Chandna Singh Nirwan, 2025-03-28 Archetypes in Dalit Literature examines the role of the multitudinous archetypes and myths in understanding the evolution of the psyche and consciousness of the Parayar Dalit community based out of Tamil Nadu India This book also examines the other Dalit communities like Bhangis Chuhras and Madigas through the lens of Archetypal criticism This is a nuanced take on Dalit Studies where Western thought and theory have been applied to the colossal work of a Tamil Dalit writer Bama and others Mulk Raj Anand Omprakash Valmiki Sharankumar Limbale and Perumal Murugan to comprehend the community archetypal characters setting myths rituals and language A detailed analysis of the Jungian archetypes of Rebirth Mother Spirit and Trickster has helped in acquiring an understanding of the so called lower caste their circumstances their life and experiences Among the seminal works on myth criticism are Joseph Campbell's Monomyth and Vladimir Propp's Functions One of Bama's works Vanmam 2008 largely adheres to these structures which makes it a good example of fiction based on reality and thereby also making it at par with the mainstream Indian Writing in English Chandna has also analyzed the significance of community myths stories and folklore using the concept of implicit mythology This book also studies the Dalit language as a special case and unfolds various meanings about the culture community and people in context An important finding is that the language of marginalization is very much a reality Bama's narratives are true representations of the journey of the Parayar Dalit identity formation and the changes it has undergone over time The study of the different aspects of the lives ideologies and culture of the marginalized section of Indian society as represented by these writers in their works has enhanced the understanding of their significant role and

contribution to Indian society which may not have over time been acknowledged yet undeniably needs to be appreciated and celebrated
