Poulter, Ph.D, 2010-12 The father factor is the conscious understanding awareness and appreciation of the critical influence that your father had still has or could have in your career development and future potential Noting that the father son or father daughter relationship is one of the least understood relationships in adult life Dr Poulter helps you become acutely aware of the immeasurable impact negative or positive that your father has on your ability to relate to other people From this recognition you will also learn to move past the career roadblocks that frequently stem from the lingering effects of your father s influence Defining five main styles of fathering Dr Poulter devotes a chapter each to The Superachiever Father The Time Bomb Father The Passive Father The Absent Father whether physically or emotionally The Compassionate Mentor Father By becoming aware of how your

father related to you particularly in a destructive relationship you'll understand how your career relationships in many ways mirror your degree of comfort with your father's emotional legacy. In this way career roadblocks often based on interactions with people on the job will be more easily transformed into career building blocks that will lead to advancement and success.

Från skam till självrespekt Marta Cullberg Weston, 2010-12-17 Under Marta Cullberg Westons terapeutiska arbete med personer som lider av negativa självbilder har det blivit tydligt att skam ligger under ytan och saboterar livet för många människor. Skam är en svår känsla att bota eftersom den angriper självrespekten. Från skam till självrespekt belyser skammens olika ansikten och hur man kan hantera känslan av skam på ett konstruktivt sätt som möjligt. Boken inleds med skamsituationer som alla kan känna igen sig i där man känner att man vill sjunka genom jorden och aldrig mer visa sig och hur man hanterar dem. Skillnaden mellan skam och skuld klargörs. Skuld handlar om att man gjort något dumt eller dåligt och som man därför kan göra sig till gott. Skam handlar istället om en känsla av avsky inför den man är och därför är mycket svårare att låta. Marta Cullberg Weston tillför kunskap och ger ledaren möjlighet till egen behandling av sin skam. The Mask of Shame Leon Wurmser, 1981 *American Book Publishing Record* R.R. Bowker Company, 1978 *Quando el estado empobrece a la nación*, 2006 **Human Interaction and Emotional Awareness in Gestalt Therapy** H. Peter Dreitzel, 2021-03-25 In *Human Interaction and Emotional Awareness in Gestalt Therapy* H. Peter Dreitzel explores a model of the contacting processes between human beings and their environments and presents a phenomenological exploration of the emotions guiding such contacts. The book makes an important contribution to our understanding of the role of psychotherapy in the modern world especially in the context of change and crisis. Dreitzel sets out a new perspective of how we interact with each other, how we frame our encounters and differentiate them from one another, how we give them meaning and how they are related to our needs and wants. This is followed by a unique phenomenological exploration of the emotions guiding such contacts, the first time the world of human feelings has been explored in depth and systematically analysed in Gestalt thought. These innovative explorations are framed first by a discussion of the historical development of Western conventions regarding everyday behaviour and secondly by an examination of perspectives on climate change. Dreitzel analyses the mental and emotional states of potential clients as they are affected by these global processes and the book also includes an epilogue which evaluates how to work with climate anxiety. Dreitzel's conception of social change with Gestalt therapy at its core is relevant to all aspects of humanistic psychology. It elevates empathy, emotional development and the prevention of suffering at all levels of society, filling important

gaps in Gestalt therapy theory and expanding it into exciting new territory Human Interaction and Emotional Awareness in Gestalt Therapy also contains an insightful foreword by Michael Vincent Miller PhD and will be essential reading for Gestalt therapists other professionals with an interest in Gestalt approaches and readers interested in social interaction climate change and the role of psychotherapy in a changing world Subject Guide to Books in Print ,2001 **Restoration & Management Notes** ,1992 **Man & Freedom** F.
