Stevens, 1986-05-01 Other Worlds John R. Heapes, MA, MSW, 2014-02 Who hasn t asked What happens to me after I die and or Are we alone in the universe Other Worlds UFOs Aliens and the Afterlife takes readers on a journey into other galaxies and into a different time a time after all of their tomorrows How are the societies organized on other planets and in the afterlife This book answers this question with a new approach in the UFO and the Near Death Experience fields As readers take this trip they will wonder if there are universal laws governing the societies of

intelligent beings regardless of where they reside in existence Are humans projecting into foreign forms their own beliefs about how societies should be arranged on Earth Why study such ethereal and controversial material We always learn about ourselves when we study those who are different from us whether those beings are real or not Anyone who has read a good book of fiction knows the validity of this point Consider how many teenagers identify with the characters in the Hunger Games books What follows is the sociological perspective We will explore institutions such as marriage and the family social classes and culture We will determine the sex of alien travelers as well as the occupations of their human witnesses We will learn what the afterlife looks like and discover what messages deceased beings deliver to humans

Baker,2012-01-08 The Occult Significance of UFO S No doubt one of the greatest mysteries to emerge from the latter half of the twentieth century has been the subject of UFO s The questions on everyone s lips at the moment are Do flying saucers really exist And has our earth at any time been visited by extra terrestrials In this book Dr Douglas M Baker an investigator into the phenomena of UFO s for more than 25 years states conclusively that yes our Earth has indeed been visited by extra terrestrials from as far back as 18 million years ago with the advent of the Lords of the Flame He goes on to say that although many of the sightings can be explained away by science as simple natural occurrences there remain the few isolated incidents which defy all present scientific means of interpretation To these Dr Baker attributes the various occult factors he describes here **Subject Guide to Forthcoming Books** ,1983 Presents by subject the same titles that are listed by author and title in Forthcoming books Forbidden Science - Volume Two Jacques VALLEE,2009-06-16 Personal diary of a scientist exploring the frontiers of research Subject Catalog, 1975 Library of Congress,1975 **Ummo and the Extraterrestrial Papers** Antonio Ribera,Timothy Beckley,Antonio Hunees,2012-10 THE ALIENS ARE AMONG US THEY WISH TO COMMUNICATE AND HAVE EVEN CONSTRUCTED CITIES IN REMOTE PLACES WHILE THEY ARE HERE The story of UMMO starts with a series of letters and phone calls to various Spanish UFO researchers in 1965 that purportedly came from an extraterrestrial race While the most commonly reported method of ET contact is clearly by telepathy the aliens in this case tried a more direct decidedly earthly method of communication The letters contained highly detailed discourses on such weighty topics as physics and medicine that could only have been written by experts on the cutting edge in those rarified fields that are light years beyond what a lay hoaxer could have come up with One of the letters also predicted that a UFO sighting would occur on a certain day at a certain location in Spain and the ship did indeed appear on schedule and at the appointed place It was a rare event in the annals of Ufology a supposed alien prediction that actually came true The race behind the letters and activity claimed to have come from a planet named UMMO saying that they had arrived on Earth in 1950 and had been biding their time before contacting

trustworthy Earthlings They had come in response to a weak signal inadvertently sent out into space by a Norwegian ship conducting ionospheric research in 1934 It was later verified that both the ship and its experiments were indeed real world events The first landing took place near the Basses Alps in France The aliens from UMMO also claimed to have built an underground base in France as well and later to have established other strongholds including isolated small cities much like the aliens in the new science fiction hit District Nine The story kicks into higher gear when two additional sightings occurred near Madrid in 1966 and 1967 In both instances the bottom side of the ship displayed the letters UMMO as well as a distinctive pictorial mark seen throughout the book that resembles our own notation for Uranus According to the introduction written by Antonio Huneus seven clear photos of a classic flying saucer with a large UMMO symbol were taken by one of the Spanish witnesses during the second incident Though they were later labeled as a hoax by Dr J Allen Hynek's Center for UFO Studies in Chicago the photographer still stands by them Another aspect of the second sighting was a strange kind of debris left behind what were thought at first to be small tubes of a metal resembling nickel After being sent to Spain's National Institute of Aerospace Technology they were determined to contain plastic sheets of polyvinyl fluoride developed by DuPont The catch is however that at the time the use of the material was restricted to the military only So we have here the makings of another classic UFO case one with the kind of similarities to previous cases that grounds it within the relative confines of reality while at the same time offering up newer details that add to the uniqueness of the case material The book begins with a longish opening section from the early 1990s in which an Earthling named simply Tony exchanges letters with an alien called Mr X in which they discuss numerous aspects of life on Earth as seen from an alien perspective as well as inklings of the cosmic truth possessed by the aliens

Mass Contacts Stefano Breccia, 2009 Mass Contacts is an astounding story that says that Contact has begun from one who knows A detailed report of contacts with human type aliens on the Adriatic coast which answers many of our questions this book is a milestone for ufologists who study Contact They were here and many look like us It's time for disclosure Paola Leopizzi Harris Researcher and Author Connecting the Dots Making Sense of UFO Phenomena Exopolitics How Does One Speak to a Ball of Light This book is a true milestone in the spreading of the reality of contacts between our humanity and extraterrestrials both in the past and now it gives rise to vital important hints in order to understand the epoch making events that are waiting for us and interact with them in the best way Tom Bosco NEXUS Magazine Edizione Italiana Eng Stefani Breccia and I are friends and have been responsible keepers of truths that not always were sharable with other people Both of us have dedicated a significant part of our lives to UFO's myself trying to spread this reality in the best way Stefano trying to understand its roots both being aware of how important the phenomenon is And so I have acted as a midwife to the important result of Stefano's work being convinced that reading this book is at the same time necessary and useful Roberto Pinotti Director Centro Ufologico Nazionale CUN Italy This book based upon memories of experiences covering a period of many years is charming above all
