Mafia Brotherhoods : Organized Crime, Italian Style Freiburg and Lecturer in the Department of Sociology Constance University Letizia Paoli Senior Research Fellow in the Department of Criminology at Max Planck Institute for Foreign and International Criminal Law, 2003-10-23 Secrecy is one of the defining characteristics of the Italian Mafia Wiretaps financial records and the rare informant occasionally reveal its inner workings but these impressions are all too often spotty and fleeting hampering serious scholarship on this major form of criminal activity During her years as a consultant to the Italian government agency responsible for combating organized crime Letizia Paoli was given unparalleled insider access to the confessions by pentiti literally repentants former Mafia operatives who had turned This mafia hard core came primarily from the two largest and most influential Southern Italian mafia associations known as Cosa Nostra and Ndrangheta each composed of about one hundred mafia families The sheer volume of these confessions numbering in the hundreds and the detail they contained enabled the Italian government to effectively break up the Italian mafia in one of the dramatic law enforcement successes in modern times It is on these same documents that Paoli draws to provide a clinically accurate portrait of mafia behavior motivations and structure Puncturing academic notions of a modernized Mafia Paoli argues that to view mafia associations as bureaucracies illegal enterprises or an industry specializing in private protection is overly simplistic and often inaccurate These conceptions do not adequately describe the range of functions in which the mafia engages nor do they hint at the mafia's limitations The mafia Paoli demonstrates are essentially multifunctional ritual brotherhoods focused above all on retaining and consolidating their local political power base It is precisely this myopia that has prevented these organizations from developing the skills needed to be a successful and lasting player in the entrepreneurial world of illegal global commerce A truly interdisciplinary work of history politics economics and sociology Mafia Brotherhoods reveals in dramatic detail the true face of one of the world's most mythologized criminal organizations

The Entity Eric Frattini, 2024-07-02 International Bestseller Meticulously documented Frattini gives us an exclusive look at the hidden face of the papacy revelations that send a chill up the spine Le Monde For five centuries the Vatican the oldest organization in the world maker of kings and shaper of history has used a secret spy service called the Holy Alliance or later the Entity to carry out its will Forty popes have relied on it to carry out their policies They have played a hitherto invisible role confronting de Christianizations and schisms revolutions and dictators colonizations and expulsions persecutions and attacks civil wars and world wars assassinations and

kidnappings For the first time in English following the bestselling Spanish and French editions Eric Frattini tells the comprehensive tale of this sacred secret service The Entity has been involved in the killings of monarchs poisonings of diplomats financing of South American dictators protection of war criminals laundering of Mafia money manipulation of financial markets provocation of bank failures and financing of arms sales to combatants even as their wars were condemned all in the name of God The contradiction between God s justice and Earth s justice Christian beliefs and Christian power all fall before the motto of the Entity With the Cross and the Sword A true story that surpasses any novel by John le Carr El Pa s Spain An investigation worthy of a Pulitzer Frattini puts all the secrets of the Vatican out on the table Di rio de Not cias Portugal A devastating book Valeurs France A must read El Universal Mexico

Italy from Crisis to Crisis Matthew Evangelista, 2017-12-01 Italy from Crisis to Crisis seeks to understand Italy s approach to crises by studying the country in regional international and comparative context Without assuming that the country is abnormal or unusually crisis prone the authors treat Italy as an example from which other countries might learn The book integrates the analysis of domestic politics and foreign policy including Italy s approach to military interventions energy security economic relations with the European Union EU and to the NATO alliance and covers a number of issues that normally receive little attention in studies of high politics such as information policy national identity immigration youth unemployment and family relations Finally it puts Italy in a comparative perspective with other European states naturally but also with Latin America and even the United States all countries that have experienced similar crises to Italy s and similar often populist responses This text will be of key interest to scholars and students of and courses on Italian politics and history European politics and more broadly comparative politics and democracy

The Liberty of Servants Maurizio Viroli, 2011-09-19 A compelling look at how a people can be unfree even though they are not oppressed Italy is a country of free political institutions yet it has become a nation of servile courtesans with Silvio Berlusconi as their prince This is the controversial argument that Italian political philosopher and noted Machiavelli biographer Maurizio Viroli puts forward in The Liberty of Servants Drawing upon the classical republican conception of liberty Viroli shows that a people can be unfree even though they are not oppressed This condition of unfreedom arises as a consequence of being subject to the arbitrary or enormous power of men like Berlusconi who presides over Italy with his control of government and the media immense wealth and infamous lack of self restraint Challenging our most cherished notions about liberty Viroli argues that even if a power like Berlusconi s has been established in the most legitimate manner and people are not denied their basic rights the mere existence of such power makes those subject to it unfree Most Italians following the lead of their elites lack the minimal moral qualities of free people such as respect for the Constitution the willingness to obey laws and the readiness to discharge civic duties As Viroli demonstrates they exhibit instead the characteristics of servility including flattery blind devotion to powerful men an inclination to lie obsession with appearances imitation buffoonery acquiescence and docility Accompanying these traits is a marked arrogance

that is apparent among not only politicians but also ordinary citizens **Modern Rome** Italo Insolera, 2019-01-23 After fifty years and fifteen editions and reprints in Italy this classic groundbreaking work in the field of historical urban studies is now published in English A masterful fluent narrative leads the reader through the last two centuries in the history of the Eternal City capital of the Papal State then of the united Italy first under the monarchy and subsequently the republic Rome's chaotic growth and often ineffective urban planning almost invariably overpowered by building speculation can find an opportunity for future redemption in a vibrant multicultural society and the enhancement of an unequalled archaeological heritage with the ancient Appian Way as its spine With respect to the last Italian edition of 2011 the volume is updated enriched in text indexes maps and photographs Historians urban planners architects decision makers university students and anyone who is interested in one of the world's most intriguing cities will enjoy this book Storia criminale Enzo

Cicconte, 2019-05-15 T00:00:00+02:00 La storia criminale di mafia ndrangheta e camorra costituisce un fenomeno unitario finora mai raccontato Il libro mette in luce somiglianze e differenze tra le tre organizzazioni nonché il ruolo da esse svolto in determinati momenti della storia d'Italia Particolare attenzione dedicata alle origini delle mafie e alle loro successive trasformazioni all'importanza delle gerarchie delle cerimonie di affiliazione e dei regolamenti interni Vengono passate in rassegna e analizzate le attività criminali dai traffici internazionali di droga ai sequestri di persona dai rapporti con la politica a quelli con il mondo dell'economia e dell'industria L'autore spiega infine le ragioni del successo di questo modello di organizzazione mafiosa su tutti gli altri e della sua eccezionale capacità di resistere alle trasformazioni sociali e all'azione di contrasto delle forze dell'ordine e della magistratura On Rules Gherardo Colombo, 2015-11-13

When talking about justice we mean more than its day today administration involving official institutions and those most affected We also refer to an ideal a set of basic values which guide living together and infuse the distribution of rights and duties options and obligations freedoms and restrictions Losing this reference point means the administration of justice will suffer too by having lost its sense of direction With thirty years experience in the Italian judiciary and dozens of influential judicial inquiries to his name Gherardo Colombo reflects on the culture of justice and the profound meaning of rules Without respecting rules we cannot live in society **La via italiana alla democrazia** Paolo Soddu, 2017-01-12 T00:00:00+01:00

All'inizio del 2013 si sono verificati due eventi inediti la rielezione a capo dello Stato di Giorgio Napolitano e il successo elettorale del Movimento 5 Stelle Questi due fatti hanno segnato una cesura che ha concluso il Novecento politico degli italiani A partire da questa novità interpretativa l'autore ripercorre l'intera storia repubblicana Ricostruisce tra l'altro i modi con cui le famiglie politiche hanno concorso all'organizzazione del potere e alla vita collettiva realizzando una prima socializzazione politica di massa E come pur essendo i soggetti fondatori della democrazia e della sua stabilità siano pressoché scomparse
