

The Vision of Tragedy

- The *highest comedy* gains its power from its sense of tragic possibility
- the *profoundest tragedy* presents a full if fleeting vision, through the temporary disorder, of an ordered universe to which comedy is witness
- without a sense of the tragic, comedy loses heart; it becomes brittle, it has animation but no life
- without the recognition of the truths of comedy, tragedy becomes bleak and intolerable

~The vision of tragedy Richard Benson Sewall,1970 **The Vision of Tragedy** Richard Benson Sewall,1962 *The Vision of Tragedy* Richard R. Sewall,1962 **~The Vision of Tragedy** Richard Benson Sewall,1965 Tragedy, Vision and Form Robert Willoughby Corrigan,1981 **The Tragic Vision** Murray Krieger,2019-12-01 Originally published in 1973

Literary critics who have studied tragedy and the tragic vision failed in Murray Krieger's estimation to define exactly what they saw as the tragic vision in general terms. An aim of his book is to create a tentative definition of tragic and to flesh out what the author sees as the definition most illuminating of modern literature and the modern mind. In order to do this Krieger distinguishes between what he sees as the tragic vision and tragedy. Tragedy from his perspective is an object's literary form whereas tragic vision refers to a subject's psychology, the subject's view and version of reality. In light of the shriveling of the tragic concept in the modern world and the reduction of a total view to the psychology of the protagonist, Krieger contends that the protagonist in a tragedy is now more appropriately designated a tragic visionary than a tragic hero.

Joseph Conrad and the Vision of Tragedy Lee Melvin Whitehead,1965 *Visions of Tragedy in Modern American Drama* David Palmer,2018-02-08. This volume responds to a renewed focus on tragedy in theatre and literary studies to explore conceptions of tragedy in the dramatic work of seventeen canonical American playwrights. For students of American literature and theatre studies, the assembled essays offer a clear framework for exploring the work of many of the most studied and performed playwrights of the modern era. Following a contextual introduction that offers a survey of conceptions of tragedy, scholars examine the dramatic work of major playwrights in chronological succession, beginning with Eugene O'Neill and ending with Suzan-Lori Parks. A final chapter provides a study of American drama since 1990 and its ongoing engagement with concepts of tragedy. The chapters explore whether there is a distinctively American vision of tragedy developed in the major works of canonical American dramatists and how this may be seen to evolve over the course of the twentieth century through to the present day. Among the playwrights whose work is examined are Susan Glaspell, Langston Hughes, Tennessee Williams, Arthur Miller, Edward Albee, Lorraine Hansberry, Amiri Baraka, August Wilson, Marsha Norman, and Tony Kushner. With each chapter being short enough to be assigned for weekly classes in survey courses, the volume will help to facilitate critical engagement with the dramatic work and offer readers the tools to further their independent study of this enduring theme of dramatic literature.
