Cushnie-Mansour, 2012-04 Virginia has escaped her year long imprisonment with her son Santan She hopes to raise him to be a good moral man Santan however is sensitive to sunlight and he has trouble with solid food He is the half human half vampire child of Virginia and her former captor Count Basarab Musat king of the vampires and Virginia knows that one day the boy's father will come for him For the time being the count is busy in his home country of Transylvania There is the potential for a family disaster and he is the only one strong enough to pick up the pieces Even in the midst of the drama he feels he may be losing his passion for the kill He hunts the streets searching for blood to rekindle his lust for the living In the back of his mind he considers Virginia and his son but he cannot return to them yet Far away Virginia has her own troubles Her last night with the count left a gift she is pregnant with another of his offspring She is haunted by dreams of Basarab At first they are infused with light and love and she believes she may be able to rekindle her relationship with the count But soon the dreams turn dark and her fear returns Virginia is being hunted and the count may be the only monster strong enough to keep her safe **A Night with Damien Spur** Nina Saville, 2024-11-28 When a famous novelist falls for the wrong woman all his demons come up for review Comedy of errors. Lives of the Voice Hans Ulrich Gumbrecht, 2025-04-15 When it comes to understanding the ontology of individual existence that is the everyday behaviors that we all perform and hardly ever think about the voice has a particularly complicated status Together with writing voice is the medium expressing ideas that broadly speaking we have previously formed in our minds At the same time voices trigger vague images and associations that do not have determinate forms Writing in both a personal and philosophical register Hans Ulrich Gumbrecht explores the complexity of the voice as an understudied philosophical social and existential phenomenon He starts out with a focus on its core intellectual problem as the knot of the voice referring to the inseparable proximity between meanings images and the physical perceptions on which they depend In conversation with Nietzsche Husserl Heidegger Derrida Lyotard Luhmann and above all Roland Barthes Gumbrecht addresses topics that range from the social functions of the voice to its status in different historical contexts and to the ways in which the perception of voices animates imagination Throughout incisive analyses of moments such as Julius Caesar s purportedly high pitched voice the surprisingly fragile authority of God s voice in the Torah and in the Gospel and Gumbrecht s own personal attachment to the voices of popular singers such as Edith Piaf Elvis Presley and Adele create a portrait of the voice that is both philosophically challenging and entertaining to read
