Michael Reeves, 2012-07-03 In this brief and winsome book Michael Reeves presents an introduction to the Christian faith that is rooted in the triune God He takes cues from preachers and teachers down through the ages setting key doctrines of creation the person and work of Christ and life in the Spirit into a simple framework of the Christian life **The Baptism of**

**Jesus the Christ** Ralph Allan Smith, 2010-04-05 The baptism of Jesus by John the Baptizer is one of the theologically richest narratives in the Gospels touching the transition from the old to the new covenant the doctrines of water and Holy Spirit baptism and the doctrine of the Trinity to name only the most significant of topics In *The Baptism of Jesus the Christ* Ralph Allan Smith addresses each of these areas aiming in particular to respond to James D G Dunn's view that Jesus baptism and the gift of the Spirit are fundamentally distinct events to revive John Calvin's view of the baptism of Jesus as central to understanding Christian baptism and to suggest directions for re thinking the doctrine of God's attributes in the light of the fully personal interaction of Father Son and Spirit reflected in the baptismal narrative *Redeeming the Life of the Mind*

John M. Frame, Wayne Grudem, John J. Hughes, 2017-11-15 Vern Poythress one of today's leading Reformed theologians has made many vital contributions to evangelical scholarship particularly a vision to glorify Christ as Lord over all areas of human life in order to redeem all realms of human thought In honor of his many years of faithful thinking and writing twenty evangelical scholars have come together to produce a set of essays on topics of importance throughout his ministry biblical exegesis the doctrine of the Trinity worldview history and ethics **Narrative and the Triune Reality** Wai Luen

Kwok, 2022-05-13 Robert Jenson is commended as one of the greatest American theologians in the twentieth century This book proposes a critique of Jenson's narrative Trinitarianism by comparing it with Eberhard Jüngel's theology It argues for the importance of the double dimensions of event and communicative linguistics of the Divine narrative *The Trinity* Scott Swain, 2020-10-06 Practical Theology for the Church Today The Trinity is one of the most essential doctrines of the Christian faith as it reveals a magnificent truth about God that he is one God eternally existing as three distinct persons While

Christians often struggle to find the right words to describe the union of Father Son and Spirit the Bible gives clarity concerning the triune God's activity in nature creation grace redemption and glory reward In the second installment of the Short Studies in Systematic Theology series theologian Scott Swain examines the Trinity presenting its biblical foundations systematic theological structure and practical relevance for the church today     **Echoes of Coinherence** W. Ross Hastings,2017-07-28 This book re imagines the universe and the scientific study of it through the lens of a triune Creator three persons of irreducible identity in a perichoretic or coinherent communion It modestly proposes that Trinitarian theology and especially the coinherent natures of the Son in the incarnation provides the metaphysic or theory of everything that manifests itself in the subject matter of science The presence of the image of the triune God in humanity and of traces of this God in the non human creation are discussed highlighting ontological resonances between God and creation resonances between the being of God and his creation such as goodness immensity yet particularity intelligibility agency relationality and beauty This Trinitarian reality suggests there should be a similarity also with respect to how we know in theology and science critical realism something reflected in the history of ideas in each These resonances lead to the conclusion that the disciplines of theology and science are in fact coinherent not conflicted This involves recognition of both the mutuality of these vocations and also importantly their particularity Science its own distinct guild yet finds its place ensconced within an encyclopedic theology and subject to first order credal theology     What Is Reality? Ross Inman,2024-10-08 In this introduction to metaphysics Ross Inman introduces us to the tradition of metaphysics in Western philosophy what it means to do metaphysics as a Christian and considers timeless and universal inquiries into central topics of metaphysics identity necessity and possibility properties universals substances and parts and wholes     **The One God** Michael L. Chiavone,2009-05-01 In what sense is God one How can those who worship Jesus Christ his Father and the Holy Spirit claim to be monotheists These questions were answered by the early church and their answering analogies models and language have come down to the church today However theology is not stagnant and the twentieth century has seen several new models of the Trinity emerge Many of these models have focused on the three persons without adequately considering the consequences for the unity of God The One God seeks to develop an understanding of the unity of the Triune God by examining the positions put forward by Karl Rahner Millard Erickson John Zizioulas and Wolfhart Pannenberg After carefully presenting and critically examining each of these positions this book offers a synthesis an understanding of the unity of God that is historically informed theologically adequate internally coherent and able to explain Christian monotheism in a new century By affirming both the singular divine essence of God and the genuine eternal interdependence of distinct divine persons in God The One God affirms the personal and the natural levels of ontology both crucial for understanding God humanity and the world     **Faith of Our Fathers** L. Charles Jackson,2007 A short description of the Nicene Creed     The Triune God of Christian Faith Mary Ann Fatula,1990 A Michael Glazier book Includes bibliographical references p 119 123

Puosi, 2007-12 In this work which is both original and faithful to the Magisterium of the Catholic Church the author develops a theological system that springs from an ontological relational understanding of the Johannine passage Catholic     **An Introduction to Theology in Africa and the Kpelelogical Foundations of Christian Theology** Charles Amarkwei, 2021-10-12 In this book African Christian theology is introduced as a Kpelelogical reflection about life in the context of Africa which exists in the context of the cosmos Kpelelogy is the ontological mode of being grasped by the agape of God in Christ by grace through faith in the power of the Holy Spirit By this mode African theology is introduced by way of a definition a principle of paradox and a description as well as a critical view of the works of African theologians It examines the issues of method criteria and sources of doing theology in Africa and introduces the method of Kpelelogy as an African theological method This is explored further as a holistic theological method that is conscious of its being in existence and its life in history that is driven by faith in the triune God in a pneumatic experience that has been termed in this book as the Kpelelogical ontological mode The book is ecumenical in view of its engagement with Christian tradition It presents a Kpelelogical theology that is concretely African and universally Christian in the Okpelejen Wulormor the cosmic Jesus Christ who is and was but beyond the munus triplex Priest King and Prophet threefold office of Jesus Christ that is to come Hence it is a theology which embraces elements of Reformed Lutheran Methodist Pentecostal Charismatic Roman Catholic and Eastern Orthodox theological insights in the African context     An Introduction to the Trinity Declan Marmion, Rik van Nieuwenhove, 2010-11-11 Over the last decade there has been a resurgence of writing on the Trinity indicating a renewal of ideas and debate concerning this key element of Christian theology This introduction challenges the standard account of a decline and revival in Trinitarian theology taking into account recent alternative readings of the theological tradition by Lewis Ayres and Michel Barnes amongst other scholars By clearly analysing the scope of these new approaches the authors establish the importance of a considered understanding of the Trinity resisting the notion of separating faith and reason and identifying theology's link to spirituality Their account also eschews the easy stereotypes of Western Christianity's supposedly more Unitarian approach as opposed to the more

Trinitarian view of the East Offering an overview of the main people and themes in Trinitarian theology past and present this book thus provides an accessible comprehensive guide for students and scholars alike **The Cross of Reality** H. Gaylon Barker, 2015-09-01 The Cross of Reality investigates Bonhoeffer's interpretation and use of Luther's theology in shaping his Christology In this essay H Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer's theology he also shows how Bonhoeffer's conversation with his teachers and contemporaries Karl Holl and Karl Barth in particular develops Bonhoeffer's thought was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church especially Luther's theologia crucis

Defending Christianity in our time became unpopular private shy and poor Catholic fundamental theology officially responsible for defending faith on behalf of the Catholic Church is aware of being in crisis crisis of identity and content and popularity It needs a new overall structure a new point of departure and a new spirit It was offered by Joseph Ratzinger Krzysztof Kaucha declares Almost everything that has been recently used to undermine the Christian faith and Christianity is used by Ratzinger to defend Christianity Kaucha offers over a dozen arguments for Christianity based on Ratzinger's writings and his original thinking the Christian axiom as an argument for Christianity Jesus Christ as the proof of the existence of God Divine Revelation as an unending proof of God's existence the alternative argument the argument from definitive novelty the argument from the absence of someone greater than Jesus argument from truth the anthropological argument the argument from forgiveness the argument from reason the argument from faith Ratzinger's wager in analogy to the famous Pascal's wager the argument from the whole truth many times very painful for Christians about Christianity the argument from the whole truth many times very shameful for Catholics about the Church comparative argument no 1 Christianity versus other Religions comparative argument no 2 Christianity versus the ever more secularized world **An Interpretation of**

**Religion** J. Hick, 2004-10-11 An updated new edition of the groundbreaking investigation which takes full account of the finding of the social and historical sciences whilst offering a religious interpretation of the religions as different culturally conditioned responses to a transcendent Divine Reality Written with great clarity and force and with a wealth of fresh insights this major work based on the author's Gifford Lectures of 1896 7 treats the principal topics in the philosophy of
