Schnepel, Julia Verne, 2022-02-08 An innovative collection of essays that foregrounds specific cargoes as a means to understand connectivity and mobility across the Indian Ocean world Scholars have long appreciated the centrality of trade and commerce in understanding the connectivity and mobility that underpin human experience in the Indian Ocean region But studies of merchant and commercial activities have paid little attention to the role that cargoes have played in connecting the disparate parts of this vast oceanic world Drawing from the work of anthropologists geographers and historians Cargoes in Motion tells the story of how material objects have informed and continue to shape processes of exchange across the Indian Ocean By following selected cargoes through both space and time this book makes an important and innovative contribution to Indian Ocean studies The multidisciplinary approach deepens our understanding of the nature and dynamics of the Indian Ocean world by showing how transoceanic connectivity has been driven not only by economic social cultural and political factors but also by the materiality of the objects themselves Essays by Edward A Alpers Fahad Ahmad Bishara Eva Maria Knoll Karl Heinz Kohl Lisa Jenny Krieg Pedro Machado Rupert Neuhfer Mareike Pampus Hannah Pilgrim Burkhard Schnepel Hanne Sch nigg Tansen Sen Steven Serels Julia Verne Kunbing Xiao **Digital Talking Books Plus**, 2013 **Talking Book Topics**, 2013-07 **The Writers Directory**, 2013 **Bowker's Complete Video Directory, 1998**, 1998 The Publishers' Trade List Annual, 1985 **The New York Times Book Review**, 1973-04

The Illustrated London News, 1938 Panda Nation E. Elena Songster, 2020-06-19 A logo on products ranging from chopsticks and toilet paper to cell phones and automobiles the panda is one of the most ubiquitous images in China and throughout the world Yet the panda holds little notable historical significance in China Although it has existed in the territory of present day China since the Pliocene epoch its widespread popularity there is not only recent but almost sudden In Panda Nation E Elena Songster links the emergence of the giant panda as a national symbol to the development of nature protection in the People's Republic of China The panda's transformation into a national treasure exemplifies China's efforts in the mid twentieth century to distinguish itself as a nation through government directed science and popular nationalism The story of the panda's iconic rise offers a striking reflection of China's recent and dramatic ascent as a nation in global status
