**Ethnic Relations in Plural Societies**, 2025-10-27 One of the main legacies of slavery and indentured labour is the existence of multi ethnic and multicultural societies in former tropical colonies of the European empires After the abolition of slavery the indentured labourers were brought to the plantation colonies in order to meet the need for cheap labour for the production of tropical goods From the beginning they faced a situation in which they were regarded as competitors for the freed slaves and or the local population At the same time in various cases the freed slaves and their descendants considered themselves as the indigenous people and were treated as such by the colonial governments In their perspective the colonial governments spent too many resources on the immigration of foreign labourers resources that could have been used to improve the socio economic situation of the descendants of the former slaves To this date this historical past overshadows the relations between different ethnic groups in so called plural societies This book deals with the relations between different ethnic groups in these societies and the challenges they meet to establish peaceful and democratic societies The volume consists of chapters on these societies such as South Africa Guyana Trinidad and Tobago and Suriname

**The Dilemmas of Ethnic Policy** John Gaffar La

Guerre,2017-01-03 The Dilemmas of Ethnic Policy A Global Perspective argues that ethnic conflict increases or decreases in relation to changes in the social structure and the location and distribution of political power Ethnic grievances derive from lack of access to valued resources and elites play a crucial role in allocating those resources This book examines the experiences of five countries with a history of ethnic conflict former Yugoslavia Bosnia Herzegovina Guyana Trinidad and Tobago and the United States It finds that in many cases solutions adopted to mitigate ethnic conflict have unintended consequences Often supposed solutions confuse cause and effect and in fact worsen ethnic conflict Attempts to address identity issues by pandering to them often led to further ethnic demands This book argues that based on the experiences of the countries under examination the best course is to adopt policies that encourage alliances between and among ethnic groups

*Rediasporization* Gillian Richards-Greaves,2020-11-24 Rediasporization African Guyanese Kweh Kweh examines how African Guyanese in New York City participate in the Come to My Kwe Kwe ritual to facilitate rediasporization that is the creation of a newer diaspora from an existing one Since the fall of 2005 African Guyanese in New York City have celebrated Come to My Kwe Kwe more recently called Kwe Kwe Night on the Friday evening before Labor Day Come to My Kwe Kwe is a reenactment of a uniquely African Guyanese pre wedding ritual called kweh kweh and sometimes referred to as karkalay mayan kweh keh and pele A typical traditional wedding based kweh kweh has approximately ten ritual segments which include the pouring of libation to welcome or appease the ancestors a procession from the groom s residence to the bride s residence or central kweh kweh venue the hiding of the bride and the negotiation of bride price Each ritual segment is executed with music and dance which allow for commentary on conjugal matters such as sex domestication submissiveness and hard work Come to My Kwe Kwe replicates the overarching segments of the traditional kweh kweh but a couple male and female from the audience acts as the

bride and groom and props simulate the boundaries of the traditional performance space such as the gate and the bride's home. **Food Across Cultures** Giuseppe Balirano, Siria Guzzo, 2019-02-19 This edited volume brings together original sociolinguistic and cultural contributions on food as an instrument to explore diasporic identities. Focusing on food practices in cross-cultural contact, the authors reveal how they can be used as a powerful vehicle for positive intercultural exchange, either through conservation and the maintenance of cultural continuity or through hybridization and the means through which migrant communities find compromise or even consent within the host community. Each chapter presents a fascinating range of data and new perspectives on cultures and languages in contact from English and some of its varieties to Italian, German, Spanish and to Japanese and Palauan, as well as an exemplary range of types of contact in colonial, multicultural and diasporic situations. The authors use a range of integrated approaches to examine how socio-linguistic food practices can and do contribute to identity construction in diverse transnational and diasporic contexts. The book will be of particular interest to students and scholars of translation, semiotics, cultural studies and sociolinguistics.

**Global Perspectives on China's Belt and Road Initiative** Florian Schneider, 2025-10-01 The year 2013 saw the launch of the largest, most influential investment initiative in recent memory: China's Belt and Road Initiative (BRI). This globe-spanning strategy has reshaped local economies and regional networks and it has become a contested subject for scholars and practitioners alike. How should we make sense of the complex interactions that the BRI has enabled? Understanding these processes requires truly global perspectives alongside careful attention to the role that local actors play in giving shape to individual BRI projects. The contributions in *Global Perspectives on China's Belt and Road Initiative* assert agency through regional connectivity, provide both big picture assessments of China's role in regional and global interactions and detailed case studies that home in on the role agency plays in BRI dynamics. Written by leading area studies scholars with diverse disciplinary expertise, this book reveals how Chinese efforts to recalibrate the world are taken up, challenged, revamped and reworked in diverse contexts around the world.

**Politicized Microfinance** Caroline Shenaz Hossein, 2016-08-04 When Grameen Bank was awarded the Nobel Peace Prize in 2006, microfinance was lauded as an important contributor to the economic development of the Global South. However, political scandals, mission drift and excessive commercialization have tarnished this example of responsible or inclusive financial development. *Politicized Microfinance* insightfully discusses exclusion while providing a path towards redemption. In this work, Caroline Shenaz Hossein explores the politics, histories and

social prejudices that have shaped the legacy of microbanking in Grenada Guyana Haiti Jamaica and Trinidad Writing from a feminist perspective Hossein s analysis is rooted in original qualitative data and offers multiple solutions that prioritize the needs of marginalized and historically oppressed people of African descent A must read for scholars of political economy diaspora studies social economy women s studies as well as development practitioners Politicized Microfinance convincingly deftly argues for microfinance to return to its origins as a political tool fighting for those living in the margins
