Transforming Church Bringing Out The Good To Get To Great:

Transforming Church Kevin Graham Ford, 2007 Using the story of five churches wrestling with change and searching for genuine growth in their ministry The Transforming Church identifies the five dysfunctions of an unhealthy church and the five characteristics of a growing healthy congregation Hopeful and encouraging in tone Kevin Ford will help churches identity and resolve common frustrations churches face and become a healthy church that is relevant and life giving to society Includes a free Transforming Church Snapshot assessment via Website a 40 value Foreword by Billy Graham Endorsements from Howard Hendricks Charles Colson and Tony Campolo **The Detour** Patricia McGregor, 2010-03 Recounts the author's five year missionary experience in Kenya Facing Decline, Finding Hope Jeffrey D. Jones, 2015-02-05 Church today isn't the same as it was fifty years ago or even ten years ago In spite of the powerful stories of turn around churches with skyrocketing memberships the difficult reality is that most congregations are getting smaller Jeffrey D Jones asks brave questions for congregations facing this reality what if membership growth isn't the primary goal for a church How can churches remain vital even with declining attendance Facing Decline Finding Hope is an essential resource to help congregations confront their shrinking size while looking towards the hopeful reality that God is calling them to greater faithfulness The book draws on biblical and theological resources as well as contemporary leadership studies to help leaders both clergy and laity set aside a survival mentality and ask new questions to shape ministry more attuned to today's world Facing Decline Finding Hope is a powerful book for leaders who want to honestly assess the size of their church and plan for faithful invigorating service regardless of whether membership numbers are up or down Biblical Pastors Were Not and Are Not Ceos. James D. Martin, 2020-06-02 The emergence of the pastor Chief Executive Officer CEO position in churches today has become widely acceptable in Mega and Meta churches Recent studies have not explored this issue David Fisher acknowledges that in the 21st century being a pastor presents major challenges because it leads to professional and personal identity crisis resulting from secular and ecclesial challenges Studies have supported the idea that there is the need for church leaders to adopt the secular models of leadership and several noted authors have shown that churches today have become like other organizations that have to market their products This is a problematic interpretation because leadership in modern churches has gone beyond the biblical and theological definitions of becoming shepherds of their flock and servants of God In the search for an effective pastoral leadership role this paper will explore the contemporary definition of pastoral leadership and compare it with what the scriptures say concerning the elders and servants of God assigned the duty of being shepherds of their flock *The Three Tasks of Leadership* Eric O. Jacobsen, 2009-02-05 This book unpacks business leader Max De Pree's famous definition of leadership originally given for the business world and applies it to the church Eighteen theologians and pastors here offer essays echoing that definition The Three Tasks of Leadership is refreshingly free of jargon full of practical and inspirational advice and perfect for both pastors in the field and pastors in formation Contributors David

Avoiding Pastoral Pitfalls James Osterhaus, 2021-01-01 James P Osterhaus offers pastors tangible and much needed advice to help them at work and in their personal lives advice that they do not often hear in seminary More and more men and women who minister find themselves depressed Their marriages are often in trouble Their families are negatively affected Often they have few if any close friends Over the years Osterhaus has coached and counseled hundreds of these ministers from various traditions on four continents As he sat with ministers who have been nearly crushed by the burdens of ministry he came to learn that the average training of ministers across the globe is woefully deficient in the very areas that allow ministers to avoid many of the pitfalls This guide is a result of those countless conversations *Avoiding Pastoral Pitfalls* is an attempt to fill some of the void left in the training of pastors It offers down to earth practical guidance in areas of ministry that are often neglected understanding yourself both strengths and weaknesses what effective leadership looks like the complicated organizational makeup of the church how to deal with conflict effectively how to make sense of your governing board and how to both enter a new ministry and leave a ministry effectively
