step manner as students are introduced to the essential ideas and practices which make such an undertaking possible. Practicing every day provides a solid foundation of experience and develops the thinking, perception, and self-motivation necessary for both worldly success and spiritual advancement. Steps to Knowledge describes Knowledge in the following way: Knowledge represents your True Self, your True Mind, and your True Relationships in the universe. It also possesses your greater calling in the world and a perfect utilization of your nature, all of your inherent abilities and skills, even your limitations, all to be given for good in the world. Step 2 Knowledge is the deeper spiritual mind that the Creator has given to each person. It is the source of all meaningful action, contribution, and relationships. It is our natural Inner Guidance system. Its reality is mysterious, but its Presence can be directly experienced. Knowledge is remarkably wise and effective in guiding each person in finding his or her right relationships, work, and contribution. It is equally effective in preparing one to recognize the many pitfalls and deceptions that exist along the way. It is the basis for seeing, knowing, and acting with certainty and strength. It is the foundation of life. Steps to Knowledge has been provided as a Way for individuals who feel that a spiritual calling and purpose are emerging in their lives but who need a new approach to fully comprehend what this means. Often these individuals have felt this pull for a long time. Steps provides a foundation upon which they can begin to respond to this calling. The only entrance requirement is the determination to know one's purpose, meaning, and direction.

The Chocolate and the Key Tom Carr, 2009-02 Tom Carr has worked with many people regarding their individual spiritual journeys. As he began assisting an elderly woman, Myra Redmon, who was experiencing problems with her marriage, he noticed upshots based upon the unique way she interacted with other people. He began documenting her method of creatively expressing appreciation. Utilizing Myra's method of effectively putting appreciation into words can be life-changing. She referred to the chocolate as a simple compliment expressing the value of another person. The words we use can enhance the connection we have with others and act as a catalyst for their own self-improvement. Myra realized that when we are reminded of our value, we feel better. Myra referred to the key as what the other person does with the chocolate. How does he or she utilize the compliment for his or her benefit? How does that person expand upon the talent which was complimented upon? Let The Chocolate and the Key. Something Beautiful That You Can Do help you improve your life and the lives of others. Set up your intention and engage in a daily practice to verbally express your appreciation and notice the changes you see in those around you.
