Robert Kirkman Terrence R. Wandtke, 2021-07-29 Robert Kirkman b 1978 is probably best known as the creator of *The Walking Dead* The comic book and its television adaptation have reinvented the zombie horror story transforming it from cult curiosity and parody to mainstream popularity and critical acclaim In some ways this would be enough to justify this career spanning collection of interviews Yet Kirkman represents much more than this single comic book title Kirkman's story is a fanboy's dream that begins with him financing his irreverent independent comic book *Battle Pope* with credit cards After writing major titles with Marvel comics *Spider-Man* *Captain America* and *X-Men* Kirkman rejected companies like DC and Marvel and publicly advocated for creator ownership as the future of the comics industry As a partner at Image Kirkman wrote not only *The Walking Dead* but also *Invincible* a radical reinvention of the superhero genre Robert Kirkman *Conversations* gives insight to his journey and explores technique creativity collaboration and the business of comics as a multimedia phenomenon For instance while continuing to write genre based comics in titles like *Outcast* and *Oblivion Song* Kirkman explains his writerly bias for complex characters over traditional plot development As a fan turned creator Kirkman reveals a creator's complex relationship with fans in a comic con era that breaks down the consumer producer dichotomy And after rejecting company ownership practices Kirkman articulates a vision of the creator ownership model and his goal of organic creativity at Skybound his multimedia company While Stan Lee was the most prominent comic book everyman of the previous era of comics production Kirkman is the most prominent comic book everyman of this dynamic evolving new era

Autumn: Aftermath David Moody, 2025-10-16 It's been almost one hundred days since a killer disease wiped out 99% of the population Three months since the dead reanimated Survivors are few and far between now and those who remain stick together to give themselves the best possible chance of continuing to stay alive They are the last of the living A band of refugees has taken shelter in a medieval castle a fortress that has stood strong for hundreds of years Besieged by the dead they only emerge when it's absolutely necessary As autumn turns to winter however the balance of power slowly begins to shift The unexpected appearance of survivors from another group changes everything They bring choice and an alternative way of life which is a far cry from the world everyone has been forced to leave behind Society as we know it has crumbled beyond repair and things will never be the same again Some people are ready to embrace this change others can't let go of the past The choice is divisive Are we entering mankind's final days In the aftermath of the disease will the last survivors destroy each other or will the dead destroy them all
