Their Finest Hour Second World War Series Club Edition:

The Ambassador from Wall Street Edward M. Lamont, 1993-11-24 This is the first biography of the man who as J P Morgan's CEO and the leading banker of his generation helped establish U S economic policy through his broad reaching financial political and social connections Edward Lamont offers fresh insight into the turbulent period between the two world wars through this fascinating account of the life of the most influential banker of his era Their Finest Hour Winston Churchill, 1948 Covers the problems confronted by Churchill as he becomes Prime Minister the Battle of France the story of Dunkirk the Battle of Britain and the rebuilding of England's Army Churchill and the Dardanelles Christopher M. Bell, 2017-03-10 The failed naval offensive to force a passage through the Straits of the Dardanelles in 1915 drove Winston Churchill from office in disgrace and nearly destroyed his political career For over a century the Dardanelles campaign has been mired in myth and controversy Many believe it was fundamentally misconceived and doomed to fail while others see it as a brilliant concept that might have dramatically shortened the First World War and saved millions of lives Churchill is either the hero of the story or the villain Drawing on a wide range of original documents Christopher M Bell shows that both perspectives are flawed Bell provides a detailed and authoritative account of the campaign's origins and execution explaining why the naval attack was launched why it failed and how it was transformed into an even more disastrous campaign on the Gallipoli peninsula He untangles Churchill's complicated relationship with Britain's admirals politicians and senior civil servants and uncovers the machinations behind the bitter press campaign in 1915 to drive him from power Churchill and the Dardanelles explores the origins of the myths surrounding the ill fated campaign and provides the first full account of Churchill's tireless efforts in the decades after 1915 to refute his legion of critics and convince the public that the Dardanelles campaign had nearly succeeded Largely by his own exertions Churchill ensured that the legacy of the Dardanelles would not stop him from becoming Prime Minister in 1940 British Literature in Transition, 1940-1960: Postwar Gill Plain, 2019 Examines debates central to postwar British culture showing the pressures of reconstruction and the mutual implication of war and peace **Sport, Tourism and National Identities** John Harris, 2016-03-23 The role of both sport and tourism in the re creation and re presentation of national identities is well established yet relatively little work has critically explored the inter relationship between sport tourism and the creation and maintenance of national identities Despite the advances of globalization the nation continues to be an important part of both sport and tourism discourse and offers fertile ground for the exploration of identities in postmodern society The chapters in this collection consider the significance of important sports events and how this is understood in relation to the collective identities of some countries Authors outline some of the ways in which the nation matters and consider how and why national identities are important in contemporary sport tourism This book was originally published as a special issue of the Journal of Sport Tourism **Man of the Century** John Ramsden, 2002 Man of the Century is the often surprising story of how Winston Churchill in the last years

of his life carefully crafted his reputation for posterity revealing him to be perhaps the twentieth century's first and most gifted spin doctor Ramsden draws on fresh material and extensive research on three continents to argue that the statesman's force of personality and romantic imperial notion of Britain has contributed directly to many of the political debates of the last decades including American involvement in Vietnam and the role of the Anglo American alliance in promoting and protecting a certain vision of world order *Hearings, Reports and Prints of the Senate Committee on Commerce* United States. Congress. Senate. Committee on Commerce, 1964 **The Battle of Britain, 1945-1965** Garry Campion, 2015-10-06

Seventy five years after the Battle of Britain the Few's role in preventing invasion continues to enjoy a revered place in popular memory The Air Ministry were central to the Battle's valorisation This book explores both this and also the now forgotten 1940 Battle of the Barges mounted by RAF bombers **Hearings** United States. Congress. Senate. Committee on Commerce, 1964 **Interstate Shipment of Firearms** United States. Congress. Senate. Commerce, 1964
