Search Engine Visibility Shari Thurow, 2008 Search Engine Visibility is about designing writing and creating a web site primarily for a site's visitors and helping them find what they are searching for via the major search engines directories and industry related sites This book teaches developers designers programmers and online marketers what pitfalls to avoid from the beginning so they can provide their clients with more effective site designs It includes up to date information on new developments such as blogs video and podcasts web applications and more

Naughty and Nice GC Burnell, Surely to be heterosexual partly means that we find a good looking woman who is naked very attractive in some way We define sex phobic as when there is a denial of that And I argue that these days we have a very sex phobic society But this causes sexual repression The book aims to encourage our young men and not so young men why not to go back to admiring a bit of ass and maybe start doing things again to show that they do like frequenting strip clubs reading erotic fiction not just to increase the sales of my books etc Strip clubs have been suffering recently from a relative unpopularity And I notice that my local quite big bookshop stocks only about 6 books of erotic fiction

Discover Your Inner Economist Tyler Cowen, 2008-05-27 One of America's most respected economists presents a quirky incisive romp through everyday life that reveals how you can turn economic reasoning to your advantage often when you least expect it to be relevant Like no other economist Tyler Cowen shows how economic notions such as incentives signals and markets apply far more widely than merely to the decisions of social planners governments and big business What does economic theory say about ordering from a menu Or attracting the right mate Or controlling people who talk too much in meetings Or dealing with your dentist With a wryly amusing voice in chapters such as How to Control the World The Basics and How to Control the World Knowing When to Stop Cowen reveals the hidden economic patterns behind everyday situations so you can get more of what you really want Readers will also gain less selfish insights into how to be a good partner neighbor and even citizen of the world For instance what is the best way to give to charity The chapter title How to Save the World More Christmas Presents Won't Help makes a point that is every bit as personal as it is global Incentives are at the core of an economic approach to the world but they don't just come in cash In fact money can be a disincentive Cowen shows why for example it doesn't work to pay your kids to do the dishes Other kinds of incentives like making sure family members know they will be admired if they respect you can work Another non-monetary incentive Try having everyone stand up in your next meeting if you don't want anyone to drone on Deeply felt incentives like pride in one's work or a passing smile from a loved one can be the most powerful of all even while they operate alongside more mundane rewards such as money and free food Discover Your Inner Economist is an introduction to the science of economics that shows it to be built on notions that are already within all of us While the implications of those ideas lead to Cowen's often counterintuitive advice their wisdom is presented in ordinary examples taken from home life work life and even vacation life How do you get a good guide in a Moroccan bazaar

Journalism's Roving Eye John Maxwell

Hamilton,2011-08-15 In all of journalism nowhere are the stakes higher than in foreign news gathering For media owners it is the most difficult type of reporting to finance for editors the hardest to oversee Correspondents roaming large swaths of the planet must acquire expertise that home based reporters take for granted facility with the local language for instance or an understanding of local cultures Adding further to the challenges they must put news of the world in context for an audience with little experience and often limited interest in foreign affairs a task made all the more daunting because of the consequence to national security In Journalism s Roving Eye John Maxwell Hamilton a historian and former foreign correspondent provides a sweeping and definitive history of American foreign news reporting from its inception to the present day and chronicles the economic and technological advances that have influenced overseas coverage as well as the cavalcade of colorful personalities who shaped readers perceptions of the world across two centuries From the colonial era when newspaper printers hustled down to wharfs to collect mail and periodicals from incoming ships to the ongoing multimedia press coverage of the Iraq War Hamilton explores journalism s constant and not always successful efforts at dishing the foreign news as James Gordon Bennett put it in the mid nineteenth century to describe his approach in the New York Herald He details the highly partisan coverage of the French Revolution the early emergence of special correspondents and the challenges of organizing their efforts the profound impact of the non yellow press in the run up to the Spanish American War the increasingly sophisticated machinery of propaganda and censorship that surfaced during World War I and the golden age of foreign correspondence during the interwar period when outlets for foreign news swelled and a large number of experienced independent journalists circled the globe From the Nazis intimidation of reporters to the ways in which American popular opinion shaped coverage of Communist revolution and the Vietnam War Hamilton covers every aspect of delivering foreign news to American doorsteps Along the way Hamilton singles out a fascinating cast of characters among them Victor Lawson the overlooked proprietor of the Chicago Daily News who pioneered the concept of a foreign news service geared to American interests Henry Morton Stanley one of the first reporters to generate news on his own with his 1871 expedition to East Africa to find Livingstone and Jack Belden a forgotten brooding figure who exemplified the best in combat reporting Hamilton details the experiences of correspondents editors owners publishers and network executives as well as the political leaders who made the news and the technicians who invented ways to transmit it Their stories bring the narrative to life in arresting detail and make this an indispensable book for anyone wanting to understand the evolution of foreign news gathering Amid the steep drop in the number of correspondents stationed abroad and the recent decline of the newspaper industry many fear that foreign reporting will soon no longer exist But as Hamilton shows in this magisterial work traditional correspondence survives alongside a new type of reporting Journalism s Roving Eye offers a keen understanding of the vicissitudes in foreign news an understanding imperative to better seeing what lies ahead **The Unknown Henry Miller** Arthur Hoyle,2016-08-02 Henry Miller was one of the most distinctive voices in twentieth century literature yet he

remains misunderstood Better known in Europe than in his native America for most of his career he achieved international success and celebrity during the 1960s when his banned Paris books beginning with *Tropic of Cancer* were published here and judged by the Supreme Court not to be obscene *The Unknown Henry Miller* recounts Miller's career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur California from 1944 to 1961 during which he wrote many of his most important books including *The Rosy Crucifixion* trilogy married and divorced twice raised two children painted watercolors and tried to live out a credo of self realization Written with the cooperation of the Henry Miller and Ana's Nin estates *The Unknown Henry Miller* draws on material previously unavailable to biographers including interviews with Lepska Warren Miller's third wife Behind the bad boy image Arthur Hoyle finds a man whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years and he makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Henry Miller Robert Cross,1991 Contemporary World Fiction Juris Dilevko,Keren Dali,Glenda

Garbutt,2011-03-17 This much needed guide to translated literature offers readers the opportunity to hear from learn about and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions In a globalized world knowledge about non North American societies and cultures is a must *Contemporary World Fiction A Guide to Literature in Translation* provides an overview of the tremendous range and scope of translated world fiction available in English In so doing it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions Within the guide approximately 1 000 contemporary non English language fiction titles are fully annotated and thousands of others are listed Organization is primarily by language as language often reflects cultural cohesion better than national borders or geographies but also by country and culture In addition to contemporary titles each chapter features a brief overview of earlier translated fiction from the group The guide also provides in depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions

Teaching Beauty in DeLillo, Woolf, and Merrill J.

Green-Lewis,M. Soltan,2008-04-14 What happened to beauty How did the university literature classroom turn into a seminar on politics Focusing on such writers as Don DeLillo Virginia Woolf and James Merrill this book examines what has been lost

to literature as a discipline and to literary criticism as a practice as a result of efforts to reduce the aesthetic to the ideological Green Lewis and Soltan celebrate the return of beauty as a subject in its own right to literary studies a return all the more urgent given beauty's ability to provide not merely consolation but a sense of order and control in the context of a threatening political world

Larry Michael Haag,2025-07-03 Highly readable and elegant Spectator Lawrence Durrell was unquestionably one of the most distinctive original and compelling literary figures of his age From his childhood in India and Burma to his bohemian youth in London and Paris from his madcap scheme to move his family to Corfu to the formative war years spent in Alexandria this masterful and richly detailed biography is essential reading to understand the man and the writer In Larry Michael Haag the world's foremost expert on the Durrells brought together his unrivalled knowledge and first hand meetings with the Durrell family and associates to offer the definitive account of the young Lawrence and the real life settings and stories that inspired his acknowledged masterpiece *The Alexandria Quartet*

The Mystery of Things A.C. Grayling,2010-12-09 Following the huge success of *THE MEANING OF THINGS* and *THE REASON OF THINGS* a third collection of bestselling essays from Britain's top philosopher Human genius has done much and promises much in the way of removing the mystery from many things in our world at the same time it recognises and honours the mystery in things too In this collection A C Grayling extends the range of his previous two books to show how much understanding people can gain about themselves and their world by reflecting on the lessons offered by science the arts including literature and history Covering subjects as diverse as Jane Austen's *EMMA* the Rosetta Stone Shakespeare the Holocaust quantum physics Galileo and even alien abductions A C Grayling's latest collection is a rich source for reflection and contemplation over the mysteries of life

Listen to Your Footsteps Kojo Baffoe,2021-06-01 Kojo Baffoe embodies what it is to be a contemporary African man Of Ghanaian and German heritage he was raised in Lesotho and moved to South Africa at the age of 27 Forever curious Kojo has the enviable ability to simultaneously experience moments intimately and engage people and their views sincerely while remaining detached enough to think through his experiences critically He has earned a reputation as a thinker someone who lives outside the box and free of the labels that society seeks to place on us *Listen to Your Footsteps* is an honest and at times raw collection of essays from a son a father a husband a brother and a man deeply committed to doing the internal work Kojo reflects on losing his mother as a toddler being raised by his father forming an identity living as an immigrant his tussles with substance abuse as well as his experiences of fatherhood marriage and making a career in a fickle industry He gives an extended glimpse into the experiences that make boys become men and the battles that make men discover what they are made of all the while questioning what it means to be a man

The Beat Generation FAQ Rich Weidman,2015-09-01 *The Beat Generation FAQ* is an informative and entertaining look at the enigmatic authors and cutting edge works that shaped this fascinating cultural and literary movement Disillusioned with the repression and conformity encompassing post World War II life in the United States the Beat writers sought creative alternatives to the mind numbing banality of modern culture

Beat Generation writers were no strangers to controversy Both Allen Ginsberg s prophetic William Blakean style poem Howl 1956 and William S Burroughs groundbreaking novel Naked Lunch 1959 led to obscenity trials while Jack Kerouac s highly influential novel On the Road 1957 was blamed by the establishment for corrupting the nation s youth and continues to this day to serve as a beacon of hipster culture and the bohemian lifestyle The Beat writers shared a vision for a new type of literature one that escaped the boundaries of academia and employed an organic use of language inspired by the spontaneity and improvisational nature of jazz music and abstract expressionism Kerouac coined this writing style spontaneous prose In search of deeper meaning Beat Generation writers experimented not only with language but also with spirituality art drugs sexuality and unconventional lifestyles Although the movement as a whole flamed out quickly in the early 1960s replaced by the onset of the hippie counterculture the Beats made an indelible mark on the nation s consciousness and left a long lasting influence on its art and culture This book details the movement its works creative forces and its legacy

Author Fictions Ingo Berensmeyer,2023-10-04 Fictional novelists and other author characters have been a staple of novels and stories from the early nineteenth century onwards What is it

that attracts authors to representing their own kind in fiction *Author Fictions* addresses this question from a theoretical and historical perspective Narrative representations of literary authorship not only reflect the aesthetic convictions and social conditions of their actual authors or their time they also take an active part in negotiating and shaping these conditions The book unfolds the history of such author fictions in European and North American texts since the early nineteenth century as a literary history of literary authorship ranging from the Victorian bildungsroman to contemporary autofiction It combines rhetorical and sociological approaches to answer the question how literature makes authors Identifying author fictions as narratives that address the fragile material conditions of literary creation in the actual and symbolic economies of production Ingo Berensmeyer explores how these texts elaborate and manipulate concepts and models of authorship This book will be relevant to English American and comparative literary studies and to anyone interested in the topic of literary authorship
