Freedom, Festivals and Caste in Trinidad After Slavery Neil A. Sookdeo,2001-05-18 Dr SookDeos book shows the relevance of the past to the present by using the case study of Trinidad that highlights the crippling disadvantages that accrue to any people experiencing segregation no matter the era or system of government The study challenges notions of free labor caste and free immigration especially as it applied to the Caribbean region at the end of slavery and Emancipation 1838 in the British Empire One thread of commonality with more radical studies of the past is that colonialism perpetuated a caste society similar to the one experienced under slavery In Trinidad this was true not only in labor but in education and even when the authorities responded to mass festivals and other freedoms Such a study is prescient and relevant today where opportunities for healthy race and economic relations within nations such as Trinidad were lost This has been to the detriment of national growth and development in all aspects of Trinidads life The irony for the East Indians arriving in nineteenth century Trinidad was that if some of them had left the worst features of caste ism behind they were entering another rigidly caste structured society in the New World The ostensibly free British citizens of India coveted as substitutes for slaves after Emancipation had the historical destiny to contribute to the free labor system in Trinidad but they paid a heavy cost In general studies of the island nation Indo Trinidadian indenture is separated from labor history this author sees a continuum of many labor regimes including slavery peonage indenture of many stripes and free labor The US has unearthed evidence in the 1990s that new forms of indented immigration continue in our time When East Indian history is written as part of Caribbean labor history we see a story of courage of pre industrial people learning how to organize and demand human rights to survive and make progress with the slowly increasingly opportunities of capitalism This work reveals much about transitions in society generally and about the transition from slavery to free labor more specifically That transition is for Trinidad a summary of the daily struggles of laboring adults and children who succeeded as immigrants against unimaginable odds A largely illiterate male population ill prepared for western multi racial societies anonymous behind studies that focus on numerous regulations platitudes gross statistics and averages come to life in this study This study humanizes caste and outcaste groups who knew nothing of Trinidad and it shows what indenture contracts meant in the East Indians day to day life on Trinidads plantations Many Indians who did not succumb during the three month voyage from British India to British Trinidad died of poor health and diet on the plantations or after expulsion from the estates when they could no longer work some were found dying on the roads Individual deaths on ships beatings and whipping of indented workers and leaders medical and food inadequacies on Walkinshaws Estate in 1846 abuse of indented laborers their wives and children are connected with real people and names Especially damning of British sponsored indenture was its relegating of Indians to pass carrying prisoners of an anachronistic apartheid state Indians became the largest sub group of prisoners

allegedly for violating rules that were unfair or hard to understand The untruths told Indians about high wages at nearby farms and outright abductions of men and women and capricious extension of contracts are juxtaposed with other contemporaneous labor migrations In other words Portuguese Chinese and free African indented migration to Trinidad occurred at this very moment in time yet Indians were probably the most abused single group SookDeos study connects this to the spirit of the times where colonial elites and pla

Mass Media and Foreign Policy Walter C. Soderlund, 2003-05-30 The terrorist attacks on the United States that occurred on September 11 marked the end of an historical era known as the post Cold War period During this time the U S government produced no clear media guidelines for dealing with world crises and media coverage increasingly came to be focused on domestic conflicts rather than international ones In the absence of a clearly defined threat no dominant media frame replaced the time worn Cold War in media reporting Mass media has been recognized as an important intermediary between the government and the population In this context this study examines network coverage of seven post Cold War crises ranging from Cuba to Mexico occurring in the Caribbean Basin between 1990 and 1996 to evaluate the framing of these events by the various media covering them In providing context for understanding these crises this examination reviews U S policy in each case and discovers a strong correlation between the level of U S involvement in the crisis and the amount of media attention generated By appearing on the news or not the president along with key Cabinet members were able to define whether an event constituted a crisis for the United States In instances where the media received little guidance from Washington officials on the implications for the United States the media did attempt to provide explanations of events however coverage tended to be minimal Case studies include the recording and coding of language used as positive negative and neutral ambiguous

Common Law and Colonised Peoples Jeannine M. Purdy, 2019-01-15 Published in 1997 It is well known in Australia that Aboriginal people are currently massively over represented amongst the prison population Although it is not officially acknowledged to the same degree in Trinidad it is also well known that Afro Trinidadians are over represented in the prisons of that county The disproportionate criminalisation of Aboriginal Australians and Afro Trinidadians is interpreted by the author as a continuation and concretion of the myth of the barbaric uncivilised and ungoverned savage in opposition to which Western legal systems and societies have created their own identities The book departs from much contemporary analysis in this area by drawing strongly upon a historical analysis of the operations of the common law in Trinidad and Western Australia By doing so the book illustrates that race ethnicity and criminalisation are not necessarily contiguous What such analysis does reveal is another and more constant dimension to criminalisation and that is economic basis of many of the legal relations instituted under British derived legal systems with respect to colonised peoples

For six days in 1990 Trinidad and Tobago a former British colony that had achieved its independence in 1962 was virtually held for ransom by a fundamentalist Muslim group known as the Jamaat al Muslimeen. The terrorists launched an armed invasion of the sitting Parliament and the country's lone television station. Days of Wrath recounts the days of terror wrought by a handful of Muslim terrorists. Told by seasoned journalist Raoul Pantin who was one of the hostages in the Trinidad and Tobago Television station building, this sensational account describes in vivid detail the scene that had the citizens of the nation wondering if they would now have to submit to another form of colonization. *Special Report on the Six-day Siege by Members of the Jamaat-al-Muslimeen in Trinidad and Tobago* Sunday Guardian (Trinidad), 1990. **Special Report on the Six-day Siege by Members of the Jamaat-al-Muslimeen in Trinidad and Tobago** Therese Mills, 1990. **Power in the Streets** James Millette, 1991.

Trinidad 1990 Sanjay Badri-Maharaj, 2020-09-17. Trinidad has the distinction of contributing the highest number of recruits per capita to the cause of notorious Islamic State. The case of Trinidad and Tobago, usually abbreviated Trinidad, makes for an interesting study as on the face of it a well integrated Muslim population, a strong welfare state and an absence of political persecution on any religious or racial basis should not provide fertile recruiting ground for Jihadist ideology. However, the converse is most certainly the case as not only is attraction to such extremist causes growing but the numbers of Trinidadian nationals willing to fight for IS is also increasing. What is happening in Trinidad is symptomatic of a broader problem as Jihadi groups have widened their reach where apparently unconnected groups can now ally with the ideology and resource bases of better known groups without formally being part of them. The flirtation with Islamist ideology on Trinidad dates back many years and through a combination of incompetence, political naivety and unfortunate compromises. Indeed, the country faced the only Islamist coup in the entire Latin America Caribbean region and the hemisphere. On 27 July 1990 a radical Afro-Trinidadian Islamist group, the Jamaat al Muslimeen, led by Imam Yasin Abu Bakr, an Afro-Trinidadian convert to Islam previously known as Lennox Philip, and a former policeman, launched an armed insurrection with 113 of his followers. Their attack quickly sacked the entire leadership of the local government, the then Prime Minister of Trinidad, Arthur N. R. Robinson, most of his cabinet and several opposition Members of Parliament, plus the staff of the government-owned

television and radio networks were held hostage for six dramatic days The Parliament Building the television and radio studios were occupied by armed insurgents and were severely damaged during the standoff with security forces that ensued The Trinidad and Tobago Police Service collapsed within the first hour of the insurrection abandoning the capital city Port of Spain and the military took hours to assemble a viable fighting force This book details the background to the dramatic events of July 1990 as well as the insurrection itself and the highly successfully military operation that quelled it It was a coming of age for the Trinidad and Tobago Defense Force which without requiring external intervention contained and then defeated an Islamist uprising Trinidad 1990 is illustrated by more than 100 authentic photographs from local archives maps and color profiles all of which serve to illustrate what became a little known yet highly successful operation against international jihadism Black Flags of the Caribbean Simon Cottee, 2021-03-25 The Caribbean does not immediately come to mind when we think about ISIS and yet in 2017 Trinidad and Tobago ranked first place in the list of western countries with the highest rates of foreign fighter radicalization with over 240 nationals travelling to Syria and Iraq to join ISIS caliphate Simon Cottee investigates how ISIS came to gain such an unlikely yet significant foothold in Trinidad Based on a three year investigation in the country featuring interviews the families and friends of those who left to join the jihad Muslim activists and community leaders imams politicians and intelligence agents this book presents the social forces and communities in Trinidad that have been affected by ISIS **The Agony of Trinidad** ,1990
