roles of author marketer and reviewer are being redefined as online environments enable new means for young adults to participate in the books they love Prior to the expansion of digital technologies around reading teachers parents and librarians were the primary gatekeepers responsible for getting books into the hands of young people Now publishers can create disintermediated digital enclosures in which they can communicate directly with their reading audience This book exposes how teens contribute their immaterial and affective labor as they engage in participatory reading experiences via publishers and authors interactive websites and use of social media and how in turn publishers are able to use such labor as they get invaluable market research peer to peer recommendations and even content which can be used in other projects all virtually free of charge

**In the Twilight of Patriarchal Culture: The Struggle for Female Identity in Stephenie Meyer's Twilight Saga** Astrid Ernst, 2012-06-18 Diploma Thesis from the year 2011 in the subject English Language and Literature Studies Literature grade 1 University of Vienna Anglistik und Amerikanistik course Anglistik Literatur Gender Studies language English abstract The paper investigates Meyer s popular saga from a feminist point of view focusing on the

development of Bella's character and her quest for identity in a rigidly patriarchal world which forces her to choose between mutually exclusive options. It will be argued that Bella's life is entirely determined by the two central male characters who form a polarized axis that slowly tears her apart. Bella's low self-esteem and her strong attachment to the over-idealized Edward Cullen will be read as a symptom of her placelessness in a world that does not leave room for her to develop as an autonomous subject. Bella's wish to become a vampire can be equalled with woman's desire to gain access to a higher social realm via her husband and thus escape her marginalisation in patriarchal culture. As Beauvoir writes: 'There is no other way out for her than to lose herself body and soul in him who is represented to her as the essential, as the absolute.' (Beauvoir, *The Second Sex* 653). In order to become a supposedly superior being and to live eternally in the idealized capitalist patriarchal and puritanically Christian world, Edward represents Bella has to make a series of sacrifices. Leaving her mother behind, she moves into a male-dominated world which is divided into morally idealized Christian vampires and racially devalued werewolves. She is forced to give up her friendship with Jacob Black, who can be read as her free childlike self, in order to enter a world that again pushes her into the patriarchally pre-defined role of mother and wife. Similar patterns of stereotypical representations of femininity can be observed in various characters of the saga. A more controversial note is brought in by Bella's half-vampire child, who can be seen as a destabilizing factor of the saga's rigid dichotomy. Taking all this into consideration, we as feminists have to ask whether it is desirable to have millions of young women worldwide admiring Bella and the misogynist world in which she lives.

**Monsters and Saints** Shantel Martinez, Kelly Medina-López, 2024-01-30. Winner of the 2025 Ray and Pat Browne Award for the Best Edited Collection in Popular and American Culture. Herrera, Brenda Selena Lara, Susana Loza, Juan Pacheco Marcial, Amanda R. Martinez, Diana Isabel Martínez, Shantel Martinez, Diego Medina, Kelly Medina, López Cathryn J. To give voice to this complicated identity, this volume investigates how cultures of ghost storytelling foreground a sense of belonging and home in people from LatIndigenous landscapes. *Monsters and Saints* reflects intersectional and intergenerational understandings of lived experiences, bodies, and traumas as narrated through embodied hauntings. Contributions to this anthology represent a commitment to thoughtful inquiry into the ways storytelling assigns meaning through labels like monster, saint, and ghost, particularly as these unfold in the context of global migration. For many marginalized and displaced peoples, a sense of belonging is always haunted through historical exclusion from an original homespace. This exclusion further manifests as limited bodily autonomy. By locating the

concept of home as beyond physical constructs the volume argues that spectral stories and storytelling practices of LatIndigeneity re configure affective states and spaces of being becoming migrating displacing and belonging

**Postfeminism and Contemporary Vampire Romance** Lea Gerhards,2022-05-19 In this book Lea Gerhards traces connections between three recent vampire romance series the Twilight film series 2008 2012 The Vampire Diaries 2009 2017 and True Blood 2008 2014 exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender sexuality subjectivity agency and the body Discussing a range of conflicting meanings contained in the narratives Gerhards critically looks genre s engagement with everyday sexism and violence against women power relations in heterosexual relationships sexual autonomy and pleasure self empowerment and self surveillance She asks Why are these genre texts so popular right now what specific desires issues and fears are addressed and negotiated by them and what kinds of pleasures do they offer

*Monster Culture in the 21st Century* Marina Levina, Diem-My T. Bui, 2013-05-23 In the past decade our rapidly changing world faced terrorism global epidemics economic and social strife new communication technologies immigration and climate change to name a few These fears and tensions reflect an evermore interconnected global environment where increased mobility of people technologies and disease have produced great social political and economical uncertainty The essays in this collection examine how monstrosity has been used to manage these rising fears and tensions Analyzing popular films and televisions shows such as True Blood Twilight Paranormal Activity District 9 Battlestar Galactica and Avatar it argues that monstrous narratives of the past decade have become omnipresent specifically because they represent collective social anxieties over resisting and embracing change in the 21st century The first comprehensive text that uses monstrosity not just as a metaphor for change but rather a necessary condition through which change is lived and experienced in the 21st century this approach introduces a different perspective toward the study of monstrosity in culture

**Civil Servants on the Silver Screen** Michelle C. Pautz, 2017-12-29 In the movies government often finds itself in a variety of roles from villain to supporting cast and rarely if ever the hero A frequent component of that role is the bureaucracy and as documented in Civil Servants on the Silver Screen Hollywood s Depiction of Government and Bureaucrats bureaucrats are routinely found on screen This book investigates how government bureaucrats are portrayed in the top ten box office grossing films from 2000 through 2015 Perhaps unsurprisingly government is generally portrayed poorly while individual government bureaucrats are typically depicted positively These images of government on screen are particularly important given the ability of movies to influence the attitudes and perceptions of its audiences The nature of these depictions and potential implications are considered as bureaucrats in film are categorized
