Banks, 2024-09-24 Friends and family delve into the secrets of a dying man s past in this literary novel by the award winning author of The Wasp Factory A goodbye letter to the world and all of its wonder and terror Cory Doctorow boingboing net Eighteen year old Kit is weird big strange odd socially disabled on a spectrum that stretches from highly gifted at one end to nutter at the other At least Kit knows who his father is he and Guy live together in a decaying country house on the unstable brink of a vast quarry His mother s identity is another matter Now though his father s dying and old friends are gathering for one last time Uncle Paul s a media lawyer now Rob and Ali are upwardly mobile corporate bunnies pretty hopeful Pris is a single mother Haze is still living up to his drug inspired name twenty years on and fierce protective Hol is a gifted if acerbic critic As young film students they lived at Willoughtree House with Guy and they ve all come back because they want something Kit too has his own ulterior motives Before his father dies he wants to know who his mother is and what s on the mysterious tape they re all looking for But most of all he wants to stop

time and keep his father alive Fast paced gripping and savagely funny *The Quarry* is a virtuoso performance whose soaring riffs on the inexhaustible marvel of human perception and rage against the dying of the light will stand among Iain Banks's greatest work This is vintage Banks full of heart black comedy and vitriol and is sure to delight his fans Sunday Mirror UK A journey into the dark heart of a disease This is a novel that's perched at the dangerous edge of things looking down It's an urgent novel and an important one The Observer UK Banks was an extraordinary writer in straight literary fiction and in his science fiction novels he engaged the world with passion For good reason Banks's many fans will devour this book Library Journal

Iain Banks' *The Wasp Factory*, *The Crow Road* and *Whit* Alan MacGillivray, 2001 The SCOTNOTES booklets are a series of study guides to major Scottish writers and texts frequently used within literature courses aimed at senior secondary school pupils and students in further education This title covers three novels by Iain Banks

Use of Weapons Iain M. Banks, 2008-12-22 The man known as Cheradenine Zakalwe was one of Special Circumstances' foremost agents changing the destiny of planets to suit the Culture through intrigue dirty tricks and military action The woman known as Diziet Sma had plucked him from obscurity and pushed him towards his present eminence but despite all their dealings she did not know him as well as she thought The drone known as Skaffen Amtiskaw knew both of these people It had once saved the woman's life by massacring her attackers in a particularly bloody manner It believed the man to be a lost cause But not even its machine could see the horrors in his past Ferociously intelligent both witty and horrific *Use of Weapons* is a masterpiece of science fiction The Culture Series Consider Phlebas The Player of Games *Use of Weapons* The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata

Demons of the Body and Mind Ruth Bienstock Anolik, 2014-01-10 The Gothic mode typically preoccupied by questions of difference and otherness consistently imagines the Other as a source of grotesque horror The sixteen critical essays in this collection examine the ways in which those suffering from mental and physical ailments are refigured as Other and how they are imagined to be monstrous Together the essays highlight the Gothic inclination to represent all ailments as visibly monstrous even those such as mental illness which were invisible Paradoxically the Other also becomes a pitiful figure often evoking empathy This exploration of illness and disability represents a strong addition to Gothic studies

Surface Detail Iain M. Banks, 2010-10-28 *Surface Detail* is among Iain M. Banks' Culture novels a breathtaking achievement from a writer whose body of work is without parallel in the modern history of science fiction It begins in the realm of the Real where matter still matters It begins with a murder And it will not end until the Culture has gone to war with death itself Lededje Ybreq is one of the Intagliated her marked body bearing witness to a family shame her life belonging to a man whose lust for power is without limit Prepared to risk everything for her freedom her release when it comes is at a price and to put things right she will need the help of the Culture Benevolent enlightened and almost infinitely resourceful though it may be the Culture can only do so much for any individual With the assistance of one of its most powerful and arguably deranged warships Lededje finds herself heading into a combat zone not even sure

which side the Culture is really on A war brutal far reaching is already raging within the digital realms that store the souls of the dead and it s about to erupt into reality It started in the realm of the Real and that is where it will end It will touch countless lives and affect entire civilizations but at the center of it all is a young woman whose need for revenge masks another motive altogether The Culture Series Consider Phlebas The Player of Games Use of Weapons The State of the Art Excession Inversions Look to Windward Matter Surface Detail The Hydrogen Sonata Transition Iain M. Banks,2009-09-05 There is a world that hangs suspended between triumph and catastrophe between the dismantling of the Wall and the fall of the Twin Towers frozen in the shadow of suicide terrorism and global financial collapse Such a world requires a firm hand and a guiding light But does it need the Concern an all powerful organization with a malevolent presiding genius pervasive influence and numberless invisible operatives in possession of extraordinary powers Among those operatives are Temudjin Oh of mysterious Mongolian origins an un killable assassin who journeys between the peaks of Nepal a version of Victorian London and the dark palaces of Venice under snow Adrian Cubbish a restlessly greedy City trader and a nameless faceless state sponsored torturer known only as the Philosopher who moves between time zones with sinister ease Then there are those who question the Concern the bandit queen Mrs Mulverhill roaming the worlds recruiting rebels to her side and Patient 8262 under sedation and feigning madness in a forgotten hospital ward in hiding from a dirty past There is a world that needs help but whether it needs the Concern is a different matter Matter Iain Banks,2008 The dazzling new Culture novel from a modern master of science fiction a tour de force of brilliant storytelling world building and imagination

Endless Forms Seirian Sumner,2022-07-12 A book that draws us in to the strange beauty of what we so often run away from Robin Ince author of The Importance of Being Interested In this eye opening and entertaining work of popular science in the spirit of The Mosquito Entangled Life and The Book of Eels a leading behavioural ecologist transforms our understanding of wasps exploring these much maligned insects secret world their incredible diversity and complex social lives and revealing how they hold our fragile ecosystem in balance Everyone worries about the collapse of bee populations But what about wasps Deemed the gangsters of the insect world wasps are winged assassins with formidable stings Conduits of Biblical punishment provokers of fear and loathing inspiration for horror movies wasps are perhaps the most maligned insect on our planet But do wasps deserve this reputation Endless Forms opens our eyes to the highly complex and diverse world of wasps Wasps are 100 million years older than bees there are ten times more wasp species than there are bees There are wasps that spend their entire lives sealed inside a fig wasps that turn cockroaches into living zombies wasps that live inside other wasps There are wasps that build citadels that put our own societies to shame marked by division of labor rebellions and policing monarchies leadership contests undertakers police negotiators and social parasites Wasps are nature s most misunderstood insect as predators and pollinators they keep the planet s ecological balance in check Wasps are nature s pest controllers a world without wasps would be just as ecologically devastating as losing the bees or beetles or

butterflies Wasps are diverse and beautiful by every measure and they are invaluable to planetary health Professor Sumner reminds us we d do well to appreciate them as much as their cuter cousins the bees **Studies in Scottish Fiction, 1945 to the Present** Susanne Hagemann,1996
