

The book cover features a stylized illustration. A large, arched window frame is set into a reddish-brown wall. Through the window, a serene landscape is visible, consisting of a calm blue sea meeting a light blue sky at a distant horizon. In the foreground, on a red surface, sits a simple wooden bench. To the left of the bench, a dark, smooth sphere rests on the red surface. The overall design is minimalist and evocative, suggesting a place of contemplation and discovery.

The Visionary Window A Quantum Physicists Guide To Enlightenment:

The Visionary Window Amit Goswami, 2012-12-19 Does God exist Can spirituality be integrated with science Is happiness possible Do miracles really happen Not only does *The Visionary Window* answer yes to all of these questions but it skillfully combines the fields of philosophy cosmology religion and psychology to form a new way of thinking about science and spirituality Stepping beyond the classic work of prominent seventies physicist Fritjof Capra Goswami details his own pioneering exploration of science and spirit revealing the complete integration between modern science and spiritual traditions Using stories and colorful examples from pop culture Goswami addresses complex issues in language and terminology easily accessible to the lay reader He provides quantum physics based theory and new experimental data verifying the metaphysical truth that exists when employed in the context of a new science science within the primacy of consciousness With a new holistic worldview Goswami also discusses the creativity of the body to self heal the power of spiritual practice and how to choose a meditative path and the five stages of spiritual growth culminating in the ability to transcend the physical laws of nature Readers scientists and spiritual leaders alike will find answers to many of life s deepest mysteries

How Quantum Activism Can Save Civilization Amit Goswami, 2010-03-01 Goswami shows that the quantum worldview is not dreamy philosophy or esoteric physics but has profound social consequences of planetary significance Larry Dossey MD New York Times bestselling author *Beginning with Taking the Quantum Leap* by Fred Alan Wolf there have been a number of books that have created new paradigms for integrating science and spirituality These books have been long on theory and short on application This work represents something completely different for this genre In his previous book *God is Not Dead* Goswami proved that not only are science and religion compatible but that quantum physics proves the existence of God In this new book Goswami moves beyond theory into the realm of action He asserts that quantum thinking is striking the death blow to scientific materialism that quantum thinking allows us to break from past bad habits and brings us into free will and possibilities Beginning with the question God is here so what are you going to do about it Goswami calls for a plan of action that involves applying quantum thinking to a variety of societal issues He issues a call for a spiritual economics that is concerned with our well being rather than only our material needs democracy that uses power to serve instead of dominating others education that liberates rather than shackles and new healthy practices that restore wholeness Dr Amit Goswami as usual has the most brilliant insights into how consciousness conceives constructs and becomes biology Deepak Chopra Read it seriously and take heart all is not lost and we can change reality Fred Alan Wolf author of *Taking the Quantum Leap*

The Quantum Doctor Amit Goswami, 2011-01-01 The quantum physicist author of *The Self Aware Universe* calls for mainstream applications of integrated medicine in the health care industry presenting bold interpretations of leading alternative medicines to explain how they can be an effective part of an integrated medical practice Original *The*
