discourses of postrevolutionary Mexico Through iconographic analysis of paintings and themes within each artist s oeuvre Deffebach discusses how the artists engaged intellectually with the issues and ideas of their era especially Mexican national identity and the role of women in society In a time when Mexican artistic and national discourses associated the nation with masculinity Izquierdo and Kahlo created images of women that deconstructed gender roles critiqued the status quo and presented more empowering alternatives for women Deffebach demonstrates that paradoxically Kahlo and Izquierdo became the most successful Mexican women artists of the modernist period while most directly challenging the prevailing ideas about gender and what constitutes important art *I Will Never Forget You* Salomon Grimberg,2006-10-26 A collection of photographs of the Mexican artist Frida Kahlo by the Hungarian born photographer Nickolas Muray Kahlo met Muray in Mexico in 1931 and they began an affair that was to continue over several years sustained at a distance by an exchange of paintings photographs and passionate love letters a selection of which are included here [American Art Directory 2009](#) National Register Publishing,2008
