Jan Holton, Jill L. Snodgrass, 2025 As awareness of the widespread presence of trauma grows popular culture can name everything stressful traumatic Yet diagnostic definitions of trauma overlook cultural understandings that refine our conceptualization of trauma M Jan Holton and Jill L Snodgrass argue for a theory and theology of trauma to navigate such complexities In [Reframing Trauma](#) Holton and Snodgrass compile essays that expand our understanding of trauma as a stress trauma continuum The volume engages the challenges of racism eco violence and myriad sociopolitical and interpersonal injustices that injure individuals communities and the globe Each essay is grounded in a strength based approach to trauma and contextualizes our societal negativity bias within spiritual values of hope growth and resilience Meanwhile the understanding of a trauma stress continuum avoids diminishing the suffering that emerges from stress and trauma of all kinds Holton and Snodgrass also offer a reframed theology of trauma The volume mines Christian theology and wisdom from other faith traditions for insight into interpersonal and communal woundedness that paradoxically both expands and narrows our understandings of trauma This exploration helps identify implications for spiritually integrated care and counseling chaplaincy and pastoral education The result is a groundbreaking understanding of stress and trauma as an ever evolving concept that is imbued with theological and spiritual wisdom Such wisdom eschews the limitations of Western understandings of trauma This wisdom offers insight into how stressful and traumatic experiences can be both life limiting and life giving both despair inducing and the impetus for growth and resilience [Reframing Trauma](#) will engage educators in pastoral and practical theology spirituality and psychology care practitioners in congregational and healthcare settings and clinical mental health professionals who offer spiritually integrated care Likewise trained Christian laity will find the book an invaluable resource for cultivating an inclusive and meaningful understanding of trauma in their congregational caregiving **Religion and Theology:**

Teaching for a Multifaith World Eleazar S. Fernandez,2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that s who we are Neither does

radical hospitality require that we water down our commitment because faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side **Injustice and the Care of Souls, Second Edition** Sheryl A. Theopolitics and the Era of the Witness Jane Barter, 2025-06-30 Theopolitics and the Era of the Witness focuses on witnessing in the aftermath of political atrocity or genocide It offers a diachronic study of the relationship between theological forms of witnessing within Jewish and Christian traditions and public forms of witnessing in the twentieth and twenty first centuries This book explores the ways in which various witnesses to political atrocity and their mediators tacitly

drew on religious themes of salvation to make sense of their suffering It investigates survivor testimony and the use made of it through scholarly interpretations of testimony within the Hebrew Bible New Testament and theological and philosophical traditions within Judaism and Christianity The chapters move from a consideration of the early post Shoah writings of Paul Celan and Primo Levi through to a discussion of the Truth and Reconciliation Commissions of South Africa and Canada The author makes the case for a weak messianism or remnant witnessing as an antidote to overdetermined and politicized uses made of survivor testimonies This book makes a valuable contribution to the work of theopolitics which claims that theology despite its persistent misuse can serve a constructive and critical force within public life albeit in a chastened key
