religion has weakened a growing number of people now desire individualized religious and spiritual experiences finding the self complacency of secularism unfulfilling The crisis of religion is itself a form of religious life A sense of complex subterranean interaction between religious heterodox secular and atheistic experiences has thus emerged which makes the phenomenon all the more fascinating to study and this is what Religion in Contemporary European Cinema does The book explores the mutual influences structural analogies shared dilemmas as well as the historical roots of such a post secular constellation as seen through the lens of European cinema Bringing together scholars from film theory and political science ethics and philosophy of religion philosophy of film and theology this volume casts new light on the relationship between the religious and secular experience after the death of the death of God **Lars von Trier's Cinema** Rebecca Ver

Straten-McSparran,2021-11-11 This book offers a bold and dynamic examination of Lars von Trier's cinema by interweaving philosophy and theology with close attention to aesthetics through style and narrative It explores the prophetic voice of von Trier's films juxtaposing them with Ezekiel's prophecy and Ricoeur's symbols of evil myth and hermeneutics of revelation The films of Lars von Trier are categorized as extreme cinema inducing trauma and emotional rupture rarely paralleled while challenging audiences to respond in new ways This volume argues that the spiritual biblical content of the films holds a key to understanding von Trier's oeuvre of excess Spiritual conflict is the mechanism that unpacks the films notorious excess with explosive centrifugal force By confronting the spectator with spiritual conflict through evil von Trier's films truthfully and prophetically expose the spectator's complicity in personal and structural evil forcing self examination through theological themes analogous to the prophetic voice of the transgressive Hebrew prophet Ezekiel his prophecy and its form of delivery Placed in context with the prophetic voices of Dante Milton Dostoyevsky O'Connor and Tarkovsky this volume offers a theoretical framework beyond von Trier It will be of great interest to scholars in film studies film and philosophy film and theology **The Films of Andrei Tarkovsky** Vida T. Johnson, Graham Petrie,1994-12-22 Johnson and Petrie have

produced an admirable book Anyone who wants to make sense of Tarkovsky's films a very difficult task in any case must read it The Russian Review This book is a model of contextual and textual analysis the Tarkovsky myth is stripped of many of its shibboleths and the thematic structure and coherence of his work is revealed in a fresh and stimulating manner Europe Asia Studies This book with its wealth of new research and critical insight has set the standard and should certainly inspire other writers to keep on trying to collectively explore the possible meanings of Tarkovsky's film world Canadian Journal of Film Studies For Tarkovsky lovers as well as haters this is an essential book It might make even the haters reconsider Cineaste This definitive study set in the context of Russian cultural history throws new light on one of the greatest and most misunderstood filmmakers of the past three decades The text is enhanced by more than 60 frame enlargements from the films Plotinus and the Moving Image,2017-11-13 Plotinus and the Moving Image offers the first philosophical discussion on Plotinus philosophy and film It discusses Plotinian concepts like the One in a cinematic context and relates Plotinus theory

of time as a transitory intelligible movement of the soul to Bergson's and Deleuze's time image. Film is a unique medium for a rapprochement of our modern consciousness with the thought of Plotinus. The Neoplatonic vestige is particularly worth exploring in the context of the newly emerging Cinema of Contemplation. Plotinus' search for the intelligible that can be grasped neither by sense perception nor by merely logical abstractions leads to a fluent way of seeing. Parallels that had so far never been discussed are made plausible. This book is a milestone in the philosophy of film. Contributors are Cameron Barrows, Thorsten Botz-Bornstein, Michelle Phillips-Buchberger, Steve Choe, Stephen Clark, Vincenzo Lomuscio, Tony Partridge, Daniel Regnier, Giannis Stamatellos, Enrico Terrone, Sebastian F. Moro, Tornese, and Panayiota Vassilopoulou.
