Theory Reasoning In Connection Calculi Issue 1527 Theory Reasoning In Connection Calculi Issue 1527:

Theory Reasoning in Connection Calculi Peter Baumgartner, 2005-07-11 The ability to draw inferences is a central operation in any artificial intelligence system Automated reasoning is therefore among the traditional disciplines in AI Theory reasoning is about techniques for combining automated reasoning systems with specialized and efficient modules for handling domain knowledge called background reasoners Connection methods have proved to be a good choice for implementing high speed automated reasoning systems They are the starting point in this monograph in which several theory reasoning versions are defined and related to each other A major contribution of the book is a new technique of linear completion allowing for the automatic construction of background reasoners from a wide range of axiomatically given theories The emphasis is on theoretical investigations but implementation techniques based on Prolog are also covered

Artificial Intelligence Today Michael J. Wooldridge, Manuela Veloso, 2007-03-06 Artificial Intelligence is one of the most fascinating and unusual areas of academic study to have emerged this century For some AI is a true scientific discipline that has made important and fundamental contributions to the use of computation for our understanding of nature and phenomena of the human mind for others AI is the black art of computer science Artificial Intelligence Today provides a showcase for the field of AI as it stands today The editors invited contributions both from traditional subfields of AI such as theorem proving as well as from subfields that have emerged more recently such as agents AI and the Internet or synthetic actors The papers themselves are a mixture of more specialized research papers and authoritative survey papers The secondary purpose of this book is to celebrate Springer Verlag's Lecture Notes in Artificial Intelligence series

Mathematical Reviews, 2005 Advances in Database Technologies Yahiko Kambayashi, Dik Lun Lee, Ee-Peng Lim, Mukesh Kumar Mohania, Yoshifumi Masunaga, 2004-01-30 This book presents the thoroughly refereed joint post proceedings of three workshops held during the 17th International Conference on Conceptual Modeling ER 98 in Singapore in November 1998 The 50 revised papers presented have gone through two rounds of reviewing and revision The book is divided in sections on knowledge discovery data mining data and web warehousing multidimensional databases data warehouse design caching data dissemination replication mobile networks mobile platforms tracking and monitoring collaborative work support temporal data modelling moving objects and spatial indexing spatio temporal databases and video database contents **Logic-based Program Synthesis and Transformation** / , 1998 **Parallel and Distributed**

Processing José D. P. Rolim, 1999-03-30 This book constitutes the refereed proceedings of 11 IPPS SPDP 98 Workshops held in conjunction with the 13th International Parallel Processing Symposium and the 10th Symposium on Parallel and Distributed Processing in San Juan Puerto Rico USA in April 1999 The 126 revised papers presented were carefully selected from a wealth of papers submitted The papers are organised in topical sections on biologically inspired solutions to parallel processing problems High Level Parallel Programming Models and Supportive Environments Biologically Inspired Solutions
