## **The Work Of Christ Contours Of Christian Theology:**

*The Work of Christ* Robert Letham, 1993 In *The Work of Christ* Robert Letham shapes his discussion around the threefold office of Christ as prophet priest and king Within this framework he explores the issues of Christ and the Word of God the nature and theories of the atonement and the cosmic and corporate dimensions of the mediatorial kingship of Christ At crucial points the viewpoints of significant Christian thinkers from the church fathers to contemporary theologians and biblical scholars are introduced and brought into the conversation From publisher s description *Perichoretic Salvation* James D. Gifford, 2011-09-15 For two thousand years Christian theologians have struggled to explain the believer s union with Christ What sort of union is it How can it be fully described This book is an attempt to join the conversation to explore exactly what it means to be in union with Christ This book will argue that the believer s union with Christ can rightly be presented as a third type of perichoresis Perichoresis is a word that describes the way the persons of the Trinity interrelate without losing their essential oneness nor without being absorbed into each other In short the doctrine of perichoresis preserves the unity and diversity within the Godhead It is also used to describe the hypostatic union of the divine and human in Christ In *Perichoretic Salvation* James Gifford argues that the union of the believer and Christ is a relationship of the same kind though of a third type Arguing from a perspective that is rooted biblically historically and theologically the book will allow the union to be explained more fully than in the past while remaining within the bounds of what the church has taught over the centuries It may prove to be a basis for understanding the work of Christ afresh for the twenty first century Biblical Spirituality Christopher W. Morgan, 2019-06-24 What is spirituality For some it means nothing more than vague self improvement pulled from the latest best selling self help book For others it refers to some generic religious practice Shedding life giving light on what often remains ill defined and unclear this book sets forth a vision of biblical spirituality a renewed sense of the momentousness of being alive in God s world as God s people are led by God s Spirit through God s Word unto godly Christlike character With careful exegetical work and theological reflection the contributors pastors and scholars such as Christopher W Morgan Paul R House Nathan A Finn and Gregg R Allison address spirituality from the perspective of the Bible exploring topics such as the Trinity divine sovereignty and human responsibility the already and not yet and the church This book also addresses practical questions about spirituality related to the workplace disciplines of the body and more **Christianity , Don't Fire Your Church Members** Jonathan Leeman, 2016-01-15 The goal of this book is to present a fresh and innovative argument for congregationalism **To Save Sinners** Michael Riccardi, 2023-04-12 The atoning work of the Lord Jesus Christ on the cross stands as the very epicenter of Christianity the very heart of the gospel Because of this one does not stray far from the heart of the Christian faith when he asks For whom has Christ accomplished so great a salvation Answers to that question have historically fallen in two broad categories Either Jesus died for all people without exception or he died only for those whom the Father has chosen to save Recently a mediating view has

arisen arguing that we should not choose between these options but that Jesus died with multiple intentions for all without exception and for the elect alone In this book Michael Riccardi offers a critical evaluation of the multiple intentions view from the perspective of classic particularism The book demonstrates that while the third way proposed is attractive at first blush beneath the surface it faces insurmountable biblical and theological problems including the redefinition of the nature of the atonement itself Riccardi demonstrates that particular redemption is the teaching of the text of Scripture against the objections of one of its strongest opponents

**The Presence of God** J. Ryan Lister, 2014-11-30 God is with us We say this in our sermons prayers and songs but what does it really mean For many Christians the whole notion of God's presence remains vague and hard to define Exploring both the Old and New Testaments professor J Ryan Lister seeks to recover the centrality of the presence of God in the whole storyline of Scripture a theme that is too often neglected and therefore misunderstood In a world that longs for yet struggles to find intimacy with the Almighty this book will help you discover the truth about God's presence with his people and what his drawing near means for the Christian life *The Evangelical Quarterly*, 1999

*Reformed Theology* Michael Allen, 2010-09-02 Introduces Reformed theology by surveying the doctrinal concerns that have shaped its historical development [Index to Book Reviews in Religion](#), 1999

**The Providence of God** Paul Helm, 1994-02-25 In this concise and accessible introduction Paul Helm outlines for students and interested readers the doctrine of divine providence Unlike many doctrinal treatments his approach is not historically oriented Instead Helm focuses on the underlying metaphysical and moral aspects of God's providence paying particular attention to the ideas of divine control providence and evil and the role of prayer in relationship to providence

**The Word Enfleshed** Oliver D. Crisp, 2016-09-20 A Fresh Theological Account of the Person and Work of Christ The literature on Christology is large and ever expanding The same is true for work on the atonement which has blossomed in the last decade Few studies attempt to connect the dots between these two theological topics however In this volume respected theologian Oliver Crisp offers a fresh analytic theological account of the person and work of Christ focusing on the theme of union with God Incarnate Along the way he engages a range of contemporary and historic Christian thinkers and tackles a number of key issues in contemporary discussions Wide ranging and carefully argued this unified account of the person and work of Christ will be of interest to scholars and students of Christian theology

**Theology and the Practice of Responsibility** Wayne W. Floyd, Charles Marsh, 1994 [Religious and Theological Abstracts](#), 2007 [Contours of Christian Theology](#), 19??

**American Book Publishing Record**, 2003 **Subject Guide to Books in Print**, 1996 *Forthcoming Books* Rose Army, 2003
