Jewish American Writing and World Literature Saul Noam Zaritt, 2020-10-13 *Jewish American Writing and World Literature* Maybe to Millions Maybe to Nobody studies Jewish American writers relationships with the idea of world literature Writers such as Sholem Asch Jacob Glatstein Isaac Bashevis Singer Anna Margolin Saul Bellow and Grace Paley all responded to a demand to write beyond local Jewish and American audiences and toward the world as a global market and as a transnational ideal Beyond fame and global circulation world literature holds up the promise of legibility in which a threatened origin becomes the site for redemptive literary creativity But this promise inevitably remains unfulfilled as writers struggle to balance potential universal achievements with untranslatable realities rendering impossible any complete arrival in the US and in the world The work examined in this study was deeply informed by an intimate connection to Yiddish a Jewish vernacular with its own global network and institutional ambitions *Jewish American Writing and World Literature* tracks the attempts and failures through translation to find a home for Jewish vernacularity in the institution of world literature The exploration of the translational uncertainty of Jewish American writing joins postcolonial critiques of US and world literature and challenges Eurocentric and Anglo American paradigms of literary study In bringing into conversation the fields of Yiddish studies American Studies and world literature theory *Jewish American Writing and World Literature* Maybe to Millions Maybe to Nobody proposes a new approach to the study of modern Jewish literatures and their implication within global empires of culture

Wittgenstein and Modernism Michael LeMahieu, Karen Zumhagen-Yekplé, 2016-12-29 Ludwig Wittgenstein famously declared that philosophy ought really to be written only as a form of poetry and he even described the *Tractatus* as philosophical and at the same time literary But few books have really followed up on these claims and fewer still have focused on their relation to the special literary and artistic period in which Wittgenstein worked This book offers the first collection to address the rich vexed and often contradictory relationship between modernism the twentieth century's predominant cultural and artistic movement and Wittgenstein one of its preeminent and most enduring philosophers In doing

so it offers rich new understandings of both Michael LeMahieu Karen Zumhagen Yekpl bring together scholars in both twentieth century philosophy and modern literary studies to put Wittgenstein into dialogue with some of modernism's most iconic figures including Samuel Beckett Saul Bellow Walter Benjamin Henry James James Joyce Franz Kafka Adolf Loos Robert Musil Wallace Stevens and Virginia Woolf The contributors touch on two important aspects of Wittgenstein's work and modernism itself form and medium They discuss issues ranging from Wittgenstein and poetics to his use of numbered propositions in the Tractatus as a virtuoso performance of modernist form from Wittgenstein's persistence metaphoric use of religion music and photography to an exploration of how he and Henry James both negotiated the relationship between the aesthetic and the ethical Covering many other fascinating intersections of the philosopher and the arts this book offers an important bridge across the disciplinary divides that have kept us from a fuller picture of both Wittgenstein and the larger intellectual and cultural movement of which he was a part *The Life of Saul Bellow, Volume 2* Zachary Leader, 2019-12-03

literary scholar and biographer Zachary Leader marks the centenary of Bellow's birth as well as the tenth anniversary of his death. It draws on unprecedented access to Bellow's papers including much previously restricted material as well as interviews with more than 150 of the novelist's relatives, close friends, colleagues and lovers, a number of whom have never spoken to researchers before. Through detailed exploration of Bellow's writings and the private history that informed them, Leader chronicles a singular life in letters, offering original and nuanced accounts not only of the novelist's development and rise to eminence but of his many identities as writer, polemicist, husband, father, Chicagoan, Jew, American. The biography will be published in two volumes. The first volume, *To Fame and Fortune, 1915-1964*, traces Bellow's Russian roots, his birth and early childhood in Quebec, his years in Chicago, his travels in Mexico, Europe and Israel, the first three of his five marriages and the novels from *Dangling Man* and *The Adventures of Augie March* to the best-selling *Herzog*. New light is shed on Bellow's fellow writers including Ralph Ellison, John Berryman, Lionel Trilling and Philip Roth, and on his turbulent and influential life away from the desk, which was as full of incident as his fiction. Bellow emerges as a compelling character, and Leader's powerful accounts of his writings, published and unpublished, forward the case for his being, as the critic James Wood puts it, the greatest of American prose stylists in the twentieth century.
