Through The Storms By Faith I Have Overcome:

Faith - Through the Storm Jez Smith,2012-03-30 I have suffered on so many fronts losing my health to losing my family and all the pain that that caused me I spent a whole year and more seemingly holding on through the worst storm I have ever been in Physically there is still a long way to go and a long road is still before me but I know that God is not finished with healing me Physically my recovery has been very slow and frustrating and I am sure that my frustration has shown itself in the pages of this book however I can clearly say that I would not be where I am today without my faith in God One Sunday members of my church prayed for me because I had just had results that showed that there was no nerve activity in my legs below my knees and that according to the doctors showed that I did have nerve damage in my legs however a week after their prayers for me God gave me the strength to walk into church on my crutches I had been able for some weeks to walk short distances around my home on my crutches with splints controlling the position of my feet so that I did not drag my toes on the floor Although my lower legs were not healed of their weakness God gave me the strength to walk further than I had ever walked before and for me that told me that without prayer we can not overcome or expect to see positive results Prayer is always the answer as is Jesus I still find today that I have to be very careful with how much I do on any given day as busy days do result in me being very fatigued My energy levels do dip quite badly living with disabilities does mean doing things differently and adapting and I have found that every day has its own set of challenges where it comes to my physical weaknesses However I have found that when I lean on God he always gives me enough strength for each day **Storms Are**
