Theo Logic Vol 3 Theo Logic Vol 3:

Theo-Logic, Vol. 3 Hans Urs von Balthasar, 2000 Theo Logic is the third and crowning part of the great trilogy of the masterwork of theologian Hans Urs von Balthasar following his first two parts The Glory of the Lord and Theo Drama This is the third volume of Theo Logic Theo Logic is a variation of theology it being about not so much what man says about God but what God speaks about himself Balthasar does not address the truth about God until he first reflects on the beauty of God The Glory of the Lord Then he follows with his reflections on the great drama of our salvation and the goodness and mercy of the God who saves us Theo Drama Now in this work he is ready to reflect on the truth that God reveals about himself which is not something abstract or theoretical but rather the concrete and mysterious richness of God's being as a personal and loving God

Volume 10, Tome III: Kierkegaard's Influence on Theology Jon Stewart, 2016-12-05 Kierkegaard has always enjoyed a rich reception in the fields of theology and religious studies This reception might seem obvious given that he is one of the most important Christian writers of the nineteenth century but Kierkegaard was by no means a straightforward theologian in any traditional sense He had no enduring interest in some of the main fields of theology such as church history or biblical studies and he was strikingly silent on many key Christian dogmas Moreover he harbored a degree of animosity towards the university theologians and churchmen of his own day Despite this he has been a source of inspiration for numerous religious writers from different denominations and traditions Tome III explores the reception of Kierkegaard's thought in the Catholic and Jewish theological traditions In the 1920s Kierkegaard's intellectual and spiritual legacy became widely discussed in the Catholic Hochland Circle whose members included Theodor Haecker Romano Guardini Alois Dempf and Peter Wust Another key figure of the mid war years was the prolific Jesuit author Erich Przywara During and especially after World War II Kierkegaard's ideas found an echo in the works of several trend setting Catholic theologians of the day such as Hans Urs von Balthasar Henri de Lubac and the popular spiritual author Thomas Merton The second part of Tome III focuses on the reception of Kierkegaard's thought in the Jewish theological tradition introducing the reader to authors who significantly shaped Jewish religious thought both in the United States and in Israel These theologians represent a variety of religious and political backgrounds the spiritual world of Hasidism Modern Orthodox Judaism of Mithnaggadic origin and Modern Religious Zionism

Theological Aesthetics after von Balthasar James Fodor, 2016-02-17 This collection of essays by distinguished authors explores the present day field of theological aesthetics from von Balthasar's contribution and parallel developments to correctives and alternatives to his approach A tribute to von Balthasar's own project expands into a dialogue with ancient and medieval traditions in search of revelatory aesthetics The contributors outline challenges to his approach including Protestant perspectives and introduce new ways of viewing the field of theological aesthetics which ultimately opens up to the idea of concrete cultural contexts and practical human needs determining the use of the arts and aesthetic sensibilities in theology

Time, Eternity, and the Trinity Eunsoo Kim, 2010-03-01 One of the vital issues in

contemporary Christian theology is the problem of a renewed understanding of God's eternity and its relation to time. This is not merely a peripheral doctrinal issue but lies at the heart of our understanding of God and humanity and contributes to our entire worldview. This study focuses on a long-standing debate between two competing views on God's eternity: one focused on God's absolute timelessness in classical theism and the other on God's temporal everlastingness in contemporary panentheism. In contrast to both of these well-worn options, this book presents an alternative Trinitarian analogical understanding of God's eternity and its relation to time, especially through a critical reflection on Karl Barth's and Hans Urs von Balthasar's engagement of the issue. This analogical approach, based on the dynamic and dramatic concepts of God's being in relation and of the Triune God's communicative action in eternity and time, has the potential to resolve the debate between absolute timeless eternity and temporal everlasting duration.

The Physics and Metaphysics of Transubstantiation Mark P. Fusco, 2023-08-18. In this book, Mark P. Fusco offers a historical, philosophical, and theological review and appraisal of current research into quantum, post-modern, atheistic, mathematical, and philosophical theories that engage our interpretation of Hans Urs von Balthasar and Ferdinand Ulrich's accounts of the Eucharist. This cross-disciplinary approach inspires a new speculative metaphysical theory based on the representation of being as a holo-somatic ontology. Holocryptic metaphysics gives us a novel interpretation of transubstantiation as it is founded on the findings of quantum mechanical theory. The quantum object and black hole's properties present a new way to explain physical matter based on its holographic identity. This scientific theory for representing physical matter's identity is recognized, for example, in the symmetry existing between a subatomic particle and its orbital shell, a single particle's identity in relationship to its thermodynamic system, Hawking radiation, and black hole entropy. Further, the properties of quantum non-locality and teleportation signpost a new way to understand the Eternal Logos relationship to Jesus Christ and the Eucharist.

Missa Est! Eugene R. Schlesinger, 2016-12-15. The twenty-first century church cannot afford to neglect mission. When church and culture no longer share a common outlook, the only way forward is mission. Pope Francis recognizes this in his call for a missionary conversion of the church. Responding to this invitation is a constructive work in ecclesiology addressing the relationship between liturgy and mission in the church's life. It advances a notion of the church grounded in both liturgy and mission, where neither is subordinated to nor collapsed into the other. The church's liturgical rites disclose and enact the church's identity as a missionary community. Close examination of the sources at the heart of traditional communion ecclesiology, Trinitarian theology, the sacraments of initiation, and eucharistic theology yields an ecclesiology in which the church is constituted by both liturgy and mission. These are two distinct ways of participating in the triune life of God, which is revealed in the paschal mystery. The church's pilgrimage to God's kingdom takes it through the world in mission. The church as the body of Christ is given away to God and to the world for the world's salvation. The result is a contemporary restatement of traditional ecclesiology transposed into a missional key.

The Authority of the Saints Pauline Dimech, 2017-05-18. Pauline Dimech

explores whether and to what extent we may attribute authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who held positions of official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us clarify the issues surrounding the authority of the saints Besides establishing Balthasar's involvement with the enterprise this book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory and possibly already however implicitly based in practice

Nothing Gained Is Eternal Anne M. Carpenter, 2022 In *Nothing Gained Is Eternal* Anne Carpenter argues for a theory of tradition firmly moored to the ambiguities contradictions and varied fruits of the past She challenges readers to wrestle with whether tradition can persist despite its colonialist practices In asking this question she offers hope for transforming tradition in its wake

Pope Francis and Mercy Gill K. Goulding, CJ, 2023-09-15 This theological study examines how Pope Francis lives out mercy in his own Petrine ministry and calls for it to be lived out by the people of God The centerpiece of Pope Francis's pontificate from the very first days has been his proclamation of the importance of the mercy of God While facing global problems of climate change terror political destabilization refugees and dire poverty the Holy Father has articulated the mission of the Church through mercy love and forgiveness to reveal the compassion of God for all and particularly for those most vulnerable existing on the margins of society In this compelling study Gill Goulding CJ examines for the first time the critical and determinative role of mercy in Francis's papacy using his homilies allocutions encyclicals and addresses as primary sources Goulding traces the theme of mercy in Francis's thought attending to its Ignatian foundations and its Christological Trinitarian and ecclesiological significance for the Church today particularly the impact of his reappropriation and elevation of the discourse of mercy on the work of the Curia in Rome Goulding enters into dialogue with other theologians including Romano Guardini Walter Kasper and Hans Urs von Balthasar to demonstrate a continuity between Francis and his predecessors especially Benedict XVI in this area of mercy In addition Goulding argues that the influence of St Ignatius Loyola in particular his Spiritual Exercises needs to be taken into account paying special attention to Francis's call for the practice of discernment Throughout *Pope Francis and Mercy* Goulding lays the groundwork for future research and suggests a wider appreciation of the necessary tools to enable an engagement with mercy in our contemporary world

Engaging the Doctrine of the Holy Spirit Matthew Levering, 2016-07-19 A Distinguished Theologian on the Doctrine of the Holy Spirit Distinguished theologian Matthew Levering offers a historical examination of the doctrine of the Holy Spirit defending an Augustinian model against various contemporary theological views A companion piece to Levering's *Engaging the Doctrine of Revelation* this work critically engages contemporary and classical doctrines of the Holy Spirit in dialogue with Orthodox and Reformed interlocutors Levering makes a strong dogmatic case for conceiving of the Holy Spirit as love between Father and Son given to the people of God as a gift
