhead Niek Brunsveld Dick Douwes Mohammed Ghaly Heleen Murre van den Berg David Novak Alexandros Sakellariou Matthew Tennant Bruno Verbeek Ernestine G E van der Wall William Arfman Stef Aupers Jeroen Boekhoven Meerten B ter Borg and Kees de Groot *Rhythm* Lexi Eikelboom, 2018-08-29 *Rhythm A Theological Category* argues that as a pervasive dimension of human existence with theological implications rhythm ought to be considered a category of theological significance Philosophers and theologians have drawn on the category of rhythm patterned movements of repetition and variation to describe reality however the ways in which rhythm is used and understood differ based on a variety of metaphysical commitments with varying theological implications Lexi Eikelboom brings those implications into the open through using resources from phenomenology prosody and the social sciences to analyse and evaluate uses of rhythm in metaphysical and theological accounts of reality The analysis relies on a distinction from prosody between a synchronic approach to rhythm which observes the whole at once and considers how various dimensions of a rhythm hold together harmoniously and a diachronic approach which focuses on the ways in which time unfolds as the subject experiences it Based on an engagement with the twentieth century Jesuit theologian Erich Przywara alongside thinkers as diverse as Augustine and the contemporary philosopher Giorgio Agamben Eikelboom proposes an approach to rhythm that serves the concerns of theological conversation It then demonstrates the difference that including rhythm in such theological conversation makes to how we think about questions such as what is creation and what is the nature of the God creature relationship from the perspective of rhythm As a theoretical category capable of expressing metaphysical commitments yet shaped by the cultural rhythms in which those expressing such commitments are embedded rhythm is particularly significant for theology as a phenomenon through which culture and embodied experience influence doctrine *The Aesthetics of the "beyond"* Jianguo Chen, 2009 This book is about an alternative mode of reading thinking and representing the intricacies of human experience in Chinese literature of the late twentieth century which the author calls the aesthetics of the beyond It investigates how contemporary Chinese writers by means of dynamic interface of literary practice and cultural philosophical considerations engage the reader in critical reflection on and aesthetic appreciation of the complexity of human conditions By studying the beyond in its various manifestations the semiotics of human embodiment the discourse of the phantasm the politics of nostalgia with regard to origin and center and the metaphysics of death in the writings of some major contemporary Chinese writers the book explores the ways in which the beyond is constructed as a new paradigm of critical thinking in literary aesthetic and philosophical terms in which its discursive strategies structural features and aesthetic possibilities are presented and in which varied literary tropes are used in an attempt to unravel human experience in all its aspects Jianguo Chen is a Professor of Chinese literature at the University of Delaware **Methods of Comparative Law** P. G. Monateri, 2012-01-01 Comprising an array of distinguished contributors this pioneering volume of original contributions explores theoretical and empirical issues in comparative law The innovative interpretive approach found here combines explorative scholarship and

research with thoughtful qualitative critiques of the field The book promotes a deeper appreciation of classical theories and offers new ways to re orient the study of legal transplants and transnational codes Methods of Comparative Law brings to bear new thinking on topics including the mutual relationship between space and law the plot that structures legal narratives identities and judicial interpretations a strategic approach to legal decision making and the inner potentialities of the comparative law and economics approach to the field Together the contributors reassess the scientific understanding of comparative methodologies in the field of law in order to provide both critical insights into the traditional literature and an original overview of the most recent and purposive trends A welcome addition to the lively field of comparative law Methods of Comparative Law will appeal to students and scholars of law comparative law and economics Judges and practitioners will also find much of interest here
