Two Steps Forward Embracing Life With A Brain Tumor:

Two Steps Forward ,2015 Friday morning 14 May 2010 Claire Snyman opens her eyes to find the room spinning around her the light fixture dancing above Then she develops her first migraine ever What is this about She must just be overdoing it at work As a busy marketing executive with a husband and young son Claire is used to pushing her limits But it s not too much work it s a rare benign brain tumor The diagnosis completely blindsides 34 year old Claire and her family Together they face the new reality of her condition while trying to navigate conflicting medical advice and cope with her new onset of symptoms Two Steps Forward opens the door on life with a brain tumor and life after brain surgery the frustrations challenges and successes A brain tumor touches not only the person with the tumor but also their loved ones In this compelling book Claire documents her personal awakening as she learns to be her body s own advocate through the often harrowing journey of life with a brain tumor her misdiagnosis and the brain surgery and recovery that followed As she slowly recovers she comes to realize that life s small delights are just as important to embrace be grateful for and believe in This inspirational story is told with honesty clarity and revelation Two Steps Forward is an enlightening and compelling book for readers walking a similar path but also for those facing a life changing situation or for anyone looking for a positive and uplifting story

Neuroscience for Neurosurgeons Farhana Akter,Nigel Emptage,Florian Engert,Mitchel S. Berger,2024-01-25 With advances in medicine and medical innovation the face of neurosurgery has changed dramatically A new era of surgeons value the need to undertake research in everyday practice and actively participate in the clinic and laboratory in order to improve patient prognosis Highlighting the principles of basic neuroscience and its application to neurosurgical disease this book breaks down neurological conditions into current academic themes and advances The book is split into two sections with the first covering basic and computational neuroscience including neuroanatomy neurophysiology and the growing use of artificial intelligence The second section concentrates on specific conditions such as gliomas degenerative cervical myelopathy and peripheral nerve injury Outlining the pathophysiological underpinnings of neurosurgical conditions and the key investigative tools used to study disease burden this book will be an invaluable source for the academic neurosurgeon undertaking basic and translational research

Taylor, Alyx B. Porter Umphrey, 2012-11-20 Navigating Life with a Brain Tumor is a guide for anyone affected by brain tumors and their associated conditions patients family members friends and caregivers Providing readily accessible information and real world encouragement to people living with primary and metastatic brain tumors and their caregivers this book discusses the basics of brain tumors types of tumors management of different tumors related symptoms treatments and side effects the role of medical team members and coping strategies from initial diagnosis throughout the course of the illness At the same time it also offers practical suggestions on symptom management and lifestyle modification as well as real life anecdotes and advice from both patients and family members and friends who are experiencing this diagnosis Determined to Matter Jen O'Hara, Dan O'Hara, 2013 Shannon O Hara skating down the ice chasing after the puck comes face to face with a larger than life opposing team player Never one to back down from anything barely five feet tall Shannon tangles with the player and ends up with a penalty As she sits in the penalty box only thinking about getting out in two minutes no one would ever imagine that this beautiful vibrant and competitive young spirit will be gone in 54 days The devastating news that 12 year old

Shannon is diagnosed with an inoperable brain tumor is unfathomable surreal and unimaginable This is the raw and emotional story of the O Hara s as they prepare for the fight of their lives and their ultimate loss Written and inspired by a blog that Dan and Jen O Hara wrote to keep in touch with their family friends and supporters near and far the story follows the yearlong battle from diagnosis to death and exemplifies how to live the new normal every day no matter what it entails Shannon s struggle reveals why family faith and hope are so important in our daily lives and how the support of a community plays such a vital role through the good times and especially the bad

Dear Jack Nathan C. Sexton,2016-10-11 I was one of the first hires at a growing startup called Bellhops Somewhere along the way I ended up working sixty hours a week I was placing work above all else faith family friends you name it Work was always my first priority That was until June 4 2015 when I collapsed at work and had three grand mal seizures I was diagnosed with a grade 4 glioblastoma which comes with an average life expectancy of fifteen months Dear Jack is written for my son but all parents can benefit from the life lessons this book teaches Dear Jack encourages a Christian lifestyle while making parents think about a healthy work life balance Parents can use the lessons learned through my personal story to avoid future pitfalls of misplaced priorities

A Statistic of One Stephen Hatrak,2012-05-11 A Statistic of One My Walk with Glioblastoma Multiforme traces Stephen Hatraks life from his diagnosis of glioblastoma multiforme the deadliest of malignant brain tumors to the present He chronicles the trials and tribulations he faced and the losses he suffered along his journey Faith and inner strength are formidable allies in overcoming any tragedy in ones life and they played vital roles in his struggle He was told from the start that the he might have twelve months to live even so he defied the odds and six years later is telling his own story Despite the dire statistics associated with a diagnosis of glioblastoma there are several stories of long term survival these stories gave him hope that this cancer could be tamed To overcome this challenge in his life he had to believe in himself and find his inner sixth sense to strengthen his resolve Along the way he learned that life with brain cancer could be tough but that he could be even tougher What cancer cannot do separate me from my soul squash my spirit and stop the sun from rising in the east and setting in the west creating new tomorrows and new opportunities A Statistic of One is an uplifting story of faith and perseverance how we cope with challenge will determine how we move forward and live life to its fullest

It Is What It Is Julie Saeger Nierenberg,2023-03-15 I wrote this manuscript to document my brain tumor discovery and decision making process a journey spanning approximately twelve months leading up to my final chosen method of treatment Although my tumor was most likely benign it was in a very serious location sitting on top of my optic nerves and was causing me to lose my eyesight I had to make a decision Some of the chapters are humorous some rather poignant and some include a lot of medical details My whole point was to let readers know what that long and involved investigative process was like I include some self coaching strategies helpful resources and lots of email exchanges with friends family and doctors May all who read this find something in its chapters that resonates with your head and heart
