Translating Law Topics In Translation:

Translating Law Deborah Cao, 2007-04-12 The translation of law has played an integral part in the interaction among nations in history and is playing a greater role in our increasingly interconnected world today The book investigates legal translation in its many facets as an intellectual pursuit and a profession It examines legal translation from an interdisciplinary perspective covering theoretical and practical grounds and linguistic as well as legal issues It analyses legal translation competence and various types of legal texts including contracts statutes and multilateral legal instruments presents a comparative analysis of the Common Law and the Civil Law and examines the case law from Canada Hong Kong and the European Court of Justice It attempts to demonstrate that translating law is a complex act that can enrich law culture and human experience as a whole Towards the Professionalization of Legal Translators and Court Interpreters in the EU Martina Bajčić, Katja Dobrić Basanež, 2016-12-14 The profession of legal translators and interpreters has been unjustly neglected despite its relevant role in international and multilingual legal settings In order to bridge this gap this volume brings together contributions from some of the leading experts in the field including not only scholars but also internationally acclaimed professional legal translators and interpreters Coming from different EU Member States the contributors address the status quo of the profession of legal translators and interpreters within their respective states while proposing ways to raise the standards of the profession In particular effort is made to make the profession more uniform Union wide in terms of training and accreditation of legal translators and interpreters and quality of their services Topics covered include ISO standards for interpreting services in judicial settings EULITA Directive 2010 64 EU on the right to translation and interpretation in criminal proceedings legal translation translation of multilingual EU legislation document translation whispered interpreting and the need to introduce uniform programmes for the education and training of legal translators and interpreters Offering a mix of theory and practice the book will appeal to scholars practitioners and students with a special interest in legal translation and interpretation in the EU *Crossroads between Contrastive Linguistics, Translation Studies and Machine Translation* Oliver Czulo, Silvia Hansen-Schirra, 2017 Contrastive Linguistics CL Translation Studies TS and Machine Translation MT have common grounds They all work at the crossroad where two or more languages meet Despite their inherent relatedness methodological exchange between the three disciplines is rare This special issue touches upon areas where the three fields converge It results directly from a workshop at the 2011 German Association for Language Technology and Computational Linguistics GSCL conference in Hamburg where researchers from the three fields presented and discussed their interdisciplinary work While the studies contained in this volume draw from a wide variety of objectives and methods and various areas of overlaps between CL TS and MT are addressed the volume is by no means exhaustive with regard to this topic Further cross fertilisation is not only desirable but almost mandatory in order to tackle future tasks and endeavours **The Routledge Handbook of Translation and Culture** Sue-Ann Harding, Ovidi Carbonell
