Twelve American Wars Eugene G. Windchy, 2019-07-01 Eugene Windchy lays bare the tricks errors and secret plans that have led the American people into avoidable wars In order to prevent wars in the future we need to know how they have come about in the past A harsh light is thrown on our wars with Muslim nations Did a policy coup in Washington demand regime changes in seven countries as alleged by retired four star General Wesley Clark Our greatest national catastrophe was the Civil War which began with Southerners firing on Fort Sumter in Charleston S C Why did the Southerners reject an opportunity to take the fort peacefully We learn who opened fire and why America s entering World War I saved the Allies from defeat Why in 1936 did Winston Churchill say the Americans ought to have stayed home and minded their own business Did Germany start World War I Triggering the war according to our textbooks was a young Bosnian Serb Gavrilo Princip who shot Austria s Archduke Ferdinand Was he a lone wolf He was not At trial sixteen men were convicted of participating in the crime They were part of an international conspiracy that did not include Germany

Two World Wars and Hitler: Who was Responsible? Jim Macgregor, John O'Dowd, 2025-03-19 A radical re interpretation of events between 1914 and 1945 this book is a scholarly revision of the history of Nazi Germany that is sure to open the eyes of many thus far reluctant to face the truth Deeply researched well sourced evidence relates the true origins of the world wars Corporal Hitler s meteoric rise to supreme power thanks to Britain and the United States of America and how in 1939 the world was once again and very deliberately taken into the abyss The book does not like so many histories about Hitler and the world wars tinker around the edges of modern history It is a unique re writing of the history at a level that is clearly understandable not merely to the academic with a wide level of expertise but to ordinary readers with no more than a general interest in the subject matter Told here for the first time the astonishing truth about British and American secret agents encouraging facilitating and funding Hitler s rise to power is sure to attract a substantial readership *Two World Wars and Hitler Who Was Responsible* by Jim Macgregor and John O Dowd takes readers on a deep dive into the murky waters of global politics exposing the intricate web of money foreign agents and geopolitical schemes that shaped the events of the 20th century This book challenges the accepted narratives surrounding the causes of the two world wars and Adolf Hitler s rise to power peeling back layers of propaganda to uncover hidden truths The authors bring their medical and academic backgrounds to bear on a meticulously researched investigation connecting dots that span continents and decades From the clandestine dealings of financial elites to the machinations of intelligence operatives the authors argue that the outcomes of these conflicts were anything but inevitable They propose that powerful individuals and institutions actively manipulated the course of history prioritizing profit and dominance over the welfare of nations and huma
