The Way Back To Florence:

Florence's Mail Order Husband Kate Whitsby, 2014-11-29 Mr Acton Abbot is upset about his daughter's decision to marry a man she ordered from the mail. He had wanted her to marry another wealthy rancher. He is unsure about her new husband and worried about what will happen when he comes to the ranch. However, when Foster Gregory arrives, he seems to be everything Mr Abbot had wanted. Florence falls in love with him instantly. Bill and Grant don't trust him at first but come to understand him better as he starts to learn their way of life. Florence is changed by her marriage and wonders where it will take her.

The Unforgiven Hugo Spidalieri, 2020-01-31 The Unforgiven is the story of two women who meet in their childhood, spend their lives together, and in an act that takes place, it forever changes the course of their lives and people in it. The story embodying the manuscript is the depiction of two young women of diverse ethnic and social backgrounds brought together as young girls on summer vacation in their youth. The story chronicles the years of their lives spent together and apart, and the love between them that becomes.

Damp Legacy Trevor Sproston, 2012-10-12 Continuing from where Volume One leaves off, Damp Legacy Part Two FRUITION takes up the mining communities' story as it comes to terms with the tragic events and looks towards a brighter future. Life must go on; their strength of human spirit enables them to surmount all obstacles. FRUITION leaves behind the melancholy. At the coalmine, unscrupulous men descend upon the scene to take advantage of the situation. By so doing, they incur the interest of covert government officials, a secretive organisation, and of a high-ranking influential Knight of the Realm with a score to settle. Mentored by the feisty Antoinette, a naive innocent girl blossoms into womanhood whilst Henry moves a step closer to his heart's desire, and his former partner's mistress learns she is still protected from beyond the grave.

In Darkest London Jamieson Ridenhour, 2013 During the 19th century, London was a complex, vibrant, and multi-faceted city, the first true metropolis. As such, it contained within it a widely disparate array of worlds and cultures. Representations of London in literature varied just as widely. In the late 1830s, London began appearing as a site of literary terror, and by the end of the century, a large proportion of the important Victorian Gothic revival novels were set in the city: *The Strange Case of Dr Jekyll and Mr Hyde*, *The Picture of Dorian Gray*, *The Three Impostors*, *The Beetle*, *Dracula*, and many others. *In Darkest London* is a full-length study of the Victorian Urban Gothic, a pervasive mode that appears not only in straightforward novels of terror like those mentioned above but also in the works of mainstream authors such as Charles Dickens and in the journalism and travel literature of the time. In this volume, author Jamieson Ridenhour looks beyond broad considerations of the Gothic as a historical mode to explore the development of London and the concurrent rise of the Urban Gothic. He also considers very specific aspects of London's representation in these works and draws upon recent and then contemporary theories, close readings of relevant texts, and cartography to support and expand these ideas. This book examines the work of both canonical and non-canonical authors, including Dickens.
