Christopher M. Date, Dale Tuggy, 2023-11-28 *The works of Philo : complete and unabridged ; new updated ed.* [Anonymus AC01189345], 1993 **Between Faith and Reason** Dr. Martin Sicker, 2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths *The Holy Spirit, Inspiration, and the Cultures of Antiquity* Jörg Frey, John Levison, 2014-10-29 Early Christian claims to the Holy Spirit arose in a vibrant cultural matrix that included Stoicism Jewish mysticism the Dead Sea Scrolls Greco Roman medicine and the perspectives of Plutarch In a range of articles this multidisciplinary volume discovers in these texts rich cultural connections related to inspiration and the Holy Spirit Essential reading for scholars of Judaism and the New Testament as well as classicists and theologians **Reflections on the Book of Leviticus** Martin Sicker, 2013-10-28 The theme that unifies the diverse contents of this biblical work is that of holiness as the text asserts Ye shall be holy for I the Lord your God am holy Lev 19 2 The burden of the work is set forth guidelines as to how the children of Israel were to attain that goal One of the great practical issues dealt with in Leviticus is the problem of connecting with the one and only God through the practice of a form of worship that is superficially similar to

but at the same time radically different from the modes of worship practiced by the other peoples of the ancient world which almost universally included sacrificial rites Because it was extremely difficult for one to relate to a deity that could not be depicted graphically sacrificial rites were also prescribed for the children of Israel as a concession to human weakness but were designed in a manner to leave little if any room for human inventiveness which if left unchecked would likely result in idolatrous practices Accordingly the ancient rites were infused with layers of detailed instructions and obscure symbolisms that make the text difficult to comprehend while raising important ethical considerations that are an essential aspect of the biblical concept of holiness This study explores some of the profound ideas that lie buried beneath the surface of this extremely complex biblical text The Book of the Covenant Martin Sicker,2010-03-25 According to the biblical narrative in addition to the Ten Commandments Moses received a series of supplementary instructions to guide the people as they set about establishing a society in conformity with the covenant that are to be found in the so called the Book of the Covenant The book which is imbedded in the biblical book of Exodus essentially contains addenda or amendments to longstanding customary laws with which the children of Israel were already familiar and for this reason its various components vary widely in scope depending on the extent of differentiation from customary law that they entail This study of the ordinances in the Book of the Covenant focuses not only on what they meant for the ancient Israelites but also how those laws rules instructions and admonitions were treated and in some instances modified as they were incorporated into the huge corpus of Jewish Law as it emerged over a period of some two and a half millennia *Sovereignty Disrupted* Gilah Kletenik,2025-10-21 Anthropocentrism white supremacy and cishetsexism remain with us The intransigence of such oppressions this book proposes is stayed by the unrecognized force that sovereignty maintains across the domains of Western philosophy To corroborate this original thesis the book uncovers how the rationales of sovereignty secure dominant Western theories about the nature of reality the promise of reason and the status of humans Such approaches rely on properties of sovereignty that essentialize difference naturalize hierarchy and valorize autonomy To redress these models and the supremacies they promote Gilah Kletenik turns to Spinoza Through a fresh reading of his Ethics Kletenik develops an egalitarian alternative that starts with denaturalizing sovereignty It is not a coincidence that Spinoza critiques the hegemonic rationales of Western philosophy nor that his doing so has eluded analysis This is because his insurrection against Western sovereignties is sparked by the scintillas of immanence that he inherits from medieval Jewish and Islamic naturalism the very philosophies that Christian Western thought has repressed This book recovers these marginalized voices exposing centuries of interpretations that assimilate Spinoza s program to the sovereignties he disrupts Kletenik thinks with Spinoza to unmask the supremacies of colonialism neoliberalism and cishetsexism alongside the sovereignties anchoring contemporary theory In critiquing Western philosophy Kletenik limns a more ethical alternative oriented by immanence and disparity Charts on the Book of Hebrews Herbert W.
