Variations of the Hero's Journey in Contemporary British, French and Australian Picture Books about the Great War Martin C. Kerby, Denise Burkhard, Alison Bedford, Marion Gymnich, Margaret M. Baguley, 2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimagined in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey the
