abduction incident of meng zhaoguo and much more *Greatest UFO Case File* EDITORIAL BOARD,2015-06-01 UFOs or Unidentified Flying Objects have long been a matter of great curiosity and interest for the human habitation on the Earth particularly from June 24 1947 when American pilot Kenneth Arnold reported sighting nine circular objects flying across his airplane's path in the skies over the state of Washington. His description of their movements as being like saucers skipping over the water gave birth to the term flying saucer. However, objects shaped like cigars, squares, balls, triangles, rings, and hats have also been reported to have been seen in almost every country of this huge and diverse Living Planet known as the Earth. Basically, these UFOs are amorphous and shape-changing objects. The book consists of an interesting list of UFO Encounters by various Air Force Personnels and Scientists across the globe, their experiences, detailed and exhaustive reports, etc. It also has an elaborate list of Alien Encounters and Alien Abductions. It further gives a detailed and vivid description of the various types of thrilling encounters with these strange Alien ships such as Close Encounters of the First Kind Ce1, Close Encounters of the Second Kind Ce2, Close Encounter of the Third Kind Ce3, Close Encounter of the Fourth Kind Ce4, and so on. So friends, this book will interest and captivate the minds of one and all irrespective of age, sex, religion, profession, and academic qualification, although our target audience are the children, particularly the school students. *A History of Military Encounters with UFOs* Robert Allred,2024-12-30 This book explores the long history of military encounters with UFOs, revealing hidden incidents of dogfights, nuclear interference, and mysterious confrontations with unidentified aerial phenomena. Military bodies across the world have encountered, experimented with, and even had combat with UFOs, or as the U.S. military now defines them, Unidentifiable Aerial Phenomenon or UAPs. These observations and engagements have occurred since ancient times and on all continents. Different nations and cultures have had vastly different analyses of the UFO/UAP phenomenon, from the Roman Empire to Nazi Germany and the Soviet Union and Communist China to the Western democracies. The UFO/UAP phenomenon has not diminished and has, in fact, grown in proportion in recent years and has now assumed the mantle of legitimacy in government circles, the media, and among the general public. What is less well known or even concealed are the encounters that the military have had with UFOs, some of which have even proved fatal to the terrestrials concerned. There were reported dogfights with UFOs and German aircraft in the First World War, and in the Second World War, reports of what became known as Foo Fighters became commonplace. However, it was after the war that UFO sightings increased exponentially, amongst which was a dogfight with a Mustang P-51 and a UFO in October 1948, and two years later, for two consecutive weekends in 1952, UFOs hovered over Washington D.C. Attempts were made by the U.S. Air Force to intercept the strange craft, but were outrun by the UFOs. UFOs/UAPs may have tampered with world nuclear forces, including shutting down strategic missiles of the United States and conversely activating Soviet ICBMs, almost setting off an unordered Soviet launching of atomic warheads against the United States. UFOs may also have returned fire against American military forces during the Vietnam War, sending projectiles back at patrol boats that had been fired by

those military river craft at UFOs hours or days before United States Air Force personnel including a Lieutenant Colonel also encountered UFOs on the ground and in the air at Rendlesham USAF RAF base in the UK in 1980 UFOs have played cat and mouse games with the latest fighter bombers of the United States Navy since 2004 and these events have been captured on videotape and are verified to have occurred by the pilots themselves As readers will discover from the mass of evidence presented in this book it is no longer a question of whether UFOs exist or not and that not only are such phenomenon an incontrovertible fact but that the United States has crafted plans on how to resist an alien invasion But is there any need for us humans to be concerned about the alien presence in the skies that surround our planet Yes be very concerned **Alien**
