How Slavoj Became Zizek Eliran Bar-El, 2025-05-06 An engrossing account of the meteoric rise of contemporary philosophy's most contentious and prolific intellectual This revised edition corrects several erroneous and insufficient references in the first edition of this book Slovenian philosopher bad boy Slavoj i ek is one of the most famous intellectuals of our time publishing at a breakneck speed and lecturing around the world With his unmistakable speaking style and set of mannerisms that have made him ripe material for internet humor and meme culture he is recognizable to a wide spectrum of fans and detractors But how did an intellectual from a small Eastern European country come to such popular notoriety In *How Slavoj Became i ek* sociologist Eliran Bar El plumbs the emergence popularization and development of the phenomenon called i ek Beginning with i ek's early years as a thinker and political figure in Slovenian civil society Bar El traces i ek's rise from Marxist philosopher to political candidate to eventual intellectual celebrity as i ek perfected his unique performative style and a rhetorical arsenal of Hegelacanes Following 9 11 i ek's career as a global op ed writer and TV commentator married his rhetoric with global events such as the war on terror the financial crisis of 2008 and the Arab Spring of 2011 Yet at the same time this mainstream popularity as well as a series of politically incorrect views almost entirely estranged the Slovenian from the normal workings of academia Ultimately this account shows how i ek has harnessed the power of the digital era in his own self fashioning as a public intellectual

Radical Future Pasts Romand Coles, Mark Reinhardt, George Shulman, 2014-06-17 Written by both well established and rising new scholars *Radical Future Pasts* seeks to open up new possibilities for the practical application of political thought Unlike conventional state of the discipline collections this volume does not

summarize where the field of political theory has been Rather than accept traditional versions of the political past the contributors reinterpret both canonical and current texts to demonstrate how politics can be theorized and applied in new ways

Zizek and Law Laurent de Sutter, 2015-03-05 The very first book dedicated to Slavoj Zizek's theoretical treatment of law this book gathers widely recognized Zizek scholars as well as legal theorists to offer a sustained analysis of the place of law in Zizek's work Whether it is with reference to symbolic law psychoanalytical law religious law positive law human rights to Lacan's Hegel's or Kant's philosophies of law or even to Jewish or Buddhist law Zizek returns again and again to law And what his work offers this volume demonstrates is a radically new approach to law and a rethinking of its role within the framework of radical politics With the help of Zizek himself who here and for the first time directly engages with the topic of law this collection provides an authoritative account of Zizek and law It will be invaluable resource for researchers and students in the fields of law legal theory legal philosophy political theory psychoanalysis theology and cultural studies

Zizek and Media Studies M. Flisfeder, L. Willis, 2014-04-09 Film media and cultural theorists have long appealed to Lacanian theory in order to discern processes of subjectivization representation and ideological interpellation Here the contributors take up a Zizekian approach to studies of cinema and media raising questions about power ideology sexual difference and enjoyment

Marxism, Revolution and Utopia Herbert Marcuse, 2014-03-26 This collection assembles some of Herbert Marcuse's most important work and presents for the first time his responses to and development of classic Marxist approaches to revolution and utopia as well as his own theoretical and political perspectives This sixth and final volume of Marcuse's collected papers shows Marcuse's rejection of the prevailing twentieth century Marxist theory and socialist practice which he saw as inadequate for a thorough critique of Western and Soviet bureaucracy and the development of his revolutionary thought towards a critique of the consumer society Marcuse's later philosophical perspectives on technology ecology and human emancipation sat at odds with many of the classic tenets of Marx's materialist dialectic which placed the working class as the central agent of change in capitalist societies As the material from this volume shows Marcuse was not only a theorist of Marxist thought and practice in the twentieth century but also proves to be an essential thinker for understanding the neoliberal phase of capitalism and resistance in the twenty first century A comprehensive introduction by Douglas Kellner and Clayton Pierce places Marcuse's philosophy in the context of his engagement with the main currents of twentieth century philosophy while also providing important analyses of his anticipatory theorization of capitalist development through a neoliberal restructuring of society The volume concludes with an afterword by Peter Marcuse

Forensic Rhetorics and Satellite Surveillance Marouf Hasian Jr., 2016-07-25 Forensic Rhetorics and Satellite Surveillance The Visualization of War Crimes and Human Rights Violations uses cases studies of satellite surveillance over the skies of Darfur Gaza Bosnia Pakistan and the Mediterranean to provide readers with an overview of some of the technological analytic and political complexities of satellite surveillance imagery usage Marouf

Hasian Jr illustrates how our earlier reliance on witness testimony or signal communications in human rights contexts is now being supplemented with forensic evidence from satellites that can be used to document monitor and perhaps even deter human rights violations on the ground

A Critique of Anti-racism in Rhetoric and Composition Erec Smith, 2019-12-12 A Critique of Anti racism in Rhetoric and Composition The Semblance of Empowerment critiques current antiracist ideology in rhetoric and composition arguing that it inadvertently promotes a deficit model of empowerment for both students and scholars Erec Smith claims that empowerment theory which promotes individual communal and strategic efficacy is missing from most antiracist initiatives which instead often abide by what Smith refers to as a primacy of identity an over reliance on identity particularly a victimized identity to establish ethos Scholars of rhetoric composition communication and critical race theory will find this book particularly useful

Searching for Wisdom In Movies Richard Gilmore, 2016-10-12 In this volume Richard Gilmore explores film as a channel through which to engage in philosophical reflection and analyzes the relationship between philosophy and film This book argues that philosophy and film can and should be used for the amelioration of life s difficulties and the promotion of life s boons Gilmore identifies how philosophy and film complement and enrich one another and explores their relationship by connecting classic wisdom texts to significant movies For example the volume analyzes the Coen brothers films *The Big Lebowski* and *A Serious Man* in light of *The Book of Job* Gilmore considers the ancient idea of philosophy as spiritual exercise and a way of life The volume concludes by examining what the author labels sublime conversations as the highest expression of philosophy The book identifies and dissects these conversations in movies directed by the likes of Robert Bresson Yasujir Ozu Jean Luc Godard and Ingmar Bergman among others
