itself Love sees everyone as blameless for it recognizes the light within each one of us is Love is the total absence of fear and the basis for all attitudinal healing The principles of attitudinal healing have been expanded since Teach Only Love was first published in 1983 There are now twelve principles which are used in the 150 Centers for Attitudinal Healing around the world Dr Jampolsky believes that these principles have a universal appeal that crosses cultural and religious barriers He has repeatedly seen how people's lives have transformed when these principles became their heartbeat and their way of communicating with others
