Between Two Worlds Lynton Keith Caldwell,1992-01-23 The focus of this book is on changes in the human situation wrought by unprecedented changes in science based technology and expanding populations Increasing scientific information concerning these changes and their consequences is beginning to alter people s perceptions thus providing a rational basis for a worldwide environmental movement This movement complex and differentiated works through political and educational means to establish new social priorities consistent with scientific findings and the sustainability of life on Earth The success of this effort would signify a new phase of social development The thesis of this book is that human made changes in the condition of the Earth accompanied by the changing attitudes and values implicit in the environmental movement constitute an historical discontinuity The present era represents a transition between the assumptions and conditions that have hitherto characterized the modern world and those of the post modern world that is emerging Science and technology so vividly symbolized in the view from outer space are fundamentally changing our traditional beliefs about human opportunities and limitations and these changes are slowly being reflected in international policies and laws If humanity today succeeds in establishing a sustainable relationship to Earth a higher level of civilisation will have been achieved This thought provoking view will interest students and professionals in the science and politics of the environment

Torn between Two Worlds Anthony Martin,2019-05-03 There are many Christians who are feeling the anguish of being torn between two worlds They

have love for God in their hearts and a desire to live out their faith however they find themselves yielding to carnal pleasures Every day they war in the trenches and hurt behind the scenes This is a real challenge within the church and many are at a crossroad in their spiritual walk They are asking themselves Do I continue with the masquerade of church as usual or do I take a hard look at my compromises The objective of Torn between Two Worlds is to help hurting Christians move toward a committed liberated and dedicated relationship with God However this can only be accomplished if there is a willingness to courageously face their compromises Every Christian has their share of battles with the flesh and for those who have been restored they know firsthand the agony that comes behind negotiating their faith Therefore we need Christians who are willing to be open and transparent in hopes of reaching out to those who are trapped by the serpent s devices The book engages encourages and exhorts its readers to consider the vast difference between the kingdom of God and the carnal world It stresses the importance of a devotional life with God in order to combat self centered desires

Between Two Worlds: The Forbidden Love & Passion, That Defied Eternal Consequences Pastor Yves Gerard, Between Two Worlds The Forbidden Love Passion That Defied Eternal Consequences is a gripping tale of love sacrifice and destiny In a realm where the boundaries between heaven and earth blur two souls find themselves entangled in a love so intense it challenges the very fabric of divine law When forbidden passion awakens between a celestial being and a mortal their love ignites a war between duty and desire fate and free will Bound by forces beyond their control they must navigate the shadows of both realms knowing that their union could unravel cosmic order itself But how far will they go to hold onto a love that was never meant to exist Torn between the promise of eternity and the fire of the present they must face the ultimate question Is love worth the price of eternal damnation In a story where passion defies the heavens and love rewrites destiny Between Two Worlds explores the limits of devotion in a universe that forbids their union

beyond Given its impact how should Christians and the Church approach this issue Living Life Between Two Worlds was written to bring God s truth about this subject into the light so that Christians can have a resource they can turn to for answers It is also written to give hope to those that struggle with the problem so they can know that there is freedom through God It tells the unique story of the author who because of life circumstances and experiences lived with the turmoil and emotional pain of transsexuality for over 30 years Not only that but it testifies about the miraculous power of God how God divinely visited the author and revealed the truth about transsexuality and then how God powerfully brought the author out of bondage and into freedom and peace through that deliverance experience However Living Life Between Two Worlds does not stop there It tells the truth about human sexuality and challenges the theories that support transsexuality It presents scriptures telling God s opinion on the subject It tells how a conflicted person can combat transsexuality It discusses the spiritual aspect of transsexuality It tells how the Church can approach the subject in love In short this book attempts to be a guide about this topic from God s viewpoint with the hope that the truth contained within its pages will touch and change the lives of those suffering from the conflict just as it changed the author s life
