Contemporary Perspectives on Art and International Development Polly Stupples, Katerina Teaiwa, 2016-10-26 Visual artists, craftspeople, musicians and performers have been supported by the development community for at least twenty years yet there has been little grounded and critical research into the practices and politics of that support. This new Routledge book remedies that omission and brings together varied perspectives from artists, policy makers and researchers working in the Pacific, Africa, Latin America and Europe to explore the challenges and opportunities of supporting the arts in the development context. The book offers a series of grounded analyses which cover strategies for the sustainability of arts enterprises, innovative evaluation methods, theoretical engagements with questions of art agency and social change, artists' entanglements with legal and structural frameworks, processes of cultural mapping and the artist-donor interface. The creative economy is increasingly recognized as a driver of development and this book also investigates the contribution made by the arts to the processes of international development and considers how those processes can best be supported by development agencies. **Contemporary Perspectives on Art and International Development** gives scholars of Development Studies, Social and Cultural Geography, Anthropology, Cultural Policy, Cultural Studies and Global Studies a contextually and thematically diverse range of insights into this emerging research field.

Polish-Belarusian Relations

Andrzej Wierzbicki, 2018-06-25 Der Autor untersucht die polnisch-weiß-russischen Beziehungen, die historisch gesehen wie der polnische Historiker Marcel Kosman schrieb sehr eng, wenn auch nicht immer idyllisch, waren. Kosman 1979 S. 6 Der belarussische Autor Piotra Rudkowski wiederum hat es so formuliert: Für Weißrussen ist Polen mehr als ein Nachbar. In der historischen und kulturellen Dimension sind Weißrussland und Polen siamesische Zwillinge. Rudkowski 2007 S. 185. Nach Ansicht des Autors werden die polnisch-weiß-russischen Beziehungen durch die historische und kulturelle Position, den Identitätsfaktor und die geopolitische Situation bestimmt. Er betont, dass die polnisch-weiß-russischen Beziehungen den polnisch-russischen Beziehungen untergeordnet sind und dass sie in erheblichem Maße eine Funktion in den weiß-russisch-russischen Beziehungen innehaben. Der Autor widmet sich den historischen und kulturellen Determinanten der polnischen Ostpolitik, den politischen, wirtschaftlichen und kulturellen Beziehungen und versucht, die Bedeutung und internationalen Interessen der beiden Staaten zu verstehen.

War and Compromise Between Nations and States Egbert Jahn, 2019-11-30 This volume investigates both violent conflicts and non-violent conflict behavior. It addresses a variety of topics including responsibility and guilt in connection with war, violent conflicts and terrorist attacks, conflict escalation in disputed areas such as the South China Sea, Syria, and Ukraine, war as an instrument of the United States and Russia's global peace policy, and the experiences with non-violent conflict strategies in the Indian independence movement. Furthermore, it presents country studies on Switzerland and Catalonia. Peaceful interethnic relations in multilingual states in Switzerland are examined and juxtaposed against independence movements such as in Catalonia. Current political challenges faced by the European Union, e.g. divergent refugee policies and the Brexit, are also discussed.
