Theatrical Space A Guide For Directors And Designers:

Theatrical Space William Faricy Condee, 1995-01-01 Too often directors and stage designers approach the architectural layout of theatres as obstructive to the creative process Condee's book teaches theater professionals to work creatively within even the most restrictive theatrical space and transform it into an asset rather than an obstacle Condee has interviewed hundreds of prominent American and British directors designers and actors and provides photographs and groundplans of major American theatres Each chapter tackles a different set of problems offering thoughtful solutions to common obstacles Theatrical Space is not only a useful textbook for students of theatre but also a valuable resource for all directors and designers both young and experienced Paperback edition available April 2002 Cloth version previously published in 1995

World Encyclopedia of Contemporary Theatre Volume 4: The Arab World Don Rubin (Series Editor), 2003-09-02 One of the first internationally published overviews of theatrical activity across the Arab World Includes 160 000 words and over 125 photographs from 22 different Arab countries from Africa to the Middle East

Theatre and Architecture - Stage Design - Costume Véronique Lemaire, René Hainaux, 2006 This long awaited bibliography of recent books about theatre architecture scenography and costume published with the support of Belgian Ministry of Culture and the Theatre Publics Association has been prepared in collaboration with experts in five languages English French German Italian and Russian This extensive bibliography which meets the demands of the International Theatre Institute organizations and the International Organization of Scenographers Theatre Architects and Technicians will prove useful to theatre practitioners as well as to confirmed or young theatre scholars Cette bibliographie rassemble un choix d'ouvrages sur le théâtre et l'architecture la scénographie le costume Elle a bénéficié de la collaboration d'experts internationaux anglais français allemands italiens et russes Respondant la demande de l'IIT Institut international du théâtre et de l'OISTAT Organisation internationale des scénographes techniciens et architectes de théâtre cette bibliographie en cinq langues est un précieux outil pour tout praticien et théoricien du théâtre

Dramatic Spaces Jennifer Low, 2015-07-16 For literary scholars plays are texts for scenographers plays are performances Yet clearly a drama is both text and performance Dramatic Spaces examines period specific stage spaces in order to assess how design shaped the thematic and experiential dimensions of plays This book highlights the stakes of the debate about spatiality and the role of the spectator in the auditorium if audience members are co-creators of the drama how do they contribute The book investigates Roman comedy and Shakespearean dramas in which the stage space itself constituted the primary scenographic element and actors' bodies shaped the playing space more than did sets or props the use of paid applauders in nineteenth century Parisian theaters and how this practice reconfigured theatrical space transactions between stage designers and spectators including work by László Moholy-Nagy William Ritman and Eiko Ishioka Dramatic Spaces aims to do for stage design what reader response criticism has done for the literary text with specific case studies on Coriolanus The Comedy of Errors Romeo and Juliet Tales of Hoffman M. Butterfly and Tiny Alice

exploring the audience's contribution to the construction of meaning *Mapping Across Academia* Stanley D. Brunn, Martin Dodge, 2017-02-10 This book addresses the role and importance of space in the respective fields of the social sciences and the humanities. It discusses how map representations and mapping processes can inform ongoing intellectual debates or open new avenues for scholarly inquiry within and across disciplines including a wide array of significant developments in spatial processes including the Internet global positioning system GPS affordable digital photography and mobile technologies. Last but not least it reviews and assesses recent research challenges across disciplines that enhance our understanding of spatial processes and mapping at scales ranging from the molecular to the galactic Theatre as Human Action Thomas S. Hischak, Mark A. Robinson, 2022-10-17 Theatre as Human Action is the ideal textbook to introduce students to the various aspects of theatre especially for those who may have little or no theatergoing experience. Seven diverse plays are described to the reader from the start and then returned to throughout the book so that students can better understand the concepts being discussed. Both the theoretical and practical aspects of theatre are explored from the classical definition of theatre to today's most avant garde theatre activities. Types of plays, the elements of drama and theatre criticism are presented as well as detailed descriptions of the different jobs in theatre such as actor playwright director designer producer choreographer and more. The book concludes with a look at where and how theatre is evolving in America and the latest changes and innovations today. This fourth edition has been greatly expanded and updated including The introduction of four new plays Sweeney Todd The Demon Barber of Fleet Street Fences Angels in America and Hadestown in addition to Macbeth You Can't Take It With You and Hamilton. A discussion of the rise of social media in raising awareness and replacing traditional review outlets. An entirely new enhanced section on diversity and inclusion in theatre. An updated selection of playwrights featured including Terrence McNally Lynn Nottage Tony Kushner and Lin Manuel Miranda to better reflect the diversity of those writing for the theatre today. Featuring full color photographs updated discussion questions new topics for further research and potential creative projects the fourth edition of Theatre as Human Action is an invaluable resource to introduce students to the world of theatre **Spatial Representations and the Jacobean Stage** R. West, 2015-12-28 Spatial Representations and the Jacobean Stage offers a timely alternative to theatre criticism's neglect of the intensely spatial character of theatrical performance. The book shows that early modern audiences were highly aware of the spatial aspects of the stage. West examines the ways Jacobean dramatists used stage space to explore the spatial transformations of early modern society social mobility wandering populations rural enclosure sea travel localized empirical thought. Dramas by Shakespeare Jonson Middleton and Webster are scrutinized for their treatment of these controversial themes At Home in Shakespeare's Tragedies Geraldo U. de Sousa, 2016-04-15 Bringing together methods assumptions and approaches from a variety of disciplines Geraldo U. de Sousa's innovative study explores the representation perception and function of the house home household and family life in Shakespeare's great tragedies. Concentrating on King Lear Hamlet Othello and Macbeth de

Sousa's examination of the home provides a fresh look at material that has been the topic of fierce debate. Through a combination of textual readings and a study of early modern housing conditions accompanied by analyses that draw on anthropology, architecture, art history, the study of material culture, social history, theater history, phenomenology, and gender studies, this book demonstrates how Shakespeare explores the materiality of the early modern house and evokes domestic space to convey interiority, reflect on the habits of the mind, interrogate everyday life, and register elements of the tragic journey. Specific topics include the function of the disappearance of the castle in *King Lear*, the juxtaposition of home-centered life in Venice and nomadic unhoused wandering in *Othello*, and the use of special lighting effects to reflect this relationship. Hamlet's psyche in response to physical space and the redistribution of domestic space in *Macbeth*. Images of the house, home, and household become visually and emotionally vibrant and thus reflect, define, and support a powerful tragic narrative.

Who's Who in Research: Performing Arts Intellect Books, 2013-01-01. Increasingly, academic communities transcend national boundaries. Collaboration between researchers across space is clearly increasing, as well as being increasingly sought after. Noted the online magazine *Inside Higher Ed* in a recent article about research in the social sciences and humanities. Even for those scholars who don't work directly with international colleagues, staying up to date and relevant requires keeping up with international currents of thought in one's field. But when one's colleagues span the globe, it's not always easy to keep track of who's who or what kind of research they're conducting. That's where Intellect's new series comes in. A set of worldwide guides to leading academics and their work across the arts and humanities. *Who's Who in Research* features comprehensive profiles of scholars in the areas of cultural studies, film studies, media studies, performing arts, and visual arts. *Who's Who in Research: Performing Arts* includes concise yet detailed listings that include each academic's name, institution, biography, and current research interests, as well as bibliographic information and a list of articles published in Intellect journals. The volumes in the *Who's Who in Research* series will be updated each year, providing the most current information on the foremost thinkers in academia and making them an invaluable resource for scholars, hiring committees, academic libraries, and would-be collaborators across the arts and humanities.

Puppet and Spirit: Ritual, Religion, and Performing Objects Claudia Orenstein, Tim Cusack, 2023-07-31. This anthology of essays aims to explore the many types of relationships that exist between puppets, broadly speaking, and the immaterial world. The allure of the puppet goes beyond its material presence; as historically and throughout the globe, many uses of puppets and related objects have expressed and capitalized on their posited connections to other realms or ability to serve as vessels or conduits for immaterial presence. The flip side of the puppet's troubling uncanniness is precisely the possibilities it represents for connecting to discarnate realities. Where do we see such connections? How do we describe, analyze, and theorize these relationships? The first of two volumes, this book focuses on these questions in relation to long-established traditional practices using puppets, devotional objects, and related items with sacred aspects to them or that perform ritual roles. Looking at performance traditions and artifacts from

China Indonesia Korea Mali Brazil Iran Germany and elsewhere the essays from scholars and practitioners provide a range of useful models and critical vocabularies for addressing the ritual and spiritual aspects of puppet performance further expanding the growing understanding and appreciation of puppetry generally This book along with its companion volume offers for the first time robust coverage of this subject from a diversity of voices examples and perspectives
