Tribes Of The Niger Delta Their Religions And Customs:

Tribes of the Niger Delta Percy Amaury Talbot,1932 This anthropological study was first published in 1932 Tribes of the Niger Delta ,1967 **Tribe of the Niger Delta, Their Religions and Customs** Percy Amaury Talbot,1932 *Tribes of the Niger Delta* Margery F. Perham,1976-08-01 **Islam in the Niger Delta 1890-2017** Egodi Uchendu,2020-08-10 No detailed description available for Islam in the Niger Delta 1890 2017 *Christian Missionary Enterprise in the Niger Delta, 1864-1918* G.O.M. Tasie,2023-07-03 **European Traditions in the Study of Religion in Africa** Ulrich Berner,Christoph Boehinger,2004 This volume comprises case studies of five centuries of European encounters with and imaginations of Africa encompassing her triple religious heritage African Traditional Religions Christianity and Islam The introductory chapters outline the challenges and present overviews some of them also analyze the early accounts of European travelers and missionaries The following contributions examine the lasting legacy of the European Enlightenment in employing an ambivalent language of human equality and universalism while in actual fact consigning Africa to an inferior position It has been difficult for western scholars to divorce themselves wholly from the perceptions thus established However there have been quite different approaches This is indicated in the papers discussing the role and impact of influential European academics scholars of religion theologians historians and social scientists during the colonial and postcolonial period Other contributions examine specific institutional centers of African religious studies in Europe The concluding chapters critically assess European approaches and their use for the study of religion in Africa from an African perspective **Spaces of Insurgency** Elias Edise Courson,2025-05-15 The dominant scholarly and policy discourse on the insurgencies and conflicts in Nigeria s oil rich Niger Delta has been significantly shaped by the resource curse narrative This influential framework deeply integrated into wider debates concerning neoliberal globalization security and development as evidenced by the World Bank s 2011 World Development Report on security conflict and development positions the Niger Delta as a key case study The region s unique context a global oil and gas industry operating within a pluri ethnic federal system and a complex social field characterized by a range of contentious struggles from chieftainship disputes to electoral and territorial conflicts seemingly reinforces this narrative However this book argues for a necessary shift in focus towards a historical and spatial analysis of crisis from the 19th century to the present Such an approach it contends is crucial for understanding the deep seated and unresolved animosities that underpin contemporary tensions in the region By critically interrogating resource curse narratives in the Niger Delta conflicts insurgencies that have emerged since the 1990s this book demonstrates the layered and historically contingent nature of these conflicts Employing an interdisciplinary and comparative methodology it reflects on the specific ways in which political violence and the security development nexus in Africa a subject of considerable academic attention since the 1980s are situated within broader global patterns of knowledge production The central contribution of this book lies in its analysis of how spatial dynamics particularly the interplay between west and east

and inter regional politics are fundamental to a more nuanced understanding of crisis in the Niger Delta and beyond

Berland, Aparna Rao, 2004-03-30 Social scientists have generally remained impervious to a major economic and cultural adaptation namely the peripatetic lifestyle although this adaptation has been an integral part of developments within the socioeconomic and cultural networks that social scientists study This lack of interest derives perhaps from the ambiguous integration of peripatetics into these networks as well as the often negatively charged constructs Gypsies outsiders or marginal others

imposed on peripatetics by dominant cultures As peddlers of the strange to borrow a phrase from Clifford Geertz peripatetics are situated at the fringes of their host societies and many students of the social ecological and behavioral sciences still continue to overlook the roles of peripatetic peoples This collection presents the latest in cross cultural comparative research on the nature of peripatetic peoples Contributors examine the place of peripatetic peoples in the everyday lives and diverse cognitive maps of client communities Relying on Georg Simmel s construct of The Stranger the contributors to this volume suggest that peripatetic peoples are simultaneously outsiders and insiders but most important they are entrepreneurial middlemen traders par excellence All told the essays provoke vital reassessments of the anthropological focus on the role and status of cultural brokers and go betweens in political economic and social interactions *Missionary Enterprise and Rivalry in Igboland, 1857-1914* Felix K. Ekechi, 1972 This study of the evangelization of the Igbos uses archives of the Holy Ghost Fathers in Paris Prior to 1885 the protestant missions dominated the field but from that date the Roman Catholic influence was established and the two churches struggle for mastery is the central theme *From Cameroon to Paris* Steven Nelson, 2007-03-15 Publisher description *Boy-Wives and Female Husbands* Stephen O. Murray, Will Roscoe, 2021-04-01 Among the many myths created about Africa the claim that homosexuality and gender diversity are absent or incidental is one of the oldest and most enduring Historians anthropologists and many contemporary Africans alike have denied or overlooked African same sex patterns or claimed that such patterns were introduced by Europeans or Arabs In fact same sex love and nonbinary genders were and are widespread in Africa *Boy Wives and Female Husbands* documents the presence of this diversity in some fifty societies in every region of the continent south of the Sahara Essays by scholars from a variety of disciplines explore institutionalized marriages between women same sex relations between men and boys in colonial work settings mixed gender roles in east and west Africa and the emergence of LGBTQ activism in South Africa which became the first nation in the world to constitutionally ban discrimination based on sexual orientation Also included are oral histories folklore and translations of early ethnographic reports by German and French observers *Boy Wives and Female Husbands* was the first serious study of same sex sexuality and gender diversity in Africa and this edition includes a new foreword by Marc Epprecht that underscores the significance of the book for a new generation of African scholars as well as reflections on the book s genesis by the late Stephen O Murray This book is freely available in an open access edition thanks to the generous support of the Murray Hong Family Trust Access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/1714> **Political Organization in Nigeria since the Late Stone Age** J. Oriji, 2011-01-17 Although the Igbo constitute one of the largest ethnic nationalities of Nigeria and the West African sub region little is known about their political history before the Trans Atlantic slave trade This book is a pioneer study of the broad changes Igbo political systems have undergone since the prehistoric period **Texas Graveyards** Terry G. Jordan, 2010-07-05 Where more poignantly than in a small country graveyard can a traveler fathom the flow of history and tradition During the past

twenty years Terry G Jordan has traveled the back roads and hidden trails of rural Texas in search of such cemeteries With camera in hand he has visited more than one thousand cemeteries created and maintained by the Anglo American black Indian Mexican and German settlers of Texas His discoveries of sculptured stones and mounds hex signs and epitaphs intricate landscapes and unusual decorations represent a previously unstudied and unappreciated wealth of Texas folk art and tradition Texas Graveyards not only marks the distinct ethnic and racial traditions in burial practices but also preserves a Texas legacy endangered by changing customs rural depopulation vandalism and the erosion of time

A Spirit of Dialogue Christopher N. Okonkwo, 2008 A groundbreaking study A Spirit of Dialogue examines through extensive interdisciplinary research theory and close reading the intricate reconstructions extensions and resonances of the West African myth of spirit children the Born to Die in contemporary African American neo slave narratives Arguing that the myth called Ogba je in Igbo language and b k in Yoruba has had over thirty years of uncharted presence in African American literature Okonkwo advances a compelling case absent in extant scholarship He traces Ogba je the Born to Die s appearance in African American texts to a convergence of factors They include but are not limited to the impact of Chinua Achebe s Things Fall Apart the 1960s emergence of the contemporary neo slave narrative the 1960s and 1970s black consciousness Black Power movement and the cultural agenda gendered politics and centripetal philosophy of the Black Arts movement s nationalist aesthetic African American identity questions of the post civil rights and the multicultural eras and the thematic shifts as well as the African diaspora orientation of African American fiction of the post nationalist aesthetic period A Spirit of Dialogue focuses on the sometimes neglected and understudied works of four canonical African American writers Octavia E Butler s Wild Seed and Mind of My Mind Tananarive Due s The Between John Edgar Wideman s The Cattle Killing and Toni Morrison s Sula and Beloved Okonkwo demonstrates persuasively how the mythic spirit child informs the content and form of these novels offering Butler Due Wideman and Morrison a non occidental code by which to engage collectively with the various issues integral to the history experience of African descended people The paradigm functions then as the nexus of a life affirmative dialogue among the six novels as well as between them and other works of African religious and literary imagination particularly Things Fall Apart and Ben Okri s The Famished Road
