Mass communication media is given two great responsibilities. They are (1) to relentlessly fight for freedom of the press in places where it does not exist and (2) to demand the strictly ethical exercise of that freedom by their colleagues in places where it does exist.

The International Media Association for Peace, as an open forum in which journalists and scholars can discuss issues freely, promotes the defense of human rights, of which the most foundational is freedom of religion. We invite you to join Dr. Frank Kaufmann on "Religious Illiteracy and Religious Freedom," Ms. Susanna Kaneer on "The Universal Declaration of Human Rights and a Church's Campaign for its Application" and Mr. Luke Higuchi on "The Current Religious Freedom Crisis in Japan."

Sponsored by the International Media Association for Peace

The Failure of Environmental Education (And How We Can Fix It) Charles Saylan, Daniel Blumstein, 2011-05-25 At a time when wild places everywhere are vanishing before our eyes Charles Saylan and Daniel T Blumstein offer this passionate indictment of environmental education along with a new vision for the future Writing for general readers and educators alike Saylan and Blumstein boldly argue that education today has failed to reach its potential in fighting climate change biodiversity loss and environmental degradation In this forward looking book they assess the current political climate including the No Child Left Behind Act a disaster for environmental education and discuss how education can stimulate action including decreasing consumption and demand developing sustainable food and energy sources and addressing poverty Their multidisciplinary perspective encompasses such approaches as school gardens using school buildings as teaching tools and the greening of schoolyards Arguing for a paradigm shift in the way we view education as a whole The Failure of Environmental Education demonstrates how our education system can create new levels of awareness and work toward a sustainable future

Benson, 2020-10-28 In 1944 Moslem forces in China's westernmost province of Xinjiang rose against the Chinese authorities and succeeded in establishing a small independent Islamic state the East Turkestan Republic Based on newly available archival material this book describes the Moslem challenge to Chinese rule and documents the Nationalist government's response to newly awakened Turkic Moslem

Jones,2021-08-12 At the beginning of 2017 the backlash cycle was in full swing in church denominations in South Africa as far as embracing sexual diversity was concerned In 2015 a momentous decision by the General Synod of the Dutch Reformed Church DRC embracing inclusivity in allowing LGBTIQ ministers to not be celibate and its ministers to officiate same sex marriages surprised friend and foe But this was reversed a year later in an Extraordinary General Synod of the church The disappointing outcome of the De Lange v Methodist Church of Southern Africa case had just been handed down by the Constitutional Court and the Anglican Church's stalling on fully affirming sexual diversity continued *Religion and Politics in the United States* Kenneth D. Wald,Allison Calhoun-Brown,2018-01-23 Using an evidenced based social scientific approach to religion Kenneth D Wald and Allison Calhoun Brown challenge the perception that religious influence in American politics is a problem to be solved Instead they contend that religion is a form of social identification that not only shapes our ideas about politics but it also shapes the behavior of political elites and ordinary citizens the interpretation of public laws and the development of government programs Ultimately the authors show how religion plays a fascinating and crucial role in our nation's political process and in our culture at large The eighth edition of *Religion and Politics in the United States* has been fully updated to include the latest scholarship and coverage of the 2016 presidential election It also features a new discussion of the religious right center and left as well as the impact of religion on the fight for equality based on gender and sexual orientation Additional student resources include all new discussion questions and further readings at the end of each chapter as well as a companion website featuring self quizzes **The Ili Rebellion** Linda Benson,1990 In 1944 Moslem forces in
